

SERVING THE FPS WELLNESS CLINIC

Meet Your Patient Advocate

Michelle Doneis, MSW, APSW

Patient Advocate

Michelle received her bachelor's degree in human services management from Cardinal Stritch University and earned her master's degree in social work from Loyola University Chicago. She is a member of the National Association of Social Workers and attends their annual conference for continued education.

With fifteen years of experience in social work, Michelle has served patients in a variety of settings, including clinical care, inpatient mental health hospitals, dialysis, hospice, adolescent day treatment, and adolescent behavioral health programs.

Get to Know Michelle

How does a Patient Advocate serve the Health Center?

Patient Advocates help patients navigate the healthcare system and engage in their care journey, partnering with them every step of the way to ensure they have the information and resources available to make informed healthcare choices.

What is your care philosophy?

My care philosophy is to always meet my patients where they are and empower them in their care journey.

What might we find you doing in your spare time?

Outside of work, I spend time with my family and friends, especially my father, who lives with me. I also love doing puzzles, diamond art, crafts, bowling, darts, and playing pool!
