EXECUTIVE

SUMMARY

EXECUTIVE SUMMARY

California school districts are required to adopt annual financial budgets to estimate the following year revenues and expenditures by June 30. The Oakdale Joint Unified School District (OJUSD) has completed the internal budgeting process for the 2026-27 fiscal year. School principals, program managers, and directors have provided input for their individual areas of responsibility, which has been consolidated to make the 2026-27 Oakdale Joint Unified School District's Annual Budget. The budget reflects the Local Control Funding Formula (LCFF) assumptions based on the 2026-27 Governor's May Revision Budget Proposal, and represents the estimated actuals as of the 2025-26 Estimated Budget. Oakdale Joint Unified School District's Annual Budget incorporates the Board of Trustees priorities and is reflected in the Local Control Accountability Plan (LCAP).

The 2026-27 Annual Budget is available for public viewing. It is also a legal requirement that a public hearing being held to allow public input before the Annual Budget is adopted by the Board of Trustees. The public hearing took place on May 11, 2026. The budget is a "living" document – likely to change over the course of the year. Changes that occur at the state level and/or through the unaudited actuals process will be brought before the Board for approval as the year progresses.

About the District

Oakdale Joint Unified School District educated 5,061 students as of October 2025 in its four elementary schools, one junior high school, one comprehensive high school, two alternative education sites, and through a charter school. OJUSD employs 551 full-time equivalent (FTE) employees to serve its students.

OJUSD is governed by a five-member Board of Trustees representing the City of Oakdale, as well as the communities of Valley Home and Knights Ferry for a total area of 342 square miles. Oakdale Joint Unified School District truly believes in their motto: "Teach, Learn, Every Day, No Excuses!"

Below is a brief summary of OJUSD Financials for 2026-27 and the following two years based on the Governor's 2026-27 May Revision Budget Proposal.

Revenues

The District is anticipating receiving \$64.8 million in LCFF revenue from the State. Effective 2022-23 school year, school districts are funded on the higher of current year average daily attendance, prior year average daily attendance, or three-year average attendance. For the 2026-27 school year, OJUSD is anticipating to be funded on the average of the past three years' attendance as we are continuing to see a 1% decline in enrollment per year.

All other revenue is estimated to remain flat from 2025-26 after removing prior year carryover and other one-time funds. The total anticipated revenue for Oakdale Joint Unified School District is \$85.6 million.

Expenditures

The District is projecting only slight changes overall on its certificated and classified salaries. Included in salaries are step and column increases. Benefits changed slightly due to a lower CalPERS rate. Books and Supplies, Other Services & Operating Expenditures, and Capital Outlay include all estimated expenses for 2026-27 that are known, including a significant increase in insurance costs due to AB 218. Total anticipated expenditures for Oakdale Joint Unified School District is \$87.4 million.

Fund Balance

The District is anticipating a projected 2026-27 Beginning Fund Balance of \$25.2 million and an Ending Fund Balance of \$23.1 million. This means the district is projected to have a net deficit of \$2.1 million. The estimated Ending Fund Balance is made up of \$16,331 in Non-spendable, \$4.1 million Restricted, and \$11 million in Committed Funds. This leaves a projected unassigned fund balance of \$7.9 million. State law requires that we set aside 3% of our expenditures for economic uncertainty, which equates to \$2.6 million in 2026-27. OJUSD's total unassigned Fund Balance (including the required 3%) is 9.0% of our expenditures for 2026-27.

Multiyear Projection

Using the Governor's May Revision Budget proposal estimates from the Department of Finance, Oakdale Joint USD is anticipating LCFF revenue to increase by a cost of living adjustment. However, LCFF revenue is dependent on attendance, which currently is estimated at a 1% decline each year going forward. Expenditures include estimated step and column on salaries at \$644,369 and statutory increase of \$181,806 annually. Based on current estimates, OJUSD will have a deficit of \$1.5 million in 2027-28 and will have an additional deficit in 2028-29. The District's future revenue is dependent on the State Enacted Budget, as well as, student enrollment and attendance rate in 2026-27.

Conclusion

After the State enacts its 2026-27 budget, adjustments will be made to OJUSD's current year budget and multiyear projection based on the new information. The largest change to the multiyear projection will occur after enrollment and attendance is confirmed for 2026-27, which is will impact future funding.

Leadership in Oakdale Joint Unified School District

Definition of an Oakdale Leader:

Too many people think of leaders as simply managers, politicians, or controllers. These roles do not make a leader. A leader is someone who leads by doing and has the integrity to take the right action even when that action is not popular. A leader has a positive influence over others, challenges others to become stronger and better, and is a role model, giving others someone to emulate. Leaders have a strong work ethic and inspire others to have the same; they have self-discipline and the will to continue learning; they have competitive drive and pursue goals that are greater than any individual. Leaders value people. They strive to build up those around them and inspire those around them to take similar action. While management, diplomacy, and an eye for detail are all components of leadership, leaders are so much more. Leaders see the big picture, the greater good, and they strive to take the organization and the people within the organization to the next level with integrity, courage, and vision.

