Graduation Ceremony for Class of 2026,
May 22, 2026

Congratulations ILTexas PHS Class of 2026

This year, ILTexas seniors earned admission to prestigious universities, including Yale, New York University (NYU), UC Berkeley, UC San Diego, UC Irvine, the University of Toronto, Lehigh University, Georgia State University, and more. With support from our college advising team, ASP, some students not only secured impressive admissions offers but also earned significant merit scholarships to help make their university goals more affordable.

The ILTexas Graduation Ceremony was a memorable celebration of achievement, growth, and new beginnings. Surrounded by family, friends, teachers, and staff, our graduates proudly crossed the stage, marking the culmination of their high school journey. We are grateful to everyone who joined us in honoring the Class of 2026 and celebrated this special milestone together. **Click [here](#) to watch the full Graduation Ceremony video** and relive the unforgettable moments.

A Recognition of Excellence: Honoring Our Graduates' Success

The Class of 2026 achieved remarkable college acceptance results, with 100% of our international seniors earning admission to multiple universities. One of this year's standout success stories is Colin Cho, who was admitted to New York University (NYU) and awarded approximately \$95,000 in scholarships. These accomplishments reflect the hard work of our students, the support of their families, and the guidance of our teachers, counselors, and college advising team. We are incredibly proud of all they have achieved during their time at ILTexas Private High School. More Than a Dance: Celebrating Friendship, Growth, and Community

At ILTexas Private High School, one of the greatest joys is watching our students grow into confident young adults. For many, that journey began by moving to a new country and embracing new opportunities, friendships, and experiences.

Prom is more than a special night—it is a celebration of the memories, friendships, and personal growth that make the high school experience so meaningful. As we celebrate the Class of 2026, we are proud not only of their academic achievements but also of the incredible journey they have shared together.

IMPORTANT ANNOUNCEMENT

ILTexas PHS would like to thank Mr. Ryan Evans for his contributions over the last year. Mr. Evans is transitioning out of his role June 30 to be closer to his family. Mr. Gary Manns will serve as the interim Director of International Students until the replacement is on board. **Thank you, Mr. Evans- we wish you all the best!**

Upgraded Dorm Environment

Transforming Our Student Apartments

We are excited to share that dormitory renovations are underway this summer and will be completed before the start of the 2026-2026 school year. Students can look forward to upgraded residential facilities including brand-new outdoor courts for badminton, pickle-ball, volleyball, and soccer. We now have a fitness center, conference/group study area, and an updated Welcome Center. These improvements reflect our ongoing commitment to creating a safe, comfortable, and engaging home-away-from-home experience for our students.
