February 7, 2025

Dear Future Lincoln Leopards and Guardians,

I enjoyed meeting with your 6th grade students last week at the middle schools. You will find details, information, the handout packet that was given during student presentations that includes highlights from the Junior High Course Catalog, information about junior high, course selection information for 7th grade and all things in regards to 7th grade on our Lincoln Website. ***This link provides an abundance of information.***

Please review the linked Athletic Flyer which provides information about **2025 spring tryout dates** for the next school year (2025-2026). As students complete the course selection form, they will choose PE unless they select football. Should a student successfully make it onto a competitive athletic team, their schedule will automatically include a designated athletic period for that specific sport. Coaches will provide this information to counselors.

It is not a requirement but should you have questions or need further guidance, then please use the provided link to schedule an online meeting as we continue the SSP process of 7th grade course selections for next school year at Lincoln Junior High School. Starting on 2/10/25-3/7/25, I will be available to meet with you for a 20-minute virtual appointment to discuss course options; your student may choose to attend, but it is not a requirement. To schedule an appointment, please follow this link: You Can Book Me.

When you and your student are ready to select course requests, please complete the Course Selection Form. Once you have submitted your course requests, you will receive an emailed copy of the selections. Requests need to be submitted through this form by Friday, March 7, 2025. If you are unsure which junior high your student is zoned for, you may check your school zone here.

If you have any questions about course requests for next year, including parent meetings, your appointment, or the Google form, please email me at acartee@bentonvillek12.org

I look forward to welcoming your future Lincoln Leopard!

Sincerely,

April Cartee

Lincoln Junior High School, 7th Grade Counselor
