What is Attendance For Credit (AFC)?

In the State of Texas, students must attend at least **90% of the days each class is offered** in a semester. This means students may have **no more than 5 absences per class**.

If a student exceeds this limit, they will **lose credit for that class**, regardless of their grade.

To regain credit, students must participate in the **Attendance for Credit (AFC)** process. This provides an opportunity to make up instructional time and restore the lost credit.

How To Recover Your Credits

Complete the required number of hours based on absences.

AND

Pass the class with a 70% or above.

Note: If you complete your hours but continue to accumulate absences, you will have additional hours to make up.
