1. Narrative description of the Prop 28 arts education program(s) funded. (2500 character limit).

Elementary School Visual and Performing Arts-Music Instruction: Four (4) professional musicians were funded through AMS to teach weekly music classes during the day to all elementary students at each of our 8 elementary schools; these same teachers provided after school music and dance classes to 5th/6th graders; AMS was also used to purchase and/or rent the instruments and music materials and supplies necessary for these classes. Middle School Visual and Performing Arts-Theatre Arts: AMS funded two (2) full-time staff to support the growing middle school visual and performing arts program: one full-time theatre arts certificated teacher was shared between Hollencrest Middle School and Walnut Grove Intermediate school; and one full-time classified accompanist was shared between four secondary schools, two of which were middle schools: Hollencrest Middle School and Edgewood Middle School. High School Visual and Performing Arts: The full-time classified accompanist shared at Hollencrest Middle School and Edgewood Middle School also supported West Covina High School and Edgewood High School. AMS funding was also used to support instruction and 26 walk-on coaches to provide specialized support and instruction and expertise for students in the Performing Arts Academy at West Covina High School. Non-staff expenditures included technology purchases such as Apple devices and iPad accessories to support student learning and instructional delivery in digital arts courses. Additional purchases focused on strengthening music and performance programs through the acquisition of replacement woodwind and brass instruments, and purchasing equipment for the new Performing Arts Center (e.g. audio equipment, microphones, speakers, piano transport equipment, and protective audio gear cases). Supplies and equipment were also purchased to support visual arts, dance, and performance activities, including travel, and portable room dividers to create flexible instructional and rehearsal spaces. Secondary Speech and Debate Program: AMS funded a portion of a consultant to provide expertise in coaching to our middle and high school students. These funds also helped fund travel to tournaments and teacher coach stipends.