12 Leadership Traits

1. **INTEGRITY** --Be a person of your word. Be honest in all dealings. Always demonstrate a strong moral compass.
2. **TRUST** --Be a person who can always be counted on. Keep your own counsel on confidential matters. Don't self-promote to the detriment of others.
3. **LOYALTY** --Be devoted to the district's desire to create a learning environment that educates the head, heart and hand. Be faithful and committed to helping our entire leadership team become more effective. Believe in our system.
4. **COURAGE** --Display grit in the face of adversity and conflict. Make sound, timely and thoughtful decisions. Be brave enough to develop an effective course of action independent of popularity
5. **ACCOUNTABILITY** --Take ownership of your actions and performance. Be responsible and do not make excuses. If you need help, ask for help. Complete all tasks with a high degree of professionalism.
6. **GROWTH MINDSET** --Be totally committed to improvement on a daily basis. Demonstrate a desire to continually gain knowledge. Apply and share your knowledge in ways that strengthen our district.
7. **VISION** --Evaluate what we in the district are doing well and where we as a district are underperforming. Create a plan of action that further augments our areas of high performance and builds our weaknesses into strengths. Stay current.
8. **PASSION** -Demonstrate resolve and enthusiasm in helping our leadership team, students, and staff pursue excellence.
9. **SELF-DISCIPLINE** --Do what needs to be done. Start and finish all tasks with a sense of urgency, even those tasks you don't enjoy. When leading, always demonstrate the work ethic needed to be prepared for all tasks.

ORGANIZATIONAL SECTION

10. AUTHENTICITY --Be genuine and stay true to who you are as well as to the core values and vision of our district. Be human, have fun, laugh. None of us are perfect.
11. EMBRACE COMPETITION --Strive to get measurably better in all areas of your life. Compete with others in authentic and ethical ways. Compete with yourself. Put yourself in situations that challenge you to raise your personal bar of performance.
12. BUILD RELATIONSHIPS --Value all people. Listen. Communicate clearly, openly, and in person. Be humble and respectful to all.

LOCAL CONTROL ACCOUNTABILITY PLAN (LCAP) 2026-27

According to the California Department of Education, “The LCAP is a three-year plan that describes the goals, actions, services, and expenditures to support positive student outcomes that address state and local priorities.” Below are the LCAP goals for OJUSD.

Goal 1: OJUSD will provide a K-12 continuum of academic excellence, producing graduates who are college and/or career-ready.

This goal is intended to impact every student in every grade in every curricular area. Dynamic instruction in the delivery of rigorous curriculum is supported via the expectation that site administrators, district administrators, and other teachers visit Oakdale classrooms on a regular basis to provide support and celebrate best practices. Professional Learning Communities at both the site and district level provide ongoing data-informed conversations focused on continual refinement of instruction.

Goal 2: OJUSD will provide strategic and accelerated intervention in academics, mental health, and behavioral health for identified at-risk students, including but not limited to Students with Disabilities (SWD), English Learners (ELs), foster youth, and socio-economically disadvantaged (SED) students.

This goal is intended to support student groups demonstrating a gap as measured by California State Dashboard Indicators and local metrics. Student groups requiring support include 1. At-risk general education students; 2. English Learners not making progress toward English proficiency; and, 3. Students with mental health and behavioral health concerns. Program oversight is essential and will be provided as follows: 1. At-risk general education intervention oversight is provided by the Learning Lab/Intervention Coordinators and Learning Lab Staff during quarterly meetings; 2. English Learner program oversight is provided by the English Learner Program Committee and DELAC; and 3. Mental and behavioral health support oversight is provided by the Pupil Services Dept., including behaviorists, school psychologists, and Student Assistance Providers (SAPs). All program oversight committees will continue to inform the implementation of annual action plans while informing the development of future actions.

Goal 3: OJUSD will maintain facilities, transportation services, and a technology infrastructure supporting a well-equipped, safe, and secure learning environment for all students and educational partners.

Student safety will always be the District’s top priority. Site Safety Plans and the District’s Crisis Response Plan are reviewed and revised as necessary each year. The Superintendent works with local law enforcement and fire safety to ensure rapid response. OJUSD strives to provide excellent facilities. The facilities committee continues to prioritize new goals and projects throughout the district with the task of ensuring equitable facilities across all sites and excellence of appearance at all school campuses. The expectation is for all OJUSD campuses to be well-maintained, for students to have safe and positive experiences with transportation, and for everyone in OJUSD to experience a secure and disruption-free technology infrastructure.

The purpose of CALPADS is to collect data about all schools and districts in the state of California at the same point in time each year. ACCOUNTING POLICIES

The District's accounting policies conform to generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board (GASB). The District accounts for its financial transactions in accordance with the policies and procedures of the California School Accounting Manual.

The Stanislaus County Office of Education (SCOE) has fiscal oversight of Oakdale Joint Unified School District and 25 other public-school districts in Stanislaus County. The District must submit its annual budget, first interim budget, second interim budget, and final actual financial reports to SCOE for review and approval.

Additionally, the District runs its payroll and accounts payable warrants through SCOE whom audits these transactions before the warrants are processed. The regular monitoring by SCOE helps maintain fiscal integrity and complying with State fiscal requirements. The following is a summary of the significant accounting policies.

Fund Accounting

The accounts of the District are organized on the basis of funds, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures. District resources are allocated to and accounted for in individual funds based upon the purpose for which they are to be spent and the means by which spending activities are controlled. The District's accounts are organized into three broad categories which, in aggregate, include twelve (12) funds.

Governmental Fund Types

A. General Fund (01)

- a. General Fund – Fund 01 is the general operating fund of the District; basically, for the 'day-to-day' operations. The District's General Fund is divided into two sections: unrestricted and restricted. Restricted funds are monies received by the District that are categorical in nature, i.e. they can only be used for the purpose prescribed by the funding agency. Unrestricted funds are monies available for use at the District's discretion to meet the mission and goals of the District.

