Frequently Asked Questions

Why are so many supplies requested?

Based on our experience, these supply amounts typically meet the needs of elementary students for the entire school year. We recommend taking advantage of back-to-school sales, and we're happy to store extra supplies in the classroom for students to use as needed. While name-brand items are suggested for quality, we gladly accept all brands.

Does my child need gym shoes?

Students are not required to keep an extra pair of gym shoes at school as long as they wear appropriate shoes on P.E. days. However, it may be helpful to have a spare pair at school if your child often wears sandals, flip-flops, dress shoes, or plays actively outside in grassy or mulch-covered areas.

Can my child bring a Trapper Keeper?

We ask that students not bring Trapper Keepers, as they do not fit inside school desks.
