School Comprehensive Education Plan 2026-27

District	School Name	Grades Served
West Seneca Central School District	West Middle School	6-8

Collaboratively Developed By:

The West Middle School SCEP Development Team

David Kean - Principal
Robin Schreiner - Math Teacher
Steven Mariglia - School Counselor
Dan Walters - ELA Teacher
Stephenie LeBron - Parent
Andrea Vogel - Parent
Kerri Griffin - ELA Teacher

And in partnership with the staff, students, and families of West Middle School.

Guidance for Teams

Navigating the Plan

You can expand or collapse any section of the plan by clicking the triangle next to the blue headings. Additionally, you can move through sections using the Navigation Pane in Microsoft Word.

Before Writing the Plan

Before working on this document, school teams should have:

1. **Completed the Five-Part Needs Assessment**, which consists of:
 - [Activity 1: Analyze: Data Variation Identification](#)
 - [Activity 2: Analyze: Data Variation Share and Explore](#)
 - [Activity 3: Analyze: Survey Data](#)
 - [Activity 4: Listen: Student Interviews](#)
 - [Activity 5: Envision: Reflect and Synthesize](#)
2. **Met with their NYSED/District/BOCES liaison:**
 - Following *Activity 1: Analyze Data Variation Identification*
 - Following *Activity 5: Envision: Reflect, Synthesize, and Plan* after identifying the Key Strategies and before writing the implementation plan.
3. **Met with their district** to ensure alignment and coherence between the school's improvement vision and the district's vision.

Key Strategies

Schools must identify the evidence-based, high-impact levers, known as “Key Strategies,” they believe will improve current outcomes. Each Key Strategy should represent a change in the upcoming year compared to previous years. The Key Strategy should fall into one of the following categories:

1. Something **new** to the school; or
2. An existing strategy **being expanded** to reach a wider audience; or
3. An existing strategy **being refined** or adjusted from previous years.

To ensure effective implementation, school teams must be strategic in selecting the number of approaches they plan to use to improve outcomes, avoiding the temptation to implement too many initiatives. To assist this process, NYSED has provided the following guidance:

- **At least 1 Instructional Key Strategy** must be identified.
- Non-Instructional Key Strategies are **optional**.
- **Total number of Key Strategies** (Instructional and Non-Instructional combined) must be between 2 and 5.
- Non-Instructional Key Strategies should not outnumber Instructional Key Strategies.

These Key Strategies should be aligned with the data reviewed and student interviews from the needs assessment. Teams must also explain the rationale for each Key Strategy selected on the provided template.

Schools may find Hattie's [High Impact Teaching Strategies](#) and the resources gathered at [Visible Learning](#), especially the Teaching Strategies, to be helpful resources when considering Key Strategies. The [Diagnostic Tool](#)

[for School and District Effectiveness \(DTSDE\) Framework](#) and [Phases of Implementation](#) may also be useful when considering different options to pursue.

Key Strategy Implementation

For each Key Strategy, the school team needs to outline its implementation plan for the upcoming year.

- For new strategies, the plan should detail how the strategy will be introduced and rolled out.
- For expanded strategies, the plan should explain how the expansion will occur.
- For refined strategies, the plan should highlight how this year's approach differs from previous years.

Each plan should include **a sequence of activities that build upon one another**. In the column to the right of each activity, include **the target date for implementation**. This will help the team track progress during the 2026-27 school year.

Key Strategy Progress Monitoring

After identifying their Key Strategies, school teams should set success criteria and benchmarks to evaluate progress throughout the year.

Each Key Strategy must include at least one Early Progress Milestone to provide early feedback on the strategy's success. The data, which could be implementation data and/or outcome data, should directly align with the Key Strategy.

Each Key Strategy must include at least one outcome-based Mid-Year Benchmark and End-of-The-Year target that is directly related to the strategy.

