

Class of 2027 Senior Grad Ad Instructions

Due Date: November 13, 2026

Senior Grad Ads have been a tradition for many years. Parents have the opportunity to purchase space dedicated to their child / relative on a page in the Yearbook. It's a way of making the Yearbook personal to each senior and celebrating their senior year and high school career. We have full page, half page, and quarter page ads available to purchase. You have the following options when creating the grad ads:

1. Design the ad on your own. If you have prints, you'll need to transfer them into digital format. Once you've designed the ad, you'll submit using the yearbookforever.com website. Design your ad for the space size you will be purchasing (see size guide for specific measurements.). If you don't know which program/app to use, we recommend using **Canva.com**. Please include your student's first and last name somewhere in the ad so that we can identify it during production. The final step is to download your ad. When you do so, please save the ad you create with the file type "**PNG**" to ensure high resolution and good quality.

2. Your second option is taking your photo prints or digital images to either a professional graphic designer or friend that knows graphic design and they can create the ad to your specifications and upload to yearbookforever.com

3. Sizes and Prices:

Full Page Ad is \$175. Design at 10.5" high by 8.125" wide

Half Page Ad is \$100. Design at 5.125" high by 8.125" wide

Quarter Page Ad is \$50. Design at 5.125" high by 4" wide

Submission procedure:

1. Go to **Yearbookforever.com** and type in **Stanwood** into the School Name box and select **Stanwood High School**.
2. Click the **Yearbook Snap** button and type in **Spartans** for the access code.
3. Please make sure your senior's name is somewhere on the ad or in the file name. For example: **Molly Spartan Grad Ad.png**
4. Click on **Upload Photo** and select the photo/ad that you want to upload, and select **Grad Ads** as the category so it uploads to the correct folder.
