SUPERINTENDENT'S REMARKS (NO ACTION / REPORT ONLY)

Dr. Saul Hinojosa, Superintendent of Schools, addressed the Board and audience: Just a few things, it's hard to imagine the end of the school year is upon us it seems like a blur that we just started with the Convocation at Port Tech and we are here today, 2 more weeks and the school year ends for our students. A lot has happened since the last board meeting. First of all, there is many celebrations and many things to look forward to. One of the celebrations and I know many of our Board members were present. Price elementary was awarded the School of Promise for one of the campuses that were identified as a school with improved academic results. And as a result, the National Institute of Excellent in Teaching came to award this award on campus. Mr. Boysen and his staff did a great job of receiving the NIET along with some of our elected officials who were present and they received a \$5,000 check. So, again congratulations goes out to that campus. Also, in somewhat

related to the district today in the San Antonio Express News our Athens or formally Athens elementary was highlighted of how the district is repurposing some of our campuses. Dr. Adriana Rocha Garcia was highlighted on the front page of the Express News of how she is trying in her organization, trying to get other entities to try to come in to provide services here on the South side. So again, very grateful for the work that's been done by former Councilwoman Garcia. I know that she is going to do great things with that organization. Just some concerns for parents I know as we approach the next school year, one of the things that we want to say is that we are going to be offering the afterschool program. We did submit for a grant and we should know on July the 1st if we are awarded that grant but never the less if the grant is not received we want to continue serving our families with the afterschool program because we know that many of our parents work. And just to let them know we are here to provide that additional childcare up until 6 o'clock. You know, so kids have a safe place to be until their parents get home. So, we're gonna continue offering that program free of charge for our families in the district. May the 22nd is a big day, its Friday and we will receive the results of the end of course testing which is primarily our high school results and our Algebra results which are at the three middle schools. On the 29th we will receive the rest of the results to see how we did, right, what areas we need to improve and what areas we are exceeding. So, hoping to come back in June with some good news to our Board when we look at how our students are progressing academically. On June the 1st is our graduation at the Alamodome and I know I spoke to Mrs. Almendarez during lunchtime and we have 531 students scheduled to graduate on June the 1st at the Alamodome. So, it should be an exciting time for our families and our students as well as they start the next chapter in their lives. Just some of the summer projects ongoing, I know the Board approved 2 chillers one at Carrillo elementary. That's \$250,000 that we are going to be installing over the summer and also at Palo Alto. I believe that one is \$90,000 HVAC unit that we are going to install at that particular campus. As we see we expect more issues when we look at our facilities ongoing. I've been going out to the community, I think we are up to about 650 individuals that we have spoken to and probably over 40-50 meetings and so far, I hope to come to the Board next month talking about the possibility of the moving forward with a VATRE as its been for the most part, well received. I have yet to hear anybody really speak against it to this point. So, we will continue to press forward and then bring some information back to the Board next month. Again, very successful year, a lot of great things happening, our students really excelled. Another thing I forgot to mention we had a UIL meet this past week. Many of our elementary campuses participated and really did a great job in all subject areas. So, the kids, just seeing them dressed and seeing them compete was really great to see. And again, a big thank you to all the staff that helped judge many of these events as well. Just this week I got to see a dance competition, mariachi competition, Top 10, I mean it's been a series of activities and I know there is many scheduled this week as well. Again, I know everybody is looking forward to June the 1st for graduation and the end to a successful school year. Thank you.
