

Crowley ISD Points of Pride

Thursday, May 28, 2026

1. Special Education Prom

On Saturday, May 2, the Special Services Department hosted its annual high school prom at Summer Creek Middle School. The prom was for grades 10th through Adult Transition and this year's theme was "The Diamond of the Season." The students enjoyed the night with dinner, dancing and fun! It was an amazing time for everyone and a night to remember!

2. Faith-Based Lunch

We're grateful for the strong support of our community partners. On Tuesday, May 12, the district hosted a luncheon for our faith-based leaders from across the area to connect, collaborate and share the many ways they are making a positive impact in our schools. Thank you all for the work you are doing for our students, families and staff.

3. Faces of Excellence

I'm excited about **Faces of Excellence**, our latest social media campaign for Crowley ISD, as a new recognition honoring the students, staff and community members who make Crowley ISD exceptional. So far, we've shined the spotlight on:

Sonya Allen and Stephanie Sapp for their work with the monthly food bank, Officer Alejandro Mendoza, teachers Latisha Gaines and Bridgette Harris, afterschool program leader Debra Kneeland and CCA student Julie Rojas.

Visit the Crowley ISD web site to make your nomination today!

4. Graduation

We want to thank everyone for helping to create the incredible experience last weekend as we celebrated the Class of 2026 from Crowley and North Crowley high schools. In total, we welcomed more than **10,000 families and friends** into Crowley ISD Multi-Purpose Stadium and we delivered **1,335 diplomas** between the two schools, marking the **largest graduating class** in Crowley ISD history.

This doesn't happen without our amazing leadership and support teams from the high school campuses, Central Administration, maintenance and operations and more. Thank you for your commitment to always making every event excellent for our students, families and community.

5. CCMR

We are proud to celebrate an extraordinary milestone for the Class of 2026 tonight, as 99% of the seniors achieved College, Career, and Military Readiness (CCMR) this year. That stat is a reflection the collective commitment of our students, staff, families and community to ensuring every student graduates truly Future Ready.

This achievement represents not only academic excellence, but also the power of intentional systems, strong partnerships and a shared belief that every student deserves access to opportunities that prepare them for success beyond high school. Great job seniors!

6. Summer in Crowley ISD

Summer is an exciting time in Crowley ISD! Our district is offering athletics, fine arts and academic experiences designed to help students learn new skills, stay active and have fun all summer long.

Also - Don't miss free, nutritious summer meals for children (ages 18 and under) at convenient locations across our district, helping students stay fueled, healthy and ready to learn all summer long.

Visit our web site to learn more!

7. Summer IXL Challenge

After a successful reading challenge in April, Crowley ISD is launching the **IXL Summer Boost Challenge** to keep students engaged in learning throughout the summer. Students from kindergarten to high school can login to IXL from home throughout the summer to strengthen their skills, stay ready for the next school year and climb the leaderboard! The challenge begins this Monday, June 1, and runs through August 7, so you'll have plenty of opportunity to stay engaged with us this summer!
