School Plan for Student Achievement (SPSA)

School Name	County-District-School (CDS) Code	Schoolsite Council (SSC) Approval Date	Local Board Approval Date
Freedom Academy of Imperial Valley	13-631490125922	06/01/2023	06/20/2023

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan (LCAP) process.

This SPSA template consolidates all school-level planning efforts into one plan for programs funded through the Consolidated Application (ConApp), and for federal Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act (ESEA) as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements for both the SPSA and federal ATSI planning requirements.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the local educational agency (LEA) that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 64001(g)(1), the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

This plan is being used by Freedom Academy of Imperial Valley for meeting the following ESSA planning requirements in alignment with the LCAP and other federal, state, and local programs:

Schoolwide Program

The purpose of a TAS program is to assist Freedom Academy to meet their responsibility to provide for all their students served the opportunity to meet the challenging state academic standards (Every Student Succeeds Act [ESSA] Section 1115[b]). In all schools selected to receive Title I, Part A funds that are ineligible for a SWP, have not received a waiver to operate a SWP, or choose not to operate a SWP, a LEA may use funds to provide services to eligible students identified as having the greatest need for special assistance (ESSA Section 1115[a]).

This template is based on the December, 2023 CDE revision of the School Plan for Student Achievement. Some modifications have been made to inform the SPSA development process.

Plan Description

Briefly describe your school's plan for effectively meeting ESSA's planning requirements in alignment with the Local Control and Accountability Plan (LCAP) and other federal, state, and local programs.

This plan is being used by Freedom Academy of Imperial Valley for meeting the following ESSA planning requirements in alignment with the LCAP and other federal, state, and local programs:

Schoolwide Program

The purpose of a TAS program is to assist Freedom Academy to meet their responsibility to provide for all their students served the opportunity to meet the challenging state academic standards (Every Student Succeeds Act [ESSA] Section 1115[b]). In all schools selected to receive Title I, Part A funds that are ineligible for a SWP, have not received a waiver to operate a SWP, or choose not to operate a SWP, a LEA may use funds to provide services to eligible students identified as having the greatest need for special assistance (ESSA Section 1115[a]).

Each SPSA is aligned with the goals of the HUSD Local Control and Accountability Plan (LCAP). They are aligned with the district LCAP through collaboration with the district in examining state and local data as part of a comprehensive needs assessment. The process includes developing goals, measurable outcomes, and strategies, actions, and services that are aligned with those of the district. Then, each school implements supplemental services that support improved performance for high-need students and develop a system for monitoring and evaluating the efficacy of the plan in achieving its goals.

Educational Partner Involvement

How, when, and with whom did Freedom Academy of Imperial Valley consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

Stakeholders including teachers, counselor, support staff, students, principal, parents, School Site Council, and English Learner Advisory Committee members have been asked to review, update and monitor the School Plan for Student Achievement. In November of 2023 parents completed surveys that included questions concerning the progress of increasing student achievement in both English Language Arts and Math, a sense of safety and school connectedness, a broad course of study for all students including English Learners, low-income, foster youth and students with exceptional needs. School Site Council and English Language Advisory Committee members, along with Freedom Academy School staff will continue to monitor the action plan and provide feedback throughout the school year.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

This section is required for all schools eligible for ATSI and CSI.

Chapter V. Schoolwide Action Plan Refinements
Revised Action Plan

- Comment on the refinements made to the single schoolwide action plan since the last full self-study visit to reflect schoolwide progress and/or newly identified issues.

Throughout the Self-Study process, stakeholders have thoughtfully and thoroughly examined the overall academic success of FAIV students, as well as the quality and effectiveness of the teaching/learning environment at FAIV. Our small school community, with a shared vision for excellence and accountability, collaborated in the ongoing review and discussion of our Self-Study findings. Stakeholder input from student surveys, parent surveys, and staff work groups, combined with in-depth analysis of student performance data, culminated in identifying goals for our SPSA and our Action Plan. The structure of the Single Plan for Student Achievement has been modified. During the Initial WASC visit, the SPSA was organized according to the four LEA goals. With the inception of the Local Control Accountability plan (LCAP), the amount has been changed from four to three. Furthermore, more student testing data can be found within the current version of the School Site Plan than was found during the Initial WASC visit. The data that is currently found on the School Site Plan is that related to the CELDT testing as well as CAASPP testing in ELA and Math.
The three new LCAP goals are as follows: LCAP Goal 1: Annual increase in student achievement for all students in all academic areas, including English language arts and math with focus on accelerating student learning outcomes for target subgroups including English Learners, low income pupils and pupils identified as special education by providing

