Grade Span: K-6

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu/>.

About Our School

Richman Elementary School was established in 1958 and is located in the City of Fullerton in Orange county. It is bordered by a public park to the East with residential homes to the West. Richman's population is composed of students from diverse backgrounds with 79.3% of families eligible for free or reduced lunch. Richman is identified as a Title I School program Transitional Kindergarten (TK) through sixth grade. In addition we have an award winning Reggio Inspired State Preschool program on campus that serves the Fullerton School Community. Richman was named the #1 Public Elementary School in Orange County by OC Parenting Magazine in 2020.

The current Richman school enrollment for the 2024-2025 school year is 512, which includes our State Preschool and Transitional Kindergarten (TK) program. Our State Preschool Program is a full day program.

Our committed staff takes pride in the achievement and the success of every student in our school. Parental involvement is a cornerstone of the school and opportunities to participate in family centered school activities are offered, such as ELAC, SSC, DELAC and PTA. Parent workshops are developed and implemented based on need and interest, so that parents continue to learn and grow to work with their children and make learning an enjoyable experience. We offer students a variety of opportunities to participate in enrichment opportunities before and after school. After school students may participate in Soccer, Basketball, Speech and Debate Team, Congressional App Challenge, E-Sports Team, Robotics Team, 4th grade Hockey Team, Musical Theatre, Broadcasting News Club, and a free before and after school program. During school hours we offer a Response to Intervention (Rtl) program to support our students academically and behaviorally. Our students know that Richman is a safe place that will prepare them to be life-long learners and be successful in their future endeavors.

Our school community consists of the Richman staff, parents, and the surrounding community which allows us to have an innovative approach for assisting our students in achieving their academic and social goals through meeting the Common Core State Standards. Without the committed parents and community, our goals could not be met. The Richman staff is also committed to improving student learning by analyzing data in order to plan for the current and future needs of our students.

Richman was recognized as OC Parenting Magazine's 2020 Reader's Choice Award for the Best Public Elementary School in Orange County as well as three prestigious awards: California Gold Ribbon School

Award, Title One Academic Achievement Award, and a Positive Behavior Intervention & Supports (PBIS) Platinum Award winning school in 2023.

School Description and Mission Statement (School Year 2025–26)

Richman Elementary is a collaborative learning community that values the home-school partnership. We are a school community that empowers students to be creative, thoughtful citizens by promoting a highly engaging, relevant and rigorous learning environment that encourages critical thinking and creativity. We provide a strong foundation in literacy and communication skills by integrating the disciplines of science, technology, engineering, arts, and mathematics (STEAM), as parts of the education STEAM Pipeline.

Vision: Richman Elementary aims to provide all students with an excellent education so that they feel empowered to dream big, discover their passion while developing their potential to become lifelong learners and responsible citizens.

We are most fortunate that through partnerships and grants, we have been able to create two highly engaging and inspiring STEAM labs---our Reggio Inspired Primary STEAM Lab, for Transitional Kindergarten to 2nd grade; and our STEAM and Dream Center for Creativity and Innovation for 3rd thru 6th grade.

In addition to the STEAM Labs, our Programs Include:

- Full Day TK and Kindergarten
- All the Arts Program K-6th
- 4th -6th grade Speech and Debate Team

- RTI Lab
- Counselors on site
- Hockey After School Program

Quality, Currency, Availability of Textbooks and Other Instructional Materials (School Year 2025–26)

The Fullerton School District wants every student to have the books and learning materials they need to be successful. Each year, our Governing Board reviews the availability of textbooks and instructional materials to make sure all students have access to high-quality, standards-aligned resources.

On September 16, 2025, the Board held a public meeting to check that every student, including English learners, has their own textbook or digital learning materials for use in class and at home. The Board also ensured that materials align with California’s academic standards.

After reviewing all information, the Board approved a resolution confirming that the Fullerton School District has provided sufficient, standards-aligned instructional materials for all students for the 2025–2026 school year. Our goal is to make sure every student has the tools they need to learn, grow, and succeed.

