

## Virtual Academy Course Offerings 2026-2027

The below classes are being offered at the Virtual Academy for the School Year 2026-2027.

A student is able to request classes from approved courses in our Program of Studies. Please note, that while these courses are approved, they may not be offered by your school due to the number of students who have requested the course and/or school staffing. To view the current Program of Studies website, [please click here](#).

### Virtual Academy offers the following graduation pathways:

- World Language - 2 consecutive years of the same language
- Career Research Development (*will be phased out and may not be available to all students*)
- Business Administration Management