students with instruction aligned to the state academic content and performance standards by highly qualified teachers. LCAP Goal 2: HUSD will continue to provide a broad course of study to TK to 12 students, including English Learners, Low-Income, Foster Youth, and students with exceptional needs that will prepare them for college and career upon graduation. LCAP Goal 3: HUSD will provide an educational experience which promotes "school connectedness" and "sense of safety" of pupils, staff, and parents. With a major shift toward implementation of the Common Core State Standards, and the CAASPP testing, our curriculum pathways are developed in collaboration with parents and students addressing individual needs.

Areas of Growth from WASC visiting Committee
The FAIV Leadership Team, will begin to utilize more district provided tools for intervention such as Beyond SST and Gamut online. Gamut online a district resource contains the entire Education Code. The Beyond SST benefits include monitoring SST status, progress, outcomes, and history for each student to promote data-driven decision making and research-based interventions. Beyond SST offers easy access to all form data via search features, comparative reporting, analysis of data related to SST referrals to Special Education and outcome of assessment.

The FAIV will work together to develop and implement a School Site Council. The School Site Council is a group of teachers, parents, classified employees, and students (at the high school level) that works with FAIV administration to develop, review and evaluate school improvement programs and school budgets.

Our leadership team has identified ongoing academic and social factors that need attention to support improving student achievement. By continuing to activate customized support services and increasing student interaction and collaboration, we expect to improve students' academic, social and emotional proficiencies. All FAIV students will be provided with customized support services and expanded face-to-face academic and social interactions to support their achievement of academic proficiency and to ensure successful completion of district graduation requirements. This Counseling support will help ensure that FAIV students pass their core courses, meet the Common Core standards, and meet the requirements for on-time graduation. Additionally, the amount of Districtwide Days for professional Development has increased from two to five days. These five days allow for further development/collaboration of teachers.

Holtville Unfired School District has adopted and implemented the following El curriculum. Freedom Academy will utilize the following:

Grade level K-5
Benchmark Universe is a comprehensive, research-proven program that empowers teachers with tools for vertically aligned reading, writing, speaking, listening, and language instruction for grades K-5. It also builds foundational skills such as phonics, word study, and fluency.

Grade level 6-8
The ELD Companion is a comprehensive English Language Development solution for equipping English learners with the skills and support they need to get them up to grade level. The ELD Companion provides differentiated interactive practice and support for all language levels through independent, self-paced, and teacher-led instruction.

Grade Level 9-12
English 3D is a powerful English language development program designed to help all English learners struggling students accelerate English language proficiency and develop the academic language skills they need for success in college and career. The program builds students' competence and confidence through consistent instructional routines for academic vocabulary, discussion, writing, and more.

The current school site plan paints a very truthful picture of Freedom Academy of Imperial Valley. The FAIV staff and stakeholders are committed to following through on the goals we have collectively identified in our Schoolwide Action Plan, (SPSA). Weekly staff and monthly School Site Council meetings, and effective home-school communications will be used to review goals, assess progress, and identify next steps. Staff development to support our Action Plan goals will have budget priority, to the extent that our funding and staffing allocations will allow. Through ongoing data analysis and communications between all stakeholders, our Action Plan (SPSA) goals will be reviewed and amended annually to align with our LCAP and to continually improve student achievement.to align with our LCAP and continually improve student achievement.

Comprehensive Needs Assessment Components

Identify and describe any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

California School Dashboard (Dashboard) Indicators

Referring to the California School Dashboard (Dashboard), any state indicator for which overall performance was in the "Red" or "Orange" performance category.

Referring to the California School Dashboard (Dashboard), any state indicator for which performance for any student group was two or more performance levels below the "all student" performance.

Other Needs

In addition to Dashboard data, other needs may be identified using locally collected data developed by the LEA to measure pupil outcomes.

School and Student Performance Data

Student Enrollment

This report displays the annual K-12 public school enrollment by student ethnicity and grade level for Freedom Academy of Imperial Valley. Annual enrollment consists of the number of students enrolled on Census Day (the first Wednesday in October). This information was submitted to the CDE as part of the annual Fall 1 data submission in the California Longitudinal Pupil Achievement Data System (CALPADS).

