WISSAHICKON SCHOOL DISTRICT
AMBLER, PENNSYLVANIA 19002-3496

INVITATION TO BID

SPECIFICATIONS

FOR

Middle School Serving Line Bid
2026

June 2026

INSTRUCTIONS TO BIDDERS

1. Bids will be received **NO LATER THAN 10:00 A.M. Wednesday, July 1, 2026,** at the Business Office, Wissahickon School District Administration Building, 601 Knight Road, Ambler, Pennsylvania, 19002.
   Bids will be opened immediately thereafter.

2. All bids shall be submitted in a sealed envelope, marked-
   "**SEALED BID – "MIDDLE SCHOOL SERVING LINE BID".**

   BIDS ARE REQUIRED TO BE SEALED UPON DELIVERY

3. Changes, alterations, or interlineations in the bid are not allowed.

4. Bids shall show both unit and total prices. Should figures be irreconcilable, the unit price shall govern, and award will be made on that basis.

5. Bid figures shall include all charges including delivery and installation of awarded equipment AND removal and disposal of equipment being replaced at the destination called for in these specifications, and shall include all discounts except for cash discounts.

6. The School District is exempt from Federal Excise Tax and State
   Sales Tax and will execute a Tax Exemption Certificate when requested.

7. Delivery and installation shall be made at the destination called for between September 1, 2026 and October 30, 2026, unless otherwise specified on the purchase order.

8. Questions can be directed by email to Brian Russell, Director of Facilities, brussell@wsdweb.org.

9. The bid prices shall be firm for ninety (90) days.

BID CONDITIONS

1. It is mutually understood and agreed by and between the Board and the Bidder that the Board may make its award for one or for more than one of the items set forth in these specifications or may make its award for all the items set forth in these specifications. The Board has the right to accept or reject all or any portion of the bids submitted and to make the award in the best interest of the Wissahickon School District.

2. It is hereby understood between the Board and Bidder that a Bid Bond or Certified Check **IS NOT REQUIRED** for this bid.

3. The Bidder agrees, if awarded the contract, to furnish, deliver and install the said items at such times, at such places and in such quantities as herein specified, and to remove and dispose of equipment being replaced and that all of the items shall be subject to the inspection and approval of the Board. In the event that any of the items shall be rejected as unsuitable or not in conformity with these specifications, such items shall at once be removed and other items of proper quality as set forth in these specifications shall be furnished in place thereof at no additional expense of the Board.

4. In the event that the successful Bidder shall neglect or refuse to furnish and deliver the said items or any part thereof as provided in these specifications, or to replace any which are rejected as stated in the preceding paragraph, then, in such event, the Board is authorized and empowered to purchase items in conformity with this contract from such party or parties in such quantity and in such manner as it shall select at the expense of the successful Bidder, or to cancel this contract reserving to itself, nevertheless, all rights for damages which may be incurred by the Board.

5. The Bidder agrees that if the contract is awarded to him, he will not assign, transfer, or sublet it, unless specific permission to do so is granted in writing by the Wissahickon School District.

6. The Bidder agrees that if the contract is awarded to him, he will not assign in whole or in part any rights or privileges which may accrue to him under the terms of the contract or any money which may become due to him thereunder.

7. Where the invitation for bids describes or specifies a particular item, no alternates shall be permitted.

8. The Bidder does hereby agree that, if awarded the contract under these specifications and in consideration thereof, he will indemnify and save harmless the Wissahickon School District and the Board of School Directors, its members, and the Purchasing Agent and his staff, from all suits and actions of every nature and description brought against them or any of them growing out of any contract or contracts, written or verbal, entered into between the Wissahickon School District and the successful Bidder, and further that upon the awarding of the contract to the undersigned Bidder in accordance with these specifications this agreement and identification shall automatically become effective.

9. The singular as used herein shall include the plural; the masculine shall include the feminine and neuter; “items” as used herein shall include supplies, materials, and equipment and all incidental work and labor if the same is contemplated in these specifications. Where the term “Board” is used, it shall be taken to mean the Board of School Directors or its authorized representative. The term “furnish” shall mean to furnish and install and to remove and dispose items being replaced at the destination called for.

10. On items where samples are specified, such samples must be submitted prior to the date of opening of bids in order to ensure consideration of said items. These samples shall be plainly marked with the name of the product as well as that of the Bidder. After the awards are made, all samples will be returned to the unsuccessful Bidders. In the case of the successful Bidders, these samples will be retained until final delivery on these items is made.

SPECIAL CONDITIONS

1 The School District reserves the right to increase or decrease the quantity of each item listed and the Bidder must agree that the unit price will remain the same for the particular item regardless of the quantity. In the event that the price will vary, the Bidder must so indicate these items that are priced for the particular quantity.

2 The successful Bidder must package the individual school building order separately and deliver it per instructions specified on the purchase order.

3 Vendors are being notified by the attached specification sheets (APENDEX 1) as to the approximate quantities required to be delivered and installed to each school. This breakdown must be considered when the Bidder prices each item. The unit price bid on each item is to be the final price. No higher price may be billed by the vendor because a delivery to a particular school is less than a certain dollar amount (for example – one hundred dollars). All prices must be **delivered prices without qualifications**. Any deviation from this procedure will result in the rejection of the bid.

4 The successful Bidder shall deliver and install all awarded equipment. It is also understood the successful Bidder shall remove and dispose of any equipment being replaced in this bid.

5 Successful bidders must ship merchandise prepaid. The School District will refuse to accept any delivery that is not prepaid and will return items not prepaid to bidders at bidder expense.

6 The School District will make every effort to pay vendors' invoices within thirty (30) days of receipt of materials.

7 In order to facilitate payment of Bidders' invoices for material supplied on this bid, the Vendor may submit, attached to his invoice, a copy of a packing list or delivery receipt showing a legible recognizable signature of the District employee receiving the material. This will permit the Business Office to make payment within the payment terms.

8 Safety Data Sheets (SDS), meeting OSHA Hazard Communication Standards, are required for any product containing a hazardous substance published in the Pennsylvania Department of Labor and Industry Hazardous Substance List. The SDS must be provided to the Business Office prior to delivery of the merchandise.

9 COMPLETE SHIPMENT AND SINGLE INVOICE ONLY WILL BE ACCEPTED FOR ORDERS COSTING LESS THAN $500.00.

WISSAHICKON SCHOOL DISTRICT
Ambler, Pennsylvania 19002-3496

BID FORM

To the Board of Education of the Wissahickon School District, Ambler, PA:

Ladies & Gentlemen:

We, the undersigned, herewith propose and agree to furnish to the Board of Education of the Wissahickon School District, Ambler, Pennsylvania, the items at the price shown on the attached bid specifications.

This proposal is subject to all terms of these specifications, and we hereby agree to enter into a written contract to furnish the items as may be awarded to us, and to furnish such security as these specifications require.

We also certify that we have read these Bid Conditions and Specifications and offer to furnish the articles specified to the Wissahickon School District in exact accordance with these Bid Conditions and Specifications and at the prices stated within the delivery time stated.
