2024-2025 School Accountability Report Card
(Published During the 2025-2026 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at https://www.cde.ca.gov/ta/ac/sa/
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at https://www.cde.ca.gov/fg/aa/lc/
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at https://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) https://www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)	Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at https://admission.universityofcalifornia.edu/.
Admission Requirements for the California State University (CSU)	Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at https://www2.calstate.edu/.

2025-26 School Description and Mission Statement

E. Hale Curran Elementary School boasts a strong community feel. EHC is the smallest elementary school and offers a positive environment for students in grades TK-5 that embraces the diversity of our school community. Our STEM focus is integrated into our regular curriculum, as well as through project-based instruction. Integrated curriculum fosters a way of learning that mimics real life. We are committed to creating an environment where children are excited about learning and approach learning with a growth mindset. We believe that students must develop creativity, curiosity, collaboration, communication and critical thinking skills in order to be college and career ready. We are a community of learners where the

2025-26 School Description and Mission Statement

needs of children come first. Our goal of achieving at high levels drives our decision making and instructional planning for each student in our school. Our focus on student learning and high expectations for all students ensure all students are prepared for success.
Highlights & Achievements:

- A 2025 Positive Behavioral Interventions and Supports (PBIS) Silver recognized school for cultivating positive, supportive, and inclusive environments.
- A 2025 Educational Results Partnership Honor Roll School for closing the achievement gap in Math & English Language Arts.
- Recognized as one of the Best Public Elementary Schools in California by U.S. News and World Report.
- "Cougars in the News", a student news team, is a weekly show that informs staff and students on school news. The team interviews teachers and community members of Curran.
- Curran was selected by the Ryan Dungey Foundation to receive 24 balance bikes and 24 helmets through the "All-Kids Bike" program so that all our kindergarten students will learn to ride.
- In the 2024/25 school year, Curran increased students meeting or exceeding standards in mathematics by 7%.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2025-26 Quality, Currency, Availability of Textbooks and Other Instructional Materials

All textbooks used in MVUSD are reviewed by administrators, teachers, and parents before Board of Education adoption at a public meeting. The district provides all students, including English learners, with standards-aligned textbooks or other instructional materials, or both to use in class and to take home. Two sets of textbooks or other instructional materials for each student are not required. Sufficient textbooks or other instructional materials do not include photocopied sheets from only a portion of a textbook or other instructional materials copied to address a shortage.

School Facility Conditions and Planned Improvements

E. Hale Curran Elementary School opened in 1989. The school has 34 classrooms, a multipurpose room, several computer labs, a library, cafeteria, administrative offices, a staff lounge, and four play areas—one for preschool students, one for kindergarten students, one for SEED, before & after-school childcare for all grades. We have ample space for the number of students enrolled at the school.

Upkeep, maintenance, and cleaning of district schools are provided by the district. Schools and rest rooms are cleaned daily, and the administration works with the custodial staff to ensure a clean and safe school. Any graffiti or vandalism is removed or repaired as soon as it is discovered. District maintenance staff members regularly pick up litter and maintain landscaping on a regular weekly schedule.

Corrective and preventative maintenance are scheduled on a routine basis to keep the school in good repair and working order. Recently the school received a new, state of the art, fire alarm system as well as new roof work on several buildings.

School Facility Conditions and Planned Improvements

Our blacktop areas were also recently resurfaced. Work order requests, assigned through a computerized work order system, ensure that emergency repairs are given the highest priority.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments
(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

Subject	School 2023-24	School 2024-25	District 2023-24	District 2024-25	State 2023-24	State 2024-25

2024-25 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

2024-25 California Physical Fitness Test Participation Rates

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2025-26 Opportunities for Parental Involvement

