Dear Parent(s) and Guardian(s),

We will be having a Summer Fun reading challenge. Students are asked to write the picture book's title or chapter number/name on a book on the Summer Fun reading challenge paper.

Please make sure your child's first and last name, new teacher, and grade for the 2026-2027 school year are on the completed Summer Fun reading challenge sheet. A parent/guardian needs to sign the completed sheet, and return the sheet to school before Thursday, August 27th .

If your child completes the Summer Fun reading challenge sheet before August 27th, he/she may gladly get another sheet from the elementary office or download a Summer Fun reading challenge paper from our school's website. It will be under the "News/Announcements" on the "Elementary School Page."

Each student that participates will get a special prize. The student from each grade level that reads and completes the most Summer Fun reading challenge sheets will receive a special reward.

For our current PreK, kindergarten and first grade students, books that a parent/guardian/family member/friend reads to them can be included.

For our current second and third grade students, one chapter in a chapter book is equal to one book.

Thank you for your support. Have a wonderful summer and keep reading! 😊
