

**Timberlane Regional School District
Students in Grades 9-12 in 2026-2027
Optional Summer Learning**

The following list of suggested resources and hyperlinks is provided to help students over the summer maintain or progress in their academic skills and/or foster a desire to be lifelong learners and thinkers.

Some of the suggestions focus on skill building practice and activities that promote academic growth, whereas other suggestions serve to provide enrichment, engagement, and/or a way to gain general knowledge in content areas. Some of the suggestions are resources that may be visited frequently for short amounts of time (skill building practice), whereas other suggestions may be a one time experience and a way to spend a day over the summer alongside family and friends (enrichment/engagement). While some of the resources provide an opportunity to create an account, all of the listings can be used without logging in/signing in (unless students have already created an account with their teacher).

Although students and families should feel free to try as many of these activities as possible and as needed, the list is not meant to be used in its entirety with the purpose of completion. Consider choosing activities from a discipline in which the student needs growth, and then include additional enrichment activities in other content areas that are passions or strengths. Or, consider a challenge of choosing an enrichment activity from a discipline in which there isn't already a strong interest. Check with local libraries for free passes to various museums and locations.

We hope you enjoy the activities, and we are looking forward to hearing about your experiences when you return to school!

NH Based Day Trips:

Discover our rich, local history by exploring places from our state's past.

[Canterbury Shaker Village](#), [Strawberry Banke Museum](#), [Enfield Shaker Museum](#), [NH Farm Museum](#), [covered bridge tour](#), [Atkinson Historical Society](#), [Danville Historical Society](#), [Plaistow Historical Society](#), [Sandown Historical Society](#) , [Wright Museum](#)

Math (9-12)

For skill building and math practice, click on the following hyperlinks:

[Desmos:](#)

[Brilliant:](#)

[Math Games:](#)

For some fun and enriching math activities, consider visiting the following museums:

[National Museum of Math](#)

[Boston Museum of Science](#)

Business/ICT (9-12)

Web Design and Computer Science

Explore the hyperlinks below for skill development and enrichment.

[Code.org](https://code.org)

[Hour of Code](https://hourofcode.org)

Office Essentials

The following hyperlinks will help students with skill development in the Microsoft Office Suite of tools.

[Microsoft Word tutorial](#), learn how to format text, save and share documents, modify line and paragraph spacing, use tables and columns, and do more with your documents.

[Microsoft Excel tutorial](#), learn how to create formulas and charts, use functions, format cells, and do more with your spreadsheets.

[Microsoft PowerPoint tutorial](#), learn how to use themes and background styles, add pictures and clip art, modify charts and lists, and do more to create standout presentations.

Science (9-12)

For Biology Content and Enrichment: [The Amoeba Sisters](#)- GIFs, comics, videos, and handouts for high school biology; [Bozeman Science - YouTube](#) - for more advanced biology learning.

For Science Enrichment and Exploration: [Resources For Lesson Plan For Science | PBS LearningMedia](#)

For Science Activity Ideas: [Technovation Families](#) website with family friendly ideas for problem solving activities

Day Trips

[Museum of Science, Boston](#)

[Museum of Comparative Zoology](#)

[The Butterfly Place, Westford MA](#)

[NH Fish & Game Fish Hatcheries and Education Centers](#)

[NH State Parks](#)

[Squam Lake Natural Science Center](#)

[Seacoast Science Center](#)

[Great Bay Discovery Center](#)

[McAuliffe-Shepard Discovery Center](#)

[Granite State Whale Watch](#)

Music (9-12)

The following links are for skill development, reinforcement and enrichment.

Band and Orchestra

[Smart Music](#) allows students to search for music in their ensemble category (band or orchestra) and develop skills as they play along to new songs.

Guitar

[Hub guitar](#) allows students to practice skill development.

All musicians

[Theta Music Trainer](#) Provides enrichment through the use of musical games.

Health & Physical Education (9-12)

[NH State Parks](#) - great for walking and time outside

[At home workouts](#) - options for working out without having to go to the gym

[Muscular Strength/Weight Training](#) - variety of free workouts

[Workouts and Wellness](#)- resources and videos
