Q: Breakdown of dish machines in districts:

A: See table below

District	# dish machines	# low temp	Dish machines in summer?
Commerce City	4	0	1
Fannin County	5	0	0
Jackson County	13	0	0? (summer feeding not confirmed for 2027)
Oconee County	12	0	0
Social Circle	2	2	0
Walton County	15	1	0

Q: Clarify if visits are required on a repeating cycle once per month or every 12 days

A: Site visits may occur no closer than 12 days apart but must be scheduled at least once per month that school is in session.

In other words, visits may not be scheduled on (for example) August 28, then again on September 3. Such scheduling would meet the requirement of once per month, but visits would be less than 12 days apart.

Q: What is the total number of nutrition staff for each participating district?

District	# staff
Commerce City	19
Fannin County	30
Jackson County	100
Oconee County	42
Social Circle	20
Walton County	124

Q: Wilkes County appears one time as a participating district.

A: Wilkes County is not a participating district. Please delete Wilkes County from the list of districts on page 24 (Appendix A)