Performance Targets

In addition to setting Mid-Year Benchmarks and End-of-Year targets for each Key Strategy, the plan must also establish overall Performance Targets that reflect the anticipated improvement from the combined impact of all strategies. While the Key Strategy Progress Monitoring will track data specific to each individual strategy, the Performance Targets serve as broader indicators of overall school improvement.

Ongoing Monitoring

The plan template allows school teams to revisit and update their plan throughout the year. A designated section tracks progress for each Key Strategy and for the Performance Targets, allowing teams to record outcome data or evidence alongside original targets. This section should remain blank when first writing the plan and will be updated throughout the year as the team assesses the success of the plan.

SCEP Rubric

NYSED has created [the SCEP Rubric](#) to help teams identify areas for improvement in their plan. The rubric can be a valuable reference tool while writing the plan. After completing the initial draft, schools should self-assess using the rubric before finalizing their plan.

Resources for Team

- NYSED Improvement Planning website: <http://www.nysed.gov/accountability/improvement-planning>

Evidence-Based Intervention

All key strategies pursued by schools should be rooted in evidence. All schools in the CSI, ATSI, and TSI support models must implement at least one evidence-based intervention that meets the criteria of a Tier 1, Tier 2, or Tier 3 evidence-based intervention under ESSA. More information can be found at: <http://www.nysed.gov/accountability/evidence-based-interventions>.

School teams should indicate **all** of the evidence-based interventions that meet the federal definition that will be pursued next year by placing an “X” in the corresponding box below. Schools that adopt the State-Supported Evidence-Based Intervention **under the parameters outlined** at: <https://www.nysed.gov/accountability/state-supported-evidence-based-strategies> will fulfil the evidence-based intervention requirement.

State-Supported Evidence-Based Interventions	Mark “X” if the school will implement this in 26-27

Other (required if no State-Supported Evidence-Based Intervention is identified above): Identify and describe a School-Identified Intervention that meets the criteria of a Tier 1, Tier 2, or Tier 3 Evidence-Based Intervention. Please also indicate the Clearinghouse, Evidence Review, or research that indicates the intervention qualifies as a Tier 1, Tier 2, or Tier 3 Evidence-Based Intervention.

Learning as a Team

Directions

Teams should complete the reflective prompt below.

Student Interviews

Describe how the Student Interview process informed the team's plan

Through the student interview process, we learned about students' levels of engagement in the classroom. A number of students specifically mentioned having fewer packets. The curriculum alignment and implementation process will allow for collaboration among teachers in the re-evaluation of instructional practices and bring forth new ideas, strategies, techniques, and practices to make learning more engaging for students.

We also learned that we need more visuals of success. We need to create an environment where students can see their successes, celebrate them, and encourage peers to succeed as well. Students discussed areas where the building could look better, become a place they want to be, and foster a sense of pride. This will encourage students to come to school and be more active participants in their education, including participating in NYS assessments.

Schools in the ATSI and TSI model only

Subgroup Spotlight

Describe how the team has determined that the strategies within this plan are likely to result in improved subgroup performance for the subgroup(s) for which the school has been identified.

The strategies within this plan will positively impact all students, including the identified subgroup of African American students. Curriculum alignment and implementation will be consistent across all grade levels and subgroups. Family communication and outreach will ensure that families of the identified subgroup are not missed or overlooked with communication and outreach efforts.

Instructional Key Strategies for Improvement

Key Strategies

(What are we doing? Why are we doing this?)

In column 1, input at least one, but no more than five strategies that reflect something **new** the school is introducing or something currently in existence that the school is **expanding** or **refining** for the upcoming school year. In column 2, specify whether the strategy is something new, something being expanded, or something being refined. In column 3, identify the data that indicates these strategies will be beneficial for the school. For any Key Strategy that is not new, provide a 1-2 sentence summary of how the key strategy will be expanded or refined next year.

