

CORE PILLARS OF THE VISION

1. HUMAN-CENTERED APPROACH

AI tools serve as supplements to human learning and interaction, ensuring the educator remains at the heart. Integration is intentional and aligned with specific learning objectives.

2. ETHICAL & EQUITABLE USE

Prioritizes student well-being and educational equity. Ensures AI tools do not perpetuate bias or disadvantage any student group.

3. DATA PRIVACY & SAFETY

Maintains rigorous standards for data security. Complies with FERPA, COPPA, and Texas privacy laws to protect student information with robust measures.

4. ACADEMIC INTEGRITY

Encourages using AI as a tool for brainstorming and learning, while maintaining transparency and original analysis in student work.