Enrollment By Student Group

Student Enrollment by Subgroup						
Student Group	Percent of Enrollment			Number of Students		
	21-22	22-23	23-24	21-22	22-23	23-24
American Indian	%	0%	%	0	0	
African American	%	0%	%	0	0	
Asian	%	0%	%	0	0	
Filipino	%	0%	%	0	0	
Hispanic/Latino	73.08%	76.67%	90.00%	38	23	27
Pacific Islander	%	0%	%	0	0	
White	26.92%	23.33%	10.00%	14	7	3
Multiple/No Response	%	0%	%	0	0	
			Total Enrollment	52	30	30

Enrollment By Grade Level

Student Enrollment by Grade Level			
Grade	Number of Students		
	21-22	22-23	23-24
Kindergarten	3		
Grade 1	6	1	
Grade 2	2	4	2
Grade3	2	1	3
Grade 4	5	1	3

Grade 9	5	4	2
Grade 10	3	1	3
Grade 11	10	4	2
Grade 12	3	7	2
Total Enrollment	52	30	30

Conclusions based on this data:

1. Student populations with Freedom Academy are very fluid, students come and go and each year. There is more of this fluid change than in the tradiitional schools.
2. Freedom Academy is experiencing a continue increase in proportion of Hispanic to EO, even wtih a decline of the number of students.
3. Freedom Academy in 2022-23 school year has had a large decrease in attendance, as was said in number 1, we have a fluid student population and this is for a number of reasons.

School and Student Performance Data

English Learner (EL) Enrollment

This report displays the annual K-12 public school enrollment by English Language Acquisition Status (ELAS). This information was submitted to the CDE as part of the annual Fall 1 data submission in the California Longitudinal Pupil Achievement Data System (CALPADS).

English Learner (EL) Enrollment						
Student Group	**Number of Students**			**Percent of Students**		
	21-22	**22-23**	**23-24**	**21-22**	**22-23**	**23-24**
English Learners	13	4	4	4.5%	25.0%	13.3%
Fluent English Proficient (FEP)	9	10	12	6.8%	17.3%	40.0%
Reclassified Fluent English Proficient (RFEP)				0.0%		

Conclusions based on this data:

1. In the last few years our English Learners have become a faster growing group of students than the rest of the poopulation. There is a decrease in the number tin 22-23 and trhis is due to we have a much smaller toalal population of students ingeneral.
2. Generally speakiing our English Learners tend to be higher performaing English speacking students and in less need of English supports, but this is also changing as the years go on, as shwon bry the FEP numbers.

English Language Arts/Literacy (All Students)

The Smarter Balanced Summative Assessments for ELA and mathematics are an annual measure of what students know and can do using the Common Core State Standards for English language arts/literacy and mathematics.

The purpose of the Smarter Balanced Summative Assessments is to assess student knowledge and skills for English language arts/literacy (ELA) and mathematics, as well as how much students have improved since the previous year. These measures help identify and address gaps in knowledge or skills early so students get the support they need for success in higher grades and for college and career readiness.

All students in grades three through eight and grade eleven take the Smarter Balanced Summative Assessments unless a student's active individualized education program (IEP) designates the California Alternate Assessments.

Visit the California Department of Education's Smarter Balanced Assessment System web page for more information.

Conclusions based on this data:

1. Because Freedom Academy's low number of students the breakdown by grade is not provided as indicated by the "*" this is because there is a fear you may be able to tie a student to a grade, is this is not legal so only totals will show up.
2. In 22-23 student who performed Above Stnandards increased to 26.67 and increase of about 18% and for Standards meet we did have a decrease of about 14%, this could be that they moved to Standards Exceeded. The only negative we had a increase of about 12% of students performing Below Standards.
3. Freedom Academy was succsesful in getting all their students to test in 22-23 this is about a 20% increase over last year.

Conclusions based on this data:

1. Freedom students performed poorer on Math than the Language as shown in this data. No students tested Above Standards, we had in increas of about 12% test at Standard and then an increase in the mumber or percentrage of students testing Below Standards.
2. In the fields were an (*) is provided the reason for this is the school is small and if there is a possibility to tie a student to a test score then that information is not provided for the protection of the student.

The English Language Proficiency Assessments for California (ELPAC) system is used to determine and monitor the progress of the English language proficiency for students whose primary language is not English. The ELPAC is aligned with the 2012 California English Language Development Standards and assesses four domains: listening, speaking, reading, and writing.

Visit the California Department of Education's English Language Proficiency Assessments for California (ELPAC) web page or the ELPAC.org website for more information about the ELPAC.

