Why do we use Prismacolor colored pencils when they cost more than Crayola?

Part of the Montessori philosophy centers around giving children quality materials to help them learn and grow. Art is an integral part of our classroom. We work hard to provide the children with fun and engaging lessons that use the highest quality materials. Prismacolor colored pencils are easier for the children to manipulate, provide a richer finished product, and sharpen far easier than other brands. Thank you so much for your support.

Thank you for your support of our classroom!

The above supplies are for Room 1014. Kindergarten students will need to purchase supplies for specials (Art, Technology, and Library).