B. Special Revenue Funds (09-20):

- a. **Charter School - Fund 09** is required by the California Department of Education (CDE) to account for the operations of LEA-operated charter school.
- b. **Cafeteria - Fund 13** is required by the CDE to account for all revenues and expenditures related to the operations of the District's comprehensive food service program.
- c. **Deferred Maintenance – Fund 14** is used primarily to provide for major repair or replacement of plumbing, heating, air-conditioning, electrical, roofing, and floor systems in school building.
- d. **Special Reserve Fund for Other Than Capital Outlay Projects – Fund 17** is used primarily to provide for the accumulation of general fund monies for general operating purposes.
- e. **Special Reserve for Postemployment Benefits – Fund 20** is used pursuant to *Education Code* section 42840 to account for amounts the district has earmarked for the future cost of postemployment benefits.

C. Capital Projects Funds (21 -40)

- a. **Building – Fund 21** is used to account for the proceeds from the sale of bonds.
- b. **Capital Facilities - Fund 25** is used to account for revenues received from Developer (School Impact) Fees and expenditures related to the impact development has on a school district.
- c. **Special Reserve Fund for Capital Projects - Fund 40** is used to account for the accumulation of general fund moneys for capital outlay purposes.

D. Debt Service Fund (51)

- a. **Bond Interest & Redemption - Fund 51** is used for the repayment of bonds issued by the District along with the associated bond interest payments.

E. Enterprise Fund (63)

- a. **Other Enterprise – Fund 63** is used to account for the district's before school program called ASPIRE.

F. Fiduciary Funds (73)

- a. **Foundation Private Purpose Trust – Fund 73** is used to account separately for gifts per *Education Code* section 41031 that benefits individuals and may not be used for District programs.

Fund Balance Categories

Governmental Accounting Standards Board (GASB 54) has defined five categories for reporting ending fund balance. The statement also requires that governmental agencies adopt a fund balance policy that establishes a minimum level at which the fund balance is maintained. The District's current board policy (BP 3100) states "The Board of Education maintains a minimum fund balance policy for the General Fund in order to protect the district against revenue shortfalls or unpredicted one-time expenditures. The policy requires a Reserve for Economic Uncertainties consisting of unassigned amounts and it is the Board's desire to keep this level at 5% of General Fund expenditures and other financing uses, however it shall not be lower than the requirements of 5 CCR 15450."

- a. **Nonspendable** reserve reflects amounts that are not in spendable form, or amounts that are required to remain intact.
- b. **Restricted** fund balance is made up of funds from revenue sources subject to constraints imposed by external resource providers or legislation.
- c. **Committed** fund balance category reflects amounts subject to internal constraints self-imposed by formal action of the Board of Trustees. Once committed, amounts must be used for their intended purpose. Additional formal action is required by the board to remove the constraint.
- d. **Assigned** fund balance is made of funds whose uses are not subject to external or legal constraints and may be used for any purposes not prohibited by law.
- e. **Unassigned / Reserve for Economic Uncertainty** category in the general fund represents the residual balance that is not nonspendable, restricted, committed, or assigned to a specific purpose. It includes the District's reserve for economic uncertainty at five percent (5%) of general fund expenditures, transfers out, and other uses. The District's unassigned fund balance assists the District in 'riding out' difficult financial times; such as a recession, declining enrollment and/or increasing pension costs.

Revenue and Expenditure Accounting

The Oakdale Joint Unified School District records revenues and expenditures in accordance with the California School Accounting Manual as prescribed by California Education Code Section 41010. Revenues are classified by fund and sources.

Within each fund (listed above), revenues are classified by object sources as shown below:

8010–8099	LCFF Sources - the primary source of funding for California school districts. Local Control Funding Formula (LCFF) is a combination of State aid and local property taxes.
8100–8299	Federal Revenue - is revenue received from the federal government.
8300–8599	Other State Revenue - is additional revenue received from the state government.
8600–8799	Other Local Revenue - is revenue received from local sources.
8910–8929	Interfund Transfers In - are flows of assets between funds.
8980–8999	Contributions to Restricted Programs – must net to zero in each fund.

Expenditures are classified by object. The use of object of expenditures enables consistent reporting across districts throughout the state and nation. Within each fund, the major object classifications for expenditures are as shown.

1000–1999	Certificated Personnel Salaries - are salaries for positions that require a credential or permit issued by the Commission on Teacher Credentialing.
2000–2999	Classified Personnel Salaries - are for positions that do not require a credential or permit issued by the Commission on Teacher Credentialing.
3000–3999	Employee Benefits - records employers' contributions to retirement plans and health and welfare benefits.
4000–4999	Books and Supplies - records expenditures for books and supplies, including any associated sales tax or use tax and freight and handling charges.
5000–5999	Services and Other Operating Expenses - records expenditures for services, rentals, leases, maintenance contracts, dues, travel, insurance, utilities, etc.
6000–6999	Capital Outlay - records expenditures for land, buildings and capitalized equipment.
7000–7999	Other Outgo - records expenditures for interagency transfers out and indirect costs.

Additionally, expenditures must be coded to a function. The function describes the activities or services performed in order to accomplish a set of objectives or goal. The major function classifications are as shown below.

1000–1999	Instruction
2000–2999	Instruction—Related Services
3000–3999	Pupil Services
4000–4999	Ancillary Services
5000–5999	Community Services
6000–6999	Enterprise
7000–7999	General Administration
8000–8999	Plant Services
9000–9999	Other Outgo

Budget Development

The Board of Trustees accepts responsibility for adopting a sound budget for each fiscal year which is aligned with the District's mission, vision, goals, and priorities. Per Board Policy, the District budget shall guide administrative decisions and actions throughout the year and shall serve as a tool for monitoring the fiscal health of the District. The District budget shall show a complete plan and itemized statement of all proposed expenditures and all estimated revenues.

