

Process for Non-Medical Immunization Exemption (Waiver)

The Branch Hillsdale St. Joseph Community Health Agency has changed the process for requesting a non-medical Immunization exemption (waiver). Parents/Guardians will need to complete an online education prior to making an appointment with the agency. Details regarding the process and access to the training module can be found at bhsj.org/faqs/73 or following the QR code below.

If your family lives outside of Branch, Hillsdale, or St. Joseph county, please contact your local public health department to discuss the process for a non-medical immunization exemption (waiver).
