BACKGROUND

Exhibit A of RFP #1.26 includes a line item for a custom stainless steel work table (Advance Tabco, Model MSLAG-363-X) specified with two (2) drawers on each side, for a total of four (4) drawers. Following the release of RFP #1.26, the District was notified by the manufacturer that the originally specified configuration — two drawers per side — cannot be produced as specified. Subsequent to the issuance of Addendum No. 2, the District was further notified that a four-drawer single-side configuration also cannot be produced.

As a result, the District is issuing this Addendum to revise the drawer configuration specification for this line item. The revised specification consolidates the drawers to three (3) on a single side of the table, reducing the total drawer count from four (4) to three (3). All other dimensions, materials, and construction specifications for this item remain unchanged. All other dimensions, materials, and construction specifications for this item remain unchanged.

SPECIFICATION CHANGE — EXHIBIT A, LINE ITEM 6

The following change applies to Line Item 6 of Exhibit A (Stainless Steel Work Table with Drawers). This revision supersedes the original specification for this item only.

All other specifications unchanged: Table dimensions, stainless steel gauge, bottom shelf, finish, quantity (2 units), and all other Exhibit A line item requirements remain as originally specified.	

IMPACT ON BIDDERS

Bidders who have already prepared their response:

Please update your Exhibit A pricing submission for Line Item 6 to reflect the revised drawer configuration (3 drawers on a single side). If this change affects your unit pricing, revise accordingly before submitting your sealed bid.

The following points clarify the scope of this change:

- Only the drawer configuration for Line Item 6 is affected. No other line items in Exhibit A are changed by this Addendum.
- The total number of drawers per table is revised to three (3) on a single side. This supersedes the four-drawer single-side configuration issued in Addendum No. 2.
- Bidders proposing an acceptable substitution for this item must ensure the substitute product meets the revised specification (3 drawers, single side) and all other original Exhibit A requirements.
- If this specification change affects a bidder's ability to supply the item, the bidder should contact the District in writing no later than the questions deadline of June 19, 2026 at 2:00 PM.
- The Bid Due Date of June 24, 2026 at 2:00 PM remains unchanged.
