

Job Shadowing Research Activity

Complete the following research assignment as part of your preparation for the upcoming job shadowing opportunity. This research will be the basis for in-class discussion and presentation prior to the experience.

Student Name:
Host Company:
Company's web address:
Company's physical address:
Company's mission statement:
What is the company's primary business?
What departments exist within the company?
What companies do you think are in competition with the host company's?
After researching the company, what are some questions that you will ask your job shadow host?
Based on your research, what do you think you will like most about the job shadowing experience?
If you could come away from the job shadowing opportunity having learned one thing, what would that be?
Anything else you learned while doing your research that you'd like to share with your teacher or the class?

Resources were collected, developed, and provided by: ConnectED: The National Center for College and Career; New York City Department of Education; Clairemont High School in San Diego; and College and Career teams in North Kansas City School District.