Furthermore, community input is sought for the Local Control and Accountability Plan (LCAP) which must be supported by the District's budget. Community forums, meetings at the District level and the school site level with advisory groups, bargaining unit members, students, staff, and parents were held to share and analyze data, gather input and then review and discuss. As a result, Oakdale Joint Unified School District will continue to support four LCAP goals as reflected in the current LCAP.

In October 1991, Governor Wilson signed into law Assembly Bill 1200 which became effective on January 1, 1992, allowing school districts to choose one of two methods for the approval of their local budgets. Oakdale Joint Unified School District Board of Trustees has adopted the single budget adoption process which requires a school district to conduct its public hearing and adopt its final budget by July 1st of each year. The adopted budget is forwarded to the Stanislaus County Office of Education for review and approval. The selection of the single budget adoption process further requires a district to make available for public review, within forty-five (45) days of the Governor's signing of the State Budget, "revisions in revenue and expenditures that reflect the funding made available" by the State Budget Act.

The accuracy of a district's budget projection is only as good as the assumptions that are used in developing the budget numbers. If the assumptions are wrong, so too will be the budget. As a consequence, the assumptions have to be carefully considered in evaluating the accuracy of revenues and expenditures.

Since it is impossible to accurately predict all of the assumptions that are needed in budget development, Oakdale Joint Unified School District updates its budget—and assumptions—as needed throughout the year after the original budget is adopted. The adopted budget, therefore, should be considered a "financial snapshot" on the date it is approved.

Fiscal Accountability

California school districts are required to file two interim financial reports during the year. These reports must be presented to the school board at a public meeting and require board certification and approval. The first report reflects actual data as of October 31st and must be filed within 45 days of that date. The second report reflects actual data as of January 31st and must be filed within 45 days as well. The Stanislaus County Office of Education reviews these reports, makes comments, and files them with the State. The reports include actual revenues and expenditures to date, revised projections for the year, and a two-year future forecast. As part of the report, the District certifies that it is positive, qualified, or negative in meeting its financial obligations in the current and two future years.

School districts are required to publicly disclose the costs associated with tentative collective bargaining agreements with its employee groups. The costs must be disclosed at a public board meeting prior to final ratification of the agreement. Additionally, districts are required to notify the county office of education within 45 days after ratification of any budget revisions made necessary by the terms of that agreement.

ORGANIZATIONAL SECTION

State law requires that an independent certified public accounting firm conduct an audit of the school district each year. The results of that audit are presented to the school board at a public meeting and filed with the State Controller's Office. As a part of the audit, the audit firm works with district staff to compile and present the District's financial statements for the prior year. Districts are required to adjust their financial records to reconcile with the financials presented by the auditor.

Below is a graphical representation of the budgeting / fiscal cycle of a California public school district:

Starting with the District's Second Interim budget report that includes the Governor's proposal for the following year's State budget, the District begins the discussion on staffing levels for each school. As OJUSD has only recently begun experiencing a decline in enrollment, the staffing levels have been relatively maintained for the District's school sites.

Next, Principals are given their Site Discretionary, LCFF Supplemental, and Title I projected allocations based on prior year enrollment and unduplicated pupil percentage. Principals use these allocations to determine what goals they will establish and fund as part of their School Site Plan for Student Achievement (SPSA), which are in-line with the District's LCAP goals.

In February and March of each year, surveys and committee meetings are held to review the initial LCAP for the following year. In May, a public hearing is held during a Board meeting to allow community and other individuals an opportunity to discuss the District's LCAP. Final adjustments are made and presented to the Board for approval in June along with the Annual Budget, which is a numerical reflection of the District's LCAP priorities.

FINANCIAL

SECTION

FINANCIAL NARRATIVE

Local Educational Agencies (LEAs) are required to adopt a budget prior to July 1 of each year in order to authorize the expenditure of funds. The annual budget is only an initial blueprint for revenues and expenditures since the preparation of a LEA's annual budget occurs before the State has enacted its budget, and before actual expenditures are known for the current year. In the event that material revisions are necessary, a revised budget will be presented to the Board no less than 45 days after the Enacted State Budget.

Illustrated below is a summary of the proposed state budget and budget guidelines as provided by the County Office of Education and School Services of California, as well as, the estimated financial activity for 2025-26. In addition, the Annual Budget Report contains a detailed financial report and multiyear projection specific to Oakdale Joint Unified School District.

Governor's Revised State Budget Proposal "May Revision"

The Governor released his revised January 2026-27 budget proposal on May 14, 2026 (May Revision), which outlined a decrease of projected general fund revenues from the January proposal.

- Proposition 98 K-14 minimum guarantee is estimated at \$127.1 billion for education programs.
- The 2026-27 statutory LCFF Cost of Living Adjustment (COLA) is 2.87%.
- Largest concern going forward is the decline in total students in California's public schools. In 2019-20, California was serving 6,163,001 students as compared to 5,806,221 students in 2024-25. In 2025-26, California served 5,731,260. This is a decline of 74,961 or 1.31% students being served in California public schools and is projected to continue to decline for the next 10 years.
- The May Revision continues to support the Governor's proposal to increase funding towards Special Education programs. The proposal includes equalizing all LEAs to a rate of \$1,340 per ADA rate.
- The Governor proposes funding a LCFF adjustment of 1.44% to assist school district in providing 14-weeks of paid pregnancy disability leave.
- The Governor continues to support the Expand Learning Opportunity Program, which offers afterschool programs to students who are Low Income, Foster/Homeless Youth, and English Learners.
- Lastly, the Governor is maintaining his support in the Universal School Meals program for 2026-27. This program offers breakfast and lunch to all students.

