Q&A

Question Set 06/12/26

Q: For purposes of preparing the Statement of Qualifications, should respondents demonstrate qualifications across all anticipated review areas equally, or are there particular areas the District considers highest priority for this review at this stage? If priorities have been identified, it would be helpful to know which issues the District most wants the selected partner to help answer during the review.

A: The RFQ has identified areas that the district has determined important after input from a variety of stakeholders and have equal importance. While areas of focus may be further refined within the review process, it is important for the selected partner to demonstrate an ability to address the areas listed in the RFQ.

Q: What is the budget for this project?

A: There is not a fixed budget amount for this project. The district will consider the organization's qualifications, experience, and scope and depth of services when reviewing potential organizations within this RFQ process.

Q: While the project timeline is an estimated 4 – 6 months, please provide a date the district would be prepared to start this work?

A: This district would like to commence this work as soon as feasible, likely in August 2026.
