

Purchase your K-5 school supplies through One U City this year!

All your child needs is a backpack and we'll take care of the rest!

Why would I buy through One U City?

You won't need to brave the packed aisles at stores, 1UC is able to purchase supplies in bulk and tax-free, and even save you some money.

Does it matter where my student goes to school?

Nope! SDUC elementary schools collaborated and came up with a universal supply list for each grade. We will use those lists to purchase supplies and distribute them to you at Meet the Teacher night in August.

What if school supplies aren't in my budget this year?

No worries, our district ensures that every child has what they need!

What is One U City anyway?

One U City (1UC) is the family and community organization that supports the early childhood center, elementary schools, and middle school of the School District of University City.

When will I be able to buy school supplies?

Keep an eye on your email. The sale will start in July.

How much will it cost?

Cost will vary by grade, and will be shared in July.
