2024-2025 School Accountability Report Card

(Published During the 2025-2026 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu/>.

2025-26 School Description and Mission Statement

Murrieta Options Academy (MOA) provides a standards-based education specifically designed for ONLY 12th-grade students who are at risk of not completing their schooling or who lack sufficient credits for graduation. As a Continuation High School, MOA offers a modified graduation track requiring 170 credits while maintaining high-quality educational opportunities that prepare students for life beyond high school. Students are placed in MOA following a comprehensive educational review conducted by a counselor, ensuring that both the student and their parent or guardian are fully informed of the placement decision. This approach gives families in the community an additional option for achieving high school graduation. The educational experience at MOA is delivered in a small, personal, and supportive environment designed for students seeking a flexible, learner-centered, and competency-driven approach. The daily program includes on-campus, face-to-face instruction,

allowing students to benefit from smaller class sizes and increased opportunities for remediation and intervention.

Within the daily program, students benefit from a smaller class setting and increased opportunities for remediation and intervention. Alongside core courses required for the modified graduation requirements, MOA also offers Career Education Training courses in Studio Art and Photography, providing students with diverse learning experiences, enhancing their skills and expanding their post-graduation opportunities.

Highlights & Achievements:

- * Staff provides an inclusive and accepting culture to support student needs which allows for data driven individualized instruction and relationship building.
- * Implemented monthly mental health support groups while also expanding activities and school-wide, social-emotional learning and home visits.
- * Offer two CTE pathways, Studio Art and Digital Photography.
- * Built-in intervention into the daily school program in the form of credit recovery, teacher office hours and Guidance/Seminar Period.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2025-26 Quality, Currency, Availability of Textbooks and Other Instructional Materials

All textbooks used in MVUSD are reviewed by administrators, teachers, and parents before Board of Education adoption at a public meeting. The district provides all students, including English learners, with standards-aligned textbooks or other instructional materials, or both to use in class and to take home. Two sets of textbooks or other instructional materials for each student are not required. Sufficient textbooks or other instructional materials do not include photocopied sheets from only a portion of a textbook or other instructional materials copied to address a shortage

School Facility Conditions and Planned Improvements

Murrieta Options Academy is a part of Murrieta Canyon Academy and shares the same facility. This facility was originally opened in 1997 as Creekside High School and the school name was changed in July, 2016. The campus has 14 classrooms, a computer lab, a food lounge, basketball courts, a library, administrative offices, and a staff lounge. There is ample space on campus for the number of students enrolled in the program. The district provides upkeep, maintenance, and cleaning of district schools. Schools and rest rooms are cleaned daily, and the principal works with the custodial staff to ensure a clean and safe school. District maintenance staff maintains landscaping on a regular weekly schedule. Corrective and preventative maintenance is scheduled on a routine basis to keep the school in good repair and in working order. Work order requests assigned through a computerized work order system ensure that emergency repairs are given the highest priority.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- 1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
- 2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
- 3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

2024-25 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

2024-25 Career Technical Education Programs

Murrieta Options Academy offers College and Career Pathways in Studio Art and Photography. These pathways connect students' learning with actual work experiences with local industry and post-secondary partners. The pathways allow students to take required coursework for graduation as well as to take coursework in career areas of interest. These classes also give students employable skill sets. Additionally, CTE programs provide students 14 or older with free job training, high school credit, certificates of training, career planning, job search skills, and preparation for higher level training. The CTE community advisory committee is comprised of 40 members from local industry and civic organizations such as the City of Murrieta Economic Development Leadership, Murrieta/Wildomar Chamber of Commerce, Southwest Healthcare, local representatives from the education, energy & environment, arts, media & entertainment, building construction & trades, public services, finance, engineering & architecture, and manufacturing sectors. Additionally, the Superintendent continued a CTE Superintendent's Advisory Council where parents, community members and local businesses are invited to attend at the beginning of every school year.

2024-25 California Physical Fitness Test Participation Rates

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2025-26 Opportunities for Parental Involvement

MVUSD values parent engagement and is intentional in its efforts to honor a parent’s right to actively participate in their student’s education. Our parent groups and high parent engagement is one of the reasons MVUSD is a California Distinguished District. At the district level, there are several opportunities for parents to contribute to the goals, policies and direction of a student’s K-12 journey. These opportunities include membership in several parent focused groups, African American Parent Advisory Council (AAPAC), Latino Parent Advisory Council (LPAC), District English Learner Advisory Council
--