Conclusions based on this data:

1. Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year, thus no data is available to report for this year
2. First thing you notice, their is no data. The reason for this is if data was made available, the score could easily be assigned to a student and that students score would have been publicly known a violation of a students privacy law.
3. (*) indicates that there are results but publicly showing it would violate students rights to privacy.

School and Student Performance Data

California School Dashboard
Student Population

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

This section provides information about the school's student population.

2022-23 Student Population			
Total Enrollment	**Socioeconomically Disadvantaged**	**English Learners**	**Foster Youth**
30	**60**	**13.3**	Students whose well being is the responsibility of a court.
Total Number of Students enrolled in Freedom Academy of Imperial Valley.	Students who are eligible for free or reduced priced meals; or have parents/guardians who did not receive a high school diploma.	Students who are learning to communicate effectively in English, typically requiring instruction in both the English Language and in their academic courses.	

2022-23 Enrollment for All Students/Student Group		
Student Group	**Total**	**Percentage**
English Learners	4	13.3
Foster Youth		
Homeless		
Socioeconomically Disadvantaged	18	60
Students with Disabilities	1	3.3

Enrollment by Race/Ethnicity		
Student Group	**Total**	**Percentage**
Hispanic	23	76.7
White	7	23.3

Conclusions based on this data:

1. This data shows that our students who are So Socioeconomically Disadvantaged represents a large percentage of our student population. 67.3 percent of our students are Socioeconomically Disadvantaged and most of them are Hispanic representing 73.1 pecent.
2. Not surprising to see a large number of social Economically disadvantaged because our area represents some of the poorest populations in California.

Conclusions based on this data:

1. Although both Senate Bill 98 and Assembly Bill 130 suspended the publication of state indicators on the 2020, 2021 and 2022 California School Dashboards, these bills also required the reporting of valid and reliable data that would have been included in these Dashboards.
2. Freedom Academy's suspension rate is very low, this is expected since we are a home school program.

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

1 School Principal

3 Classroom Teachers

1 Other School Staff

2 Parent or Community Members

3 Secondary Students

Name of Members	Role
Mr. Mitchell W. Drye	Principal
Mr. Anthony Patrick De Lira	Classroom Teacher
Mrs. Amy Lansman	Classroom Teacher
Mr. Steven Lobstein	Classroom Teacher
Mrs. Melissa Palacios	Other School Staff
Mr. Juan Bautista	Parent or Community Member
Mrs. Irma Suares	Parent or Community Member
Miss. Naomi Still	Secondary Student
Mr. Joseph Meza	Secondary Student
Miss Maryan Abundes	Secondary Student

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature	Committee or Advisory Group Name
	English Learner Advisory Committee

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on 12/06/2023.

Attested:

Principal, Mitchell Drye on 12/6/23

SSC Chairperson, Juan Bautista on 12/06/2023

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan (LCAP) process.

This SPSA template consolidates all school-level planning efforts into one plan for programs funded through the Consolidated Application (ConApp) pursuant to California *Education Code* (*EC*) Section 64001 and the Elementary and Secondary Education Act (ESEA) as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the local educational agency (LEA) that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with *EC* 64001(g)(1), the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below.

For additional questions or technical assistance related to LEA and school planning, please contact the CDE's Local Agency Systems Support Office, at LCFF@cde.ca.gov.
For programmatic or policy questions regarding Title I schoolwide planning, please contact the LEA, or the CDE's Title I Policy and Program Guidance Office at TITLEI@cde.ca.gov.

Plan Description

Briefly describe the school's plan to effectively meet the ESSA requirements in alignment with the LCAP and other federal, state, and local programs.

Additional CSI Planning Requirements:
Schools eligible for CSI must briefly describe the purpose of this plan by stating that this plan will be used to meet federal CSI planning requirements.

Additional ATSI Planning Requirements:
Schools eligible for ATSI must briefly describe the purpose of this plan by stating that this plan will be used to meet federal ATSI planning requirements.

Educational Partner Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Within California, these stakeholders are referred to as educational partners. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Educational Partner Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

Additional CSI Planning Requirements:
When completing this section for CSI, the LEA must partner with the school and its educational partners in the development and implementation of this plan.

Additional ATSI Planning Requirements:
This section meets the requirements for ATSI.

Resource Inequities

This section is required for all schools eligible for ATSI and CSI.

