To the parents/guardians of: _____ Date: _____

Your student is eligible to earn mastery based high school credit.

Per Washington Administrative Code 180-51-051 and Renton School District Board Policy #2410P, districts may award credit for a course when the student successfully completes the next higher-level course in a sequence that includes a natural progression of the state learning standards from the previous course. Only a grade of "P" will be awarded.

Benefits of this policy include the ability to continue to progress on your academic path and have greater choices in future years or ensure that you meet all state graduation requirements. Drawbacks of this policy include possible future implications when the transcript is reviewed by colleges that include unexplained gaps as well as possible gaps in student subject knowledge. NCAA core course requirement rules allow "nontraditional" courses but courses completed through credit-by-exam cannot be used in an initial-eligibility certification. The NCAA Eligibility Center will convert a grade "P" to the lowest passing grade for your school, which is a "D" in the Renton School District.