2025-26 Opportunities for Parental Involvement

(DELAC), Special Education Parent Advisory Council (SEPAC), Career Technical and Education (CTE) Advisory Board, Military Family Support and Local Control Accountability Program (LCAP) teams. In a pre-pandemic environment, most meetings are held in a hybrid (virtual and in-person) format. Additionally, each school site implements site specific opportunities for parent involvement. These opportunities include but are not limited to, School Site Council (SSC), principal coffee's/meetups, PTA/PTSA/PTO, English Learner Advisory Councils (ELAC), and daily volunteer programs such as, Watch DOGs (Dads of Great Students), activity boosters, class and office volunteers and activity specific volunteer programs. At the elementary level, parents are also encouraged to join the schoolwide Friday Flag ceremonies. At the secondary level, parents are also encouraged volunteer as activity chaperones, booster clubs, student store, career days and other activity-based events. To learn about parent involvement opportunities or join a parent group, please contact the school office at (951) 696-1409.

2025-26 School Safety Plan

School safety is a top priority. Campus supervisors, administrators, and counselors monitor the campus daily to ensure a secure learning environment. High school campuses are supported by sworn School Resource Officers (SROs) who address safety issues, investigate incidents, and oversee facility safety. They also monitor video surveillance systems, which deter trespassing, vandalism, and other illegal activities. All campuses are closed and fully fenced. Visitors must check in at the school office and are screened through the Raptor Visitor Management System, which runs checks against sex offender databases nationwide. Unannounced canine searches for drugs, alcohol, and weapons further enhance safety. On the prevention side of safety, each school year begins with a student safety assembly where students are provided information on State mandated topics such as sexual harassment, suicide prevention, vaping and drug use prevention.

The district regularly reviews and updates safety plans through Emergency Management meetings with Murrieta Police, mental health providers, Murrieta Fire & Rescue, security staff, and site administrators. These meetings review and update safety plans and emergency procedures including the district's response to immigration enforcement and our procedures for notifications when immigration enforcement officers are confirmed in the immediate area of the school site. These procedures are a mandatory component of the Comprehensive School Safety Plan (CSSP), pursuant to the amendment of California Education Code (EC) Section 32282(a)(2)(N). School Site Councils also collaborate on safety planning. Each February, schools finalize their Comprehensive School Safety Plans (CSSPs), which are approved by the Board of Education in March and made available for review by staff and parents. Emergency preparedness is reinforced with fire, earthquake, and intruder drills held each semester. Plans align with the federal NIMS system and outline procedures for various emergencies, including fire, flood, and lockdowns. In urgent situations, Parent Square alerts families via calls, emails, texts, and app notifications. Staff receive Active Shooter Training from district personnel and law enforcement. Student assemblies and drills throughout the year address safety awareness. Additional safety measures for the 24-25 school year include expanding the use of Raptor emergency management system for unified internal communications and GPS mapping of incidents, and an e-bike safety course in partnership with Murrieta Police. The district enforces strict anti-discrimination policies, prohibiting harassment based on race, gender, disability, religion, or sexual orientation.

Fiscal Year 2024-25 Types of Services Funded

Our district offers programs and services tailored to meet the needs of our diverse student population and their families. These include robust academic options, office hours, and enrichment activities, as well as family-focused services like open houses, visual and performing arts performances such as band, cheer, color guard, dance, and theatre. Each school is staffed with high-quality teachers, administrators, and a dedicated support team, including a health technician, school nurse, attendance clerk, aides, special education experts, nutrition services, and a mental health team featuring a psychologist, social worker, and school counselors. School counselors focus on social-emotional development, offering guidance lessons and small group sessions on topics like social skills, anger management, grief, teamwork, conflict resolution, and positive mindfulness strategies. Additionally, each school has a military liaison to support families with military connections.

Professional Development

Murrieta Valley USD provides year-round professional development opportunities for all employees. In the 2024-25 school year, the district prioritized a strategic goal of “Professional Growth” for all staff. For the third consecutive year, significant emphasis was placed on building momentum in Professional Learning Communities (PLC), Inclusion, and MTSS strategies to maximize student success.

Teachers participate in monthly staff meetings that include training components, school community building, and enhanced communication at the site level. Additionally, they engage in two full professional development days annually, offering a blend of site-based and district-led training opportunities focused on current initiatives.

New teachers benefit from the district’s Induction Program, which supports them in clearing their credentials through a rigorous and reflective learning process, guided by an MVUSD teacher mentor. Teachers new to the district also receive comprehensive training on key focus areas, district expectations, and procedures, as well as guidance on curriculum recently adopted for their grade level or subject area.

This table displays the number of school days dedicated to staff development and continuous improvement.