MVUSD values parent engagement and is intentional in its efforts to honor a parent's right to actively participate in their student's education. Our parent groups and high parent engagement is one of the reasons MVUSD is a California Distinguished District. At the district level, there are several opportunities for parents to contribute to the goals, policies and direction of a student's K-12 journey. These opportunities include membership in several parent focused groups, African American Parent Advisory Council (AAPAC), Latino Parent Advisory Council (LPAC), District English Learner Advisory Council (DELAC), Special Education Parent Advisory Council (SEPAC), Career Technical and Education (CTE) Advisory Board, Military Family Support and Local Control Accountability Program (LCAP) teams. In a pre-pandemic environment, most meetings are held in a hybrid (virtual and in-person) format. Additionally, each school site implements site specific opportunities for parent involvement. These opportunities include but are not limited to, School Site Council (SSC), principal coffee's/meetups, PTA/PTSA/PTO, English Learner Advisory Councils (ELAC), and daily volunteer programs such as, Watch DOGs (Dads of Great Students), activity boosters, class and office volunteers and activity specific volunteer programs. At the elementary level, parents are also encouraged to join the schoolwide Friday Flag ceremonies. At the secondary level, parents are also encouraged volunteer as activity chaperones, booster clubs, student store, career days and other activity-based events. To learn about parent involvement opportunities or join a parent group, please contact the school office at (951) 696-1405.

2025-26 School Safety Plan

School safety is a top priority. Administrators, teachers, and aides closely monitor the campus to ensure a secure learning environment. Our school resource officers are readily available for immediate assistance when needed. Our campus implements a controlled campus model during school drop-off and pick-up. The school is fully fenced and closed during school hours.
Regularly scheduled Emergency Management safety meetings are held, involving site administrators, Murrieta Police, mental health providers, district security staff, and Murrieta Fire & Rescue. These meetings review and update safety plans and emergency procedures including the district's response to immigration enforcement and our procedures for notifications when immigration enforcement officers are confirmed in the immediate area of the school site. These procedures are a mandatory component of the Comprehensive School Safety Plan (CSSP), pursuant to the amendment of California Education Code (EC) Section 32282(a)(2)(N). Our School Site Council, composed of parent representatives and first responders, annually collaborates on reviewing and adopting a Comprehensive School Safety Plan. The plan is reviewed in February by the School Site Council, and it is approved by the Board of Education in March and is accessible to all staff and parents.
Staff have received Active Shooter Training from District Staff and the Murrieta Police Department. Throughout the school year, student assemblies and emergency drills address safety issues comprehensively. Each school maintains strategically placed video surveillance cameras, serving as deterrents and aiding investigations. The Raptor Visitor Management System screens all visitors and volunteers through national databases and the Megan's Law sex offender registry.
MVUSD schools conduct regular evacuation drills aligned with the federal NIMS emergency system. Our Emergency and Disaster Preparedness Plan cover procedures for fire, flood, earthquakes, lockdowns, extreme weather events, hazardous materials, disaster recovery, and student accountability. In emergencies, our computerized alert system powered by Parent Square immediately notifies families via alert, email, phone, text, and app.
All MVUSD schools enforce a strict anti-discrimination policy prohibiting harassment based on race, gender, disability, religion, or sexual orientation.

Fiscal Year 2024-25 Types of Services Funded

Our district offers programs and services tailored to meet the needs of our diverse student population and their families. These include robust academic options, office hours, and enrichment activities, many through the Extended Learning Opportunity Program (ELOP), as well as family-focused services like before- and after-school programs, athletic competitions, visual and performing arts opportunities, and mental health support.

Each school is staffed with high-quality teachers, administrators, and a dedicated support team, including a health technician, school nurse, attendance clerk, aides, special education experts, nutrition services, and a mental health team featuring a psychologist, social worker, and school counselors. School counselors focus on social-emotional development, offering guidance lessons and small group sessions on topics like social skills, anger management, grief, teamwork, conflict resolution, and positive support strategies. Additionally, each school has a military liaison to support families with military connections.

Professional Development

Murrieta Valley USD provides year-round professional development opportunities for all employees. In the 2024-25 school year, the district prioritized a strategic goal of “Professional Growth” for all staff. For the third consecutive year, significant emphasis was placed on building momentum in Professional Learning Communities (PLC), Inclusion, and MTSS strategies to maximize student success.
Teachers participate in monthly staff meetings that include training components, school community building, and enhanced communication at the site level. Additionally, they engage in two full professional development days annually, offering a blend of site-based and district-led training opportunities focused on current initiatives.
New teachers benefit from the district’s Induction Program, which supports them in clearing their credentials through a rigorous and reflective learning process, guided by an MVUSD teacher mentor. Teachers new to the district also receive comprehensive training on key focus areas, district expectations, and procedures, as well as guidance on curriculum recently adopted for their grade level or subject area.

This table displays the number of school days dedicated to staff development and continuous improvement.