Local Control Funding Formula: The Local Control Funding Formula (LCFF) is intended to provide a funding mechanism that is simple and transparent while allowing local educational agencies (LEAs) maximum flexibility in allocating resources to meet local needs. The funding basis under the LCFF shifts from a primarily Average Daily Attendance (ADA) driven model to one that places emphasis on the student population/demographics, as well as, the District's ADA. It is calculated annually based on student population; ADA, enrollment, and unduplicated pupil percentage (UPP). Unduplicated Pupils include students that are considered foster youth, socioeconomically disadvantaged, and English learners. As illustrated below, it contains multiple funding allocations:

*Unduplicated Pupil Percentage must be above 55% to receive Concentration Grant funding

The most distinct difference between revenue limit funding and the LCFF during the transition relates to the role and impact of Cost-of-Living-Adjustments (COLA). Under revenue limits, COLAs (and their deficits) played the central role in determining changes in year-over-year funding; under the LCFF, COLAs are but one step in the formula's calculation. Illustrated below are the basic components of the formula and transition into the LCFF:

- **Average Daily Attendance (ADA)**
 - Similar to revenue limits, funding is calculated on ADA at the higher of current year or prior year, or three year average (effective 2022-23).
- **Annual COLA**
 - Determined by the implicit price deflator as set in May for the budget year and estimated by the Department of Finance (DOF) for the subsequent years for use in projections
 - Applied to grade level base grants, which drives grade span adjustment and Supplemental and Concentration grant calculations

- **Unduplicated Percentages**

- Certified through enrollment data each fall and is applied to Supplemental and Concentration grant calculations

Supplemental and Concentration Grants: Education Code Section 42238.02 increases the LCFF base grant by a supplemental grant and a concentration grant. These are determined by LEAs' unduplicated count of pupils who are eligible for free and reduced-price meals, or who are classified as English Learners, or as Foster Youth. Only school districts with at least 55% of qualifying students receive concentration grants funds.

The Superintendent of Public Instruction will annually compute the percentage of unduplicated count using the criteria above, utilizing data reported through the California Longitudinal Pupil Achievement Data System (CALPADS). A pupil who is identified in more than one category will only be counted once in determining the unduplicated pupil count. This data is subject to annual review and validation by the county office of education and is subject to audit under the State audit guidelines.

Education Protection Account: As approved by the voters on November 6, 2012, The Schools and Local Public Safety Protection Act of 2012 (Proposition 30) temporarily increased the State's sales tax rate and the personal income tax rates for taxpayers in high tax brackets. These taxes were estimated to generate more than \$8 billion annually at their peak; however, they began to expire commencing in 2016. On November 8, 2016, voters approved Proposition 55, which extended the personal income tax for high-bracket earners for an additional 12 years.

Home-To-School Transportation: Home-to-School Transportation, including special education and small school district transportation, is a permanent add-on to LCFF target entitlements. Although the program has been repealed, the funds are made available to the school districts, county offices of education, and charter schools that previously received this funding at the same level received in 2012-13. Effective 2025-26, school district finally began to receive COLA's on the transportation funds received as part of the LCFF.

The use of the funds was intended to be flexible for any educational purpose. However, the budget contains transportation maintenance of effort language to continue expending at the same level as received in revenue for this purpose in 2012-13 [see Education Code 2575(k)(1) and Education Code 42238.03(a)(6)(B)]. This requirement is ongoing.

Local Control Accountability Plans: Effective 2014-15, LCFF relies on the use of accountability plans in shifting control of LEA budgets from the State to the local level. Therefore, school districts and county offices of education (COEs) are required to adopt a Local Control and Accountability Plan (LCAP) using a template adopted by the State Board of Education (SBE).

It is required that the LCAP be effective for three years (updated annually), and include annual goals for pupils (including each subgroup of pupils) to be achieved for state and local priorities, as well as, identify the specific actions the school district will take during each year of the plan to achieve specified goals. Prior to adopting or updating the LCAP, a district must provide the public and parent advisory committees an opportunity to review and comment on the proposed LCAP. In addition, a district must hold at least one public hearing to solicit public comments regarding the LCAP, and must adopt the LCAP at a subsequent public meeting. Further, the LCAP must be adopted before the budget is adopted.

2026-27 OJUSD Primary Budget Components

- ❖ Average Daily Attendance (ADA) is estimated at 4,648.11. Effective 2022-23, school districts are funded on the higher of current year, prior year, or three-year average. For 2026-27, Oakdale Joint USD will be funded at the three-year average of 4,721.33. A decrease of 24.88 in funded ADA from prior year.
- ❖ The District's unduplicated pupil percentage for supplemental funding is estimated to be 42.21% in 2026-27, which puts the District's three-year rolling average at 42.65% for 2026-27. The percentage will be revised based on final data in October 2026 (CalPADS).
- ❖ LCFF is calculated on a statutory COLA of 2.87% as required by Education Code.
- ❖ Lottery revenue is estimated to be \$190 per ADA for unrestricted purposes and \$82 per ADA for restricted purposes.
- ❖ Mandated Cost Block Grant is \$40.41 for K-8 ADA, and \$79.27 for 9-12 ADA.
- ❖ CalPERS is the district pension provider for its classified employees. For 2026-27, the rate is 26.40%, which is a decrease from prior year at 26.81%.
- ❖ Included in our Annual Budget is a one-time grant, Learning Recovery Emergency Block Grant. This grant is required to be outlined in our Local Control Accountability Plan. It will be expiring in June 2028.
- ❖ Except as illustrated under Contributions to Restricted Programs, all federal and state restricted categorical programs are self-funded.