Additional CSI Planning Requirements:

- Schools eligible for CSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required school-level needs assessment.
- Identified resource inequities must be addressed through implementation of the CSI plan.
- Briefly identify and describe any resource inequities identified as a result of the required school-level needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

Additional ATSI Planning Requirements:

- Schools eligible for ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required school-level needs assessment.
- Identified resource inequities must be addressed through implementation of the ATSI plan.
- Briefly identify and describe any resource inequities identified as a result of the required school-level needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

Comprehensive Needs Assessment

Referring to the California School Dashboard (Dashboard), identify: (a) any state indicator for which overall performance was in the "Red" or "Orange" performance category AND (b) any state indicator for which performance for any student group was two or more performance levels below the "all student" performance. In addition to Dashboard data, other needs may be identified using locally collected data developed by the LEA to measure pupil outcomes.

SWP Planning Requirements:
When completing this section for SWP, the school shall describe the steps it is planning to take to address these areas of low performance and performance gaps to improve student outcomes.

Completing this section fully addresses all SWP relevant federal planning requirements.

CSI Planning Requirements:
When completing this section for CSI, the LEA shall describe the steps the LEA will take to address the areas of low performance, low graduation rate, and/or performance gaps for the school to improve student outcomes.

Completing this section fully addresses all relevant federal planning requirements for CSI.

ATSI Planning Requirements:
Completing this section fully addresses all relevant federal planning requirements for ATSI.

Goals, Strategies/Activities, and Expenditures

In this section, a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Additional CSI Planning Requirements:
When completing this section to meet federal planning requirements for CSI, improvement goals must also align with the goals, actions, and services in the LEA's LCAP.

Additional ATSI Planning Requirements:
When completing this section to meet federal planning requirements for ATSI, improvement goals must also align with the goals, actions, and services in the LEA's LCAP.

Goal

Well-developed goals will clearly communicate to educational partners what the school plans to accomplish, what the school plans to do in order to accomplish the goal, and how the school will know when it has accomplished the goal. A goal should be specific enough to be measurable in either quantitative or qualitative terms. Schools should assess the performance of their student groups when developing goals and the related strategies/activities to achieve such goals. SPSA goals should align to the goals and actions in the LEA's LCAP.

A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such the S.M.A.R.T. approach.
A S.M.A.R.T. goal is:

- **S**pecific,
- **M**easurable,
- **A**chievable,
- **R**ealistic, and
- **T**ime-bound.

A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.
A school may number the goals using the "Goal #" for ease of reference.

Additional CSI Planning Requirements:
Completing this section as described above fully addresses all relevant federal CSI planning requirements.

Additional ATSI Planning Requirements:
Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the Dashboard and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

Additional CSI Planning Requirements:
Completing this section as described above fully addresses all relevant federal CSI planning requirements.

Additional ATSI Planning Requirements:
Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the

baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

Additional CSI Planning Requirements:
When completing this section for CSI, the school must include school-level metrics related to the metrics that led to the school's eligibility for CSI.

Additional ATSI Planning Requirements:
Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Strategies/Activities Table

Describe the strategies and activities being provided to meet the goal.
Complete the table as follows:

- Strategy/Activity #: Number the strategy/activity using the "Strategy/Activity #" for ease of reference.
- Description: Describe the strategy/activity.
- Students to be Served: Identify in the Strategy/Activity Table either All Students or one or more specific student groups that will benefit from the strategies and activities. ESSA Section 1111(c)(2) requires the schoolwide plan to identify either "All Students" or one or more specific student groups, including socioeconomically disadvantaged students, students from major racial and ethnic groups, students with disabilities, and English learners.
- Proposed Expenditures: List the amount(s) for the proposed expenditures.
  Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to *EC* Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.
- Funding Sources: List the funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Planned strategies/activities address the findings of the comprehensive needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.

Additional CSI Planning Requirements:
- When completing this section for CSI, this plan must include evidence-based interventions and align to the goals, actions, and services in the LEA's LCAP.
- When completing this section for CSI, this plan must address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.

Note: Federal school improvement funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.

Additional ATSI Planning Requirements:
- When completing this section for ATSI, this plan must include evidence-based interventions and align with the goals, actions, and services in the LEA's LCAP.

- When completing this section for ATSI, this plan must address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.
- When completing this section for ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the ATSI designation.

Note: Federal school improvement funds for CSI shall not be used in schools identified for ATSI. Schools eligible for ATSI do not receive funding but are required to include evidence-based interventions and align with the goals, actions, and services in the LEA's LCAP.

Annual Review

In the following Goal Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Goal Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal.

- Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between the intended implementation and/or material difference between the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

Note: *If the school is in the first year of implementing the goal, the Annual Review section is not required and this section may be left blank and completed at the end of the year after the plan has been executed.*

Additional CSI Planning Requirements:

- When completing this section for CSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the federal CSI planning requirements.
- CSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI planning requirements.

Additional ATSI Planning Requirements:

- When completing this section for ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the federal ATSI planning requirements.
- ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for ATSI planning requirements.

Budget Summary

In this section, a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp.

Note: *If the school is not operating a Title I schoolwide program, this section is not applicable and may be deleted.*

Additional CSI Planning Requirements:

- From its total allocation for CSI, the LEA may distribute funds across its schools that are eligible for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Note: *CSI funds may not be expended at or on behalf of schools not eligible for CSI.*

Additional ATSI Planning Requirements:
Note: *Federal funds for CSI shall not be used in schools eligible for ATSI.*

Budget Summary Table

A school receiving funds allocated through the ConApp should complete the Budget Summary Table as follows:

- **Total Funds Provided to the School Through the ConApp:** This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- **Total Funds Budgeted for Strategies to Meet the Goals in the SPSA:** This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving funds from its LEA for CSI should complete the Budget Summary Table as follows:

- **Total Federal Funds Provided to the School from the LEA for CSI:** This amount is the total amount of funding provided to the school from the LEA for the purpose of developing and implementing the CSI plan for the school year set forth in the CSI LEA Application for which funds were received.

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.
A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the Schoolsite Council (SSC). The content of a SPSA must be aligned with school goals for improving student achievement.

Requirements for Development of the Plan

I. The development of the SPSA shall include both of the following actions:
   A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
      1. The comprehensive needs assessment of the entire school shall:
         a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need).
         b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to:
            i. Help the school understand the subjects and skills for which teaching and learning need to be improved.
            ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards.
            iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
            iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
            v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
   B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

Requirements for the Plan

II. The SPSA shall include the following:
   A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.
   B. Evidence-based strategies, actions, or services (described in Strategies and Activities)

1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will:
    a. Provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
    b. Use methods and instructional strategies that:
        i. Strengthen the academic program in the school,
        ii. Increase the amount and quality of learning time, and
        iii. Provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
    c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
        i. Strategies to improve students' skills outside the academic subject areas;
        ii. Preparation for and awareness of opportunities for postsecondary education and the workforce;
        iii. Implementation of a schoolwide tiered model to prevent and address problem behavior;
        iv. Professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
        v. Strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.

C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the LEA (may include funds allocated via the ConApp, federal funds, and any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.

D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
    1. Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;
    2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and
    3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Educational Partner Involvement and/or Strategies/Activities).
F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to:
    1. Ensure that those students' difficulties are identified on a timely basis; and
    2. Provide sufficient information on which to base effective assistance to those students.
G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

Appendix B: Plan Requirements for School to CSI/ATSI Planning Requirements

For questions or technical assistance related to meeting federal school improvement planning requirements, please contact the CDE's School Improvement and Support Office at SISO@cde.ca.gov.

Comprehensive Support and Improvement

The LEA shall partner with educational partners (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Educational Partner Involvement).

The CSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (S*ections: Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable*);

2. Include evidence-based interventions (*Sections: Strategies/Activities, Annual Review and Update, as applicable*) (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" at https://www2.ed.gov/fund/grant/about/discretionary/2023-non-regulatory-guidance-evidence.pdf);

   Non-Regulatory Guidance: Using Evidence to Strengthen Education Investments

3. Be based on a school-level needs assessment (Se*ctions: Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable*); and

4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (S*ections: Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable*).

Authority Cited: Sections 1003(e)(1)(A), 1003(i), 1111(c)(4)(B), and 1111(d)(1) of the ESSA.

Single School Districts and Charter Schools Eligible for ESSA School Improvement

Single school districts (SSDs) or charter schools that are eligible for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (*EC* Section 64001[a] as amended by Assembly Bill 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the LCAP and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (*EC* Section 52062[a] as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: *EC* sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.

- **CSI Planning Summary for Charters and Single-school Districts**: https://www.cde.ca.gov/sp/sw/t1/csiplansummary.asp

Additional Targeted Support and Improvement

A school eligible for ATSI shall:

1. Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable*).

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B), and 1111(d)(2)(c) of the ESSA.

Single School Districts and Charter Schools Eligible for ESSA School Improvement

Single school districts (SSDs) or charter schools that are eligible for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (*EC* Section 64001[a] as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (*EC* Section 52062[a] as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: *EC* sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.
