

## **ATHLETIC INJURY PROTOCOL FOR CLINT ISD**

- 🚗 The athlete is to report all injuries to his/her respective coach upon occurrence.
- 🚗 The coach will then refer the student athlete to the athletic trainer.
- 🚗 If the athlete realizes later at night or when the athletic trainer is not available, that he/she has an injury, he/she is to report it to the Athletic Training staff before school during morning treatments if available. If the injury becomes an emergency, seek medical care at the nearest hospital Emergency Room. Follow up with the Athletic Trainer as soon as possible.
- 🚗 If further medical attention/evaluation is necessary, the Athletic Trainer's will work in conjunction with the student athletes physician and/or other doctors regarding treatment of the athlete.
- 🚗 If advance medical care is sought or recommended, the athlete must return a signed and dated release from a medical provider to the Athletic Trainers before being released back into Athletics. Parental Authorization and/or notification will not be accepted.
- 🚗 **For middle school athletes only:** Report your injury to your coach. Who will then follow procedures to refer athlete to the athletic trainer and notify the parent of injury.