BUDGETS BY SCHOOL

Our district is characterized by small neighborhood schools. We offer four (4) elementary schools to serve our students, all with their own unique culture. Our smallest elementary school has just over 500 students, while our largest elementary school has about 750 students.

Students in elementary grades TK-6 spend the majority of their day in self-contained classrooms and are taught by fully credentialed, highly qualified teachers. Teachers teach to the Common Core State Standards in both English-language arts and math. Instruction for students in science, history/social science, visual and performing arts, English language development, and physical education aligns to state-adopted standards in those areas and is often integrated with other subjects. District-provided instructional materials support the curriculum in all content areas. Teachers plan lessons that are age and grade-level appropriate and that actively engage students in learning. Each school has a library through which students may check out books for pleasure to enhance their studies. Computer lab time is set aside during the instructional day for students to practice necessary computer skills in a structured environment. Our elementary students also receive education from highly qualified music teachers on a regular basis.

Communication with the families of the students is a top priority. Schools provide information through their school websites, through flyers sent home with students, through telephone messages, and through electronic tools such as Aeries. Parents are encouraged to contact their children's teachers, to attend meetings about their children's progress, to attend Back-to-School Nights, Open House, and other school-sponsored parent information nights and special events. Furthermore, parents are invited to participate on School Site Councils, English Learner Advisory Committees, and PTA/PTO organizations. All of these options provide feedback to OJUSD in developing our Local Plan, both at the site level, as well as districtwide.

Student progress on academic standards is measured through the state testing program that occurs each spring, but more frequently through district-provided tests as well as teacher-defined assessments. Assessment results give a measure of student progress and also inform teachers and administrators of the success of the instructional program in supporting student learning. Teachers adapt their instruction and assignments in order to meet the learning needs of students based upon regular assessments. Special education programs further support the learning needs of students.

School staffing is provided centrally. In addition, our elementary schools receive a general-purpose School Site Base allocation of \$70.5 per TK-6th grade. Our junior high school receives a general-purpose base allocation of \$111.00 per 7-8 grade student, our high school and alternative education schools receive \$145.00 per 9-12 grade student. On top of the unrestricted site allocations, schools receive state and federal restricted funding to assist with school improvement activities, the purchase of supplemental supplies and materials, and the education of students with limited English language proficiency.

BUDGET BY FUNCTION

During 2026-27, OJUSD is dedicating \$53.1 million to the direct instruction of our students. This includes all staff that support our students in the classroom and includes supplies, technology, instructional materials, etc. This equates to 64% of our total budgeted expenditures. Instructional support, which includes our site office staff, librarians, curriculum support, and afterschool options is 9% of our total expenditures. Pupil Services includes counselors, transportation, nursing & health services and is 11% of our budget. Between these three categories, 84% of our budget is directly impacting our student's education. Maintenance and Operations (M&O) includes custodial services, grounds, maintenance, and utilities. General Administration includes human resources, payroll, accounting, technology, superintendent's office, and insurance.

MULTIYEAR PROJECTION***General Planning Factors:***

On May 14th 2026, the Governor laid out his revised budget for 2026-27. This proposal was then interpreted by the Department of Finance who issued the following planning factors for school districts across the state. Below are the factors we are using to project our multiyear outlook.

	Fiscal Year		
<u>Planning Factor</u>	<u>2026-27</u>	<u>2027-28</u>	<u>2028-29</u>
COLA	2.87%	3.30%	3.09%
CalSTRS Employer Rates	19.10%	19.10%	19.10%
CalPERS Employer Rates (PERS Board / Actuary) *	26.40%	26.80%	25.90%
Lottery – unrestricted per ADA	\$190.00	\$190.00	\$190.00
Lottery – Prop. 20 per ADA	\$82.00	\$82.00	\$82.00
Mandate Block Grant for Districts – K-8 per ADA	\$40.41	\$41.74	\$43.03
Mandate Block Grant for Districts – 9-12 per ADA	\$79.27	\$81.89	\$43.03

* CalPERS rate shown for 2027-28 and beyond are based on projections made in May 2026 and will likely be revised.

Various aspects of the planning factors illustrated above will be further discussed below with the District's revenue or expenditure assumptions.

Revenue Assumptions:

The Local Control Funding Formula (LCFF) is calculated using the best estimate that is available at this time. A large part of the LCFF calculation is based on the type of students we serve as a school district. With this in mind, the District is anticipating the unduplicated pupil percent for 2026-27 and beyond to be the average of the past three year's rate of 42.65%. This means the District does not receive any concentration funds. The District is anticipating a 1% decline in enrollment and attendance from 2026-27. Revenue adjustments will need to be made should enrollment and attendance change. All other revenue is estimated to remain flat from 2026-27 Annual Budget.

Expenditure Assumptions:

Certificated salary changes from 2026-27 Annual budget encompasses step increases of approximately 1.27% and an estimated column movement of \$125,000. Also anticipated are savings associated with retirements in the amount of \$90,000 each year.

