Goal 7 Action Plan Year 2 Priorities – 2025-2026

Call to Action:

Katy ISD learners, through active engagement, achieve individual success while making positive contributions in an ever-changing world.

Goal 7:

Katy ISD will continually identify, address, and communicate the ongoing challenges in the public-school finance system.

Specific Result 7.3:

Evaluate expanding Katy ISD's ability to take advantage of tuition-based opportunities for non-enrolled students.

Summary Report:

With the launch of Legacy Virtual High School, Katy ISD has expanded virtual programming to include tuition-based opportunities to non-enrolled students beginning with 32 Summer 2026 course offerings. These courses include the following options:

- 15 Advanced Placement Courses
- 2 Career and Technical Education Courses
- 3 Elective Courses
- 1 Fine Arts Course
- 3 English Language Arts Courses
- 1 Math Course
- 7 Social Studies Courses

Beginning Fall 2026, the full range of virtual course offerings (80+) available through Legacy Virtual High School will be available to non-enrolled students. Fees for non-enrolled students are \$400 per semester course (\$250 for in-district students).

Additionally, Katy ISD has engaged in both indirect and direct marketing to non-enrolled students to enroll in Legacy Virtual High School either for full-time enrollment or supplemental course work. This includes mailers, text messaging, digital marketing, bus advertisements, and video messaging.

Finally, Katy ISD is actively creating partnerships with both public and non-public schools to offer tuition-based course offerings to their students. These virtual course offerings are available for tuition to individual students or to schools who cannot offer these courses with their available staff. This would open courses available for purchase to students and families who do not have local options for coursework, especially highly specialized and Advanced Placement courses.