School Facility Conditions and Planned Improvements

The District takes great efforts to ensure that all schools are clean, safe, and functional. Listed below is more specific information on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment. Richman Elementary School has 42 classrooms, a library media center, a daycare center, an Evenstart building, and a multipurpose room. The main campus was built in 1958. Additions were constructed in 1960 and 1972. Ten portable classrooms were added between 1991 and 1998. three more were added between 2000 and 2001. The multipurpose room was completed in 2006. District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority. The District has established cleaning standards for all schools in the district. A summary of these standards is available at the district maintenance office. The Maintenance and Operations staff works with the custodial staff to develop cleaning schedules to ensure a clean and safe school. The District participates in the State School Deferred Maintenance Program, which provides state matching funds on a dollar-for-dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior and exterior painting, and floor systems. During 2024-25, the District spent \$0 on Deferred Maintenance. For the 2025-26 school year, the District budgeted \$0 for Deferred Maintenance expenditures.

School Facility Good Repair Status

Using the **most recently collected** Facility Inspection Tool (FIT) data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected
- The rate for each system inspected
- The overall rating

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes assessments for English language arts/literacy [ELA], mathematics, and science for students in the general education population and the California Alternate Assessment [CAA]. Only eligible students may participate in the administration of the CAA. CAA items are aligned with alternate achievement standards, which are linked with the Common Core Standards [CCSS] or California Next Generation Science Standards [CA NGSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAA for ELA** in grades three through eight and grade eleven.
 2. **Smarter Balanced Summative Assessments and CAA for mathematics** in grades three through eight and grade eleven.
 3. **California Science Test (CAST) and CAA for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
- **College and Career Ready:** The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Note: To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: ELA and Mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAA divided by the total number of students who participated in both assessments.

Note: Science test results include the CAST and the CAA for Science. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

Note: To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site

Opportunities for Parental Involvement (School Year 2025–26)

The foundation for student success is based on a partnership between students, staff, and parents. Active parent participation is very important. We encourage all of our families to make the commitment to become involved in at least one activity or event during the school year. Richman School provides opportunities for all parents to participate. Meetings are held in both English and/or Spanish and all forms (informational materials and reports) are provided in both English and Spanish. Translators are available for conferences as needed. We encourage parents to attend parent leadership meetings including: PTA, School Site Council, ELAC and DLAC. Parents are invited to attend Back to School Night, Open House, PTA meetings and Coffee with the Principal. Richman celebrates student achievement weekly at our Monday Morning Assembly and monthly at our Character Award Assembly. The entire school community is invited to celebrate with us. Families are invited to participate in annual events, such as: Annual Richman Harvest Festival, Halloween Parade, Family Dance, STEAM Night, Reading Night, Loved Ones Day, Family Arts Night, and Family Movie Nights. We encourage parents to volunteer in the classroom and are committed to expanding the involvement of parents at school. In addition, through parent classes and workshops we seek to deepen the level of parent education and knowledge regarding school programs and priorities as a means to support their children to achieve at high levels. We encourage all interested parents to contact the school office for more information.

State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school graduation rates;
- High school dropout rates; and
- Chronic Absenteeism

School Safety Plan (School Year 2025–26)

A comprehensive school safety plan was developed and approved in compliance with Education Code Sections 33126, 35256, and 32286 as well as applicable District policies and regulations. Each year, prior to March 1, the school's safety plan is reviewed, updated and discussed with staff and School Site Council. Annually, the school's staff reports on the status of its safety plan with the school leadership team, PTA and School Site Council. Status reports and updates are reviewed at the beginning of each school year and again in December before the finished School Safety Plan is approved by the members of the School Site Council on December 17, 2018. The key elements of the plan include: a) providing a safe teaching and learning environment for all students and staff members, b) ensuring that all students are safe and secure while at school sponsored activities, c) making district programs and community resources available to students and parents, and d) creating a school where students, programs, and community members interact in an atmosphere of mutual respect that enhances the environment for learning. Each year the school submits along with the safety plan a detailed "action plan" which addresses the identified areas the staff and School Site Council has brought forward as critical areas of concern or how they should improve. A copy of the plan is available at all times in the school office and will provide a more detailed description of each element of the plan including specific actions, resources and time lines to be implemented by the school. Copies are also available at the District Office in the office of Child Welfare and Attendance.

Updated and reviewed with staff: February 2, 2026