Classified salary changes from 2026-27 Annual budget encompasses step increases of approximately 2.5%.

Assembly Bill 1469 increased the contribution rates that employers, employees and the State pay to support the State Teachers Retirement System. The rate for employers is 19.1 % for 2026-27 and going forward.

The CalPERS Board adopted changes to the actuarial assumptions that changed the projected employer contribution rates for 2026-27 and for the next five years. The current rates listed above will change as market conditions fluctuate.

The Learning Recovery Emergency Block Grant will be fully expended by June 30, 2028. This grant funds critical staff positions—including a psychologist, behavioral analyst, speech and language pathologist, and an additional teacher for East Stanislaus—all deemed necessary for ongoing student support. Consequently, unrestricted funds will be required to sustain these positions starting in the 2028-2029 fiscal year.

Books and Supplies are estimated to remain flat, however Other Services and Operating Expenditures is estimated to increase approximately 5% each year primarily due to increasing utility costs, insurance costs, and Special Education Services.

Estimated Ending Fund Balances:

For 2026-27, the District estimates the General Fund to operate with a deficit of \$2.0 million based on the factors outlined above. This is resulting in an estimated ending fund balance of \$23.1 million. The projected unassigned reserve (including the reserve of economic uncertainty) in 2026-27 is estimated at 9.0% of expenditures.

For 2027-28, the District estimates the General Fund to operate with a deficit of \$1.5 million based on the factors outlined above. This is resulting in an estimated ending fund balance of \$21.7 million. The projected unassigned reserve (including the reserve of economic uncertainty) in 2027-28 is estimated at 8.89% of expenditures.

For 2028-29, the District estimates the General Fund to operate with a deficit of \$1 million based on the factors outlined above. This is resulting in an estimated ending fund balance of \$20.7 million. The projected unassigned reserve (including the reserve of economic uncertainty) in 2028-29 is estimated at 8.37% of expenditures.

Conclusion:

OJUSD is well-positioned to meet the future needs of our students. Thanks to our strong financial standing, the district has maintained budget stability despite the many changes and challenges of recent years. This fiscal resilience ensures the district can keep our focus exactly where it belongs: delivering essential services and high-quality support to our students when they need it most.

INFORMATIONAL
SECTION

PROPERTY TAXES

Property taxes in the General Fund (01) are directly related to the Local Control Funding Formula (LCFF). The State guarantees the District will receive a total amount of funding, which is made up of both property taxes and state aid. The higher the amount of property taxes received, the lower amount of state aid a district receives to equal the total amount of LCFF funding. Property taxes are levied by the County for each fiscal year on taxable real and personal property, which is situated in the District boundaries as of the preceding January 1st. Property taxes are due to the county twice a year, December and April. Below indicates the percentage of property taxes received per year compared to state aid:

LONG-TERM OBLIGATIONS

Long-term obligations assist a district with the ability to finance capital project needs now, and allows them to pay for it over a period of time. Typically, long term obligations are used to finance new schools, major repairs, and modernization projects.

General Obligation (GO) Bonds (Fund 51)

Major capital facility construction and improvements within a district are financed through the issuance and sale of a common type of municipal bond called General Obligation (GO) Bonds. The County Treasurer's Office is responsible for the administration and payment of the GO Bonds Issued, while the district records and reconciles the transaction activity of these issuances in its own Bond Interest and Redemption Fund (Fund 51). GO Bonds passed with 55% voter approval must specify a project list and the funds can only be spent on the voter-approved list. Furthermore, GO Bonds must have an oversight committee. Projected tax rates due to the issuance of GO Bonds must not exceed \$60 per \$100,000 of assessed value of a home for a unified school district.

Below is Oakdale Joint Unified School District's assessed valuation over time:

INFORMATIONAL SECTION

The last bond issued by Oakdale JUSD was in November of 2002 when the community passed a \$20 million bond. This bond was used to build our newest school Sierra View Elementary, as well as to do modernization projects at all school sites. In 2017, OJUSD refunded this bond to save our tax payers money.

Currently, the projected tax rate on \$100,000 of assessed valuation is approximately \$20, while the maximum issuance allowed is \$60 OJUSD's bonds are significantly below the maximum bond issuance threshold for a unified school district and one of the lowest in Stanislaus County.

In November 2024, the Oakdale community passed Measure G with at 58.6% approval. The General Obligation Bond is to raise \$105,500,000 to improve facilities and necessary infrastructure district wide. The first series of General Obligation Bonds was sold during the 2026-27 fiscal year. These bonds will increase the rate the Oakdale community pays in their property taxes, but it will not exceed \$60 per \$100,000 assessed value. The following chart shows the District's Bond Debt Repayment Schedule, reflecting both principal and interest payments for its outstanding GO Bonds:

2017 Refinanced Bonds				Measure G, Series A

Post-Employment Benefits

Retirees that meet certain qualifications are provided with retirement benefits on a modified pay-as-you-go basis. All OJUSD employees who retire from the District after at least 10 years of service will receive medical benefits covered by the District for 10 years. The District contributes a set maximum amount, while the employee covers any additional expense. All of this is in accordance with Board Policy and collective bargaining agreements.

The accumulated future liability for the District at June 30, 2026 is estimated to be \$7,831,482, based on the most recent study conducted by the actuarial service firm of Foster & Foster Actuaries and Consultants and reported in the District Annual Audit Report. This debt equates to approximately \$520,950 for year ending June 30, 2026, which the District must pay towards health benefits for retired employees. The District has set aside funds to assist in paying this debt each year. For 2026-27, the District will transfer into the general fund \$284,356 from Fund 20. The balance will be covered by the general fund, charter school fund, cafeteria fund, and its enterprise fund in the amount of 0.5% for all salaries.

