

## Company Tour Research Activity

Complete the following research assignment as part of your preparation for your upcoming company tour experience. This research will be the basis for in-class discussion and presentation prior to the experience.

|                                                                                                              |
|--------------------------------------------------------------------------------------------------------------|
| Student Name:                                                                                                |
| Company you'll visit on your workplace tour:                                                                 |
| Company's web address:                                                                                       |
| Company's physical address:                                                                                  |
| Company's mission statement:                                                                                 |
| What is the company's primary business?                                                                      |
| What departments exist within the company?                                                                   |
| What companies do you think are in competition with your company tour company?                               |
| After researching the company, what are some questions that you will ask your company tour host?             |
| Based on your research, what do you think you will like most about your company tour experience?             |
| If you could come away from the career tour experience having learned one thing, what would that be?         |
| Anything else you learned while doing your research that you'd like to share with your teacher or the class? |