COMPARATIVE ANALYSIS

It is possible to provide comparative data by account classification for school districts due to the consistent format under which all California school districts must report revenues and expenditures. Below is a list of unified school districts within a fifty-mile radius of Oakdale Joint Unified, as of the most recent data available. The Unduplicated Percent shows the students in a district who are English learners, foster youth/homeless, or eligible for free/reduced-price meals when enrollment counts are taken in October. Each student is only counted once. The total unduplicated count is used to calculate supplemental and concentration grants under the Local Control Funding Formula (LCFF).

	California School District	County	2024-25 Enrollment	Unduplicated Percent
1.	Stockton Unified	San Joaquin	31,567	82.46%

INFORMATIONAL SECTION

During 2024-25, Oakdale Joint Unified School District received \$2,896 less in revenue per student than the average of the comparative districts and consequently expended \$2,852 less in expenditures per student.

INFORMATIONAL SECTION

A large part of the reason Oakdale Joint Unified School District received less revenue than the average comparative district is because we have a low Unduplicated Pupil Percentage (UPP). This means we do not receive the additional revenues other districts do because we have less than 55% of student who qualify as Low-Income, Foster Youth/Homeless, or English Learner.

Details by Category

Total Local Control Funding Formula Revenue

The primary funding source for school districts in California is through the Local Control Funding Formula (LCFF). This formula calculates school district's funding based on the average daily attendance, as well as, the type of students served by the district. For Oakdale, LCFF makes up about 75% of total general fund revenue. Districts with high unduplicated counts receive greater funding per student. In 2024-25, Oakdale was the third lowest LCFF funded unified school district at \$13,193 per student. We received \$3,935 less per student than Waterford Unified. Had Oakdale been funded at Waterford Unified's rate, we could have had \$18.5 million more to spend on our students. If Oakdale had been funded at even the average comparative of \$14,862, we could have had \$7.8 million more to spend on our students.

Certificated Salaries

Despite Oakdale receiving less LCFF revenue than the majority of the comparative unified school districts, we spend 40.43% on certificated salaries as a percent of total expenditures than most other districts. This is the third highest percentage in the comparative districts.

Classified Salaries

The District's 2024-25 Classified salaries was 15.61% of total expenditures, falling slightly below the average comparative district at 16.51%.

Employee Benefits

The District's benefits include Health, Dental, Vision, Worker's Compensation, Social Security, STRS/PERS, Medi-care, State Disability, and Retiree Health & Welfare. The district spent 21.12% of its total expenditures which was 1.64% less than the average school district, but close to the same percentage of 7 other unified school districts.

Books and Supplies

During 2024-25, OJUSD expended 4.01% of its total expenditures on books, supplies, curriculum, and equipment. This was significantly less than the average comparative district of 5.62%.

Services and Other Operating

Oakdale Joint Unified spent 15.04% of its total expenditures on Other Services and Operating Expenditures. This category includes regionalized special education services, utilities, and insurance expenditures. The District spent 8.33% less than its closed neighboring unified school district, Riverbank Unified.

INFORMATIONAL SECTION

California's school funding system complicates direct financial comparisons between neighboring districts. Oakdale Joint Unified School District (OJUSD) receives significantly less revenue than neighboring Riverbank Unified and Waterford Unified, limiting its per-student spending capacity.

Despite this 2024–25 revenue deficit as compared to other school districts, OJUSD prioritizes classroom spending, allocating a higher percentage of its budget to direct instruction than almost all comparable districts. Instructional funding directly supports classrooms, through teachers, instructional aides, curriculum, technology, and professional development.

INFORMATIONAL SECTION

The State of California requires school districts to report activities and/or services to students with exceptional needs who have individualized education programs (IEPs). The activities and/or services in the IEPs are designed for students with exceptional mental or physical needs and incorporate distinctive techniques, materials, and arrangements to suit their learning needs. Expenditures for these activities and/or services are above what is offered to all students and as such, reported separately. Oakdale is inline with the majority of the comparative district on its expenditures for special education services.

Workers' Compensation Annual Certification

Dear Workers' Compensation Member,

Pursuant to Education Code 42141 (c), school districts must certify to the County Superintendent of Schools the amount of reserves needed to fund incurred Workers' Compensation liabilities. Board action is required for this certification of reserves by each member school district of the Central Region School Insurance Group (CRSIG) Workers' Compensation program.

The reserves needed to fund the incurred liabilities for CRSIG school districts are actuarially determined on an annual basis and administered by CRSIG. Therefore, there is no budgetary consideration necessary on the part of the school district members of CRSIG.

As of June 30, 2025, the reserves maintained by CRSIG for its Workers' Compensation program as compared to the incurred liabilities are as follows:

Total Reserves:	\$62,138,667
Total Liabilities:	\$20,052,322

CRSIG member school districts located in Stanislaus County include the following:

Ceres Unified	Hickman Community	Paradise Elementary	Stanislaus COE
Chatom Union	Hughson Unified	Patterson Unified	Stanislaus Union
Denair Unified	Keyes Union	Riverbank Unified	Turlock Unified
Empire Union	Knights Ferry	Roberts Ferry	Valley Home
Gratton	Newman-Crows Landing	Salida Union	Waterford Unified
Hart-Ransom Union	Oakdale Joint Unified	Shiloh