<p>KEY STRATEGY (What are we doing?)</p>	<p>HOW DOES THIS COMPARE TO EXISTING EFFORTS?</p>	<p>WHY: What did we learn from our needs assessment that suggests this is the right Key Strategy and will have a positive impact on students? All teachers in a given grade level and subject area will follow the same pacing guides and scopes and sequences of content to align with State's suggested breakdown of topics. Focus has been given to ensuring vertical alignment of curriculum across grade levels. Time had been spent identifying and addressing priority standards to increase students' levels of understanding. Additional time will need to be spent digging deeper into curriculum alignment, specifically aligning the curriculum with high quality instructional materials, and streamlining and refining the MTSS process.</p>

Implementation

How will we do this?

KEY STRATEGY 1

Curriculum Alignment and Implementation

BEFORE THE 1st DAY OF SCHOOL IMPLEMENTATION		What is our plan for preparing our school for success with this Key Strategy before the school year starts? What steps are involved?	When will this be in place?
		Dig deeper into the curriculum alignment for ELA and Math	August 2026
		Provide targeted summer professional development opportunities	July/August 2026
		Align ELA and Math curriculum with high quality instructional materials	August 2026
FIRST HALF OF THE YEAR IMPLEMENTATION		What is our plan implementing this Key Strategy in the first half of the year? What steps are involved?	When will this be in place?
		Provide additional targeted professional development opportunities related to curriculum and alignment	January 2027
		Streamline and refine the MTSS process	January 2027

SECOND HALF OF THE YEAR IMPLEMENTATION	When will this be in place?
What is our plan implementing this Key Strategy in the second half of the year? What steps are involved?	
Continue to provide additional targeted professional development opportunities related to curriculum and alignment	June 2027
Continue to streamline and refine the MTSS process	June 2027

Progress Monitoring

How will we measure progress and impact for this Key Strategy?

	What data will we be reviewing?	What do we hope to see when we review that data?	What we ended up seeing. <i>What are our next steps? complete when reviewing data</i>
Early Progress Milestones (implementation/outcome data)	Curriculum alignment for ELA and Math Targeted summer professional development opportunities Alignment of ELA and Math curriculum with high quality instructional materials	The curriculum is aligned Targeted summer professional development opportunities were offered and attended The curriculum is aligned to the high quality instructional materials rubric	

Instructional Key Strategies for Improvement

Mid-Year Benchmark(s) (outcome data)	Provide additional targeted professional development opportunities related to curriculum and alignment	Targeted professional development opportunities were offered and attended throughout the first half of the school year	
	Streamline and refine the MTSS process	Implementation of new dedicated support for this work through an MTSS Liaison	
End-of-the Year Targets (outcome data)	Continue to provide additional targeted professional development opportunities related to curriculum and alignment	Targeted professional development opportunities were offered and attended throughout the second half of the school year	
	Continue to streamline and refine the MTSS process	Data has been utilized to create intervention plans for students	

Academic Performance Targets

Mid-Year Benchmarks and End-Of-The-Year Targets

We believe successful implementation of these instructional strategies will allow us to reach the following mid-year benchmarks and end-of-the-year goals.

	What student data will we be reviewing?	What Key Strategies are intended to directly impact this student data?	What do we hope to see when we review that student data?	What we ended up seeing: <i>(complete when reviewing mid-year data)</i>

Spring Survey Targets

We believe these spring survey responses will give us helpful feedback about our progress with our Instructional Key Strategy/Strategies:

	Survey Question(s) or Statement(s)	Corresponding Key Strategies	2025-26 data if available (e.g., % agree or strongly agree)	Desired response (e.g., % agree or strongly agree)	What we ended up seeing: (complete once Spring survey results are available)
Student Survey	The things I'm learning in school are important to me	Curriculum alignment and implementation	25% strongly agree; 55% agree	Increase strongly agree responses to 30%	
Staff Survey	The programs and resources at this school are adequate to support students' learning	Curriculum alignment and implementation	18% strongly agree; 53% agree	Increase strongly agree/agree responses to 75%	
	The programs and resources at this school are adequate to support students with special needs or disabilities	Curriculum alignment and implementation	18% strongly agree; 45% agree	Increase strongly agree/agree responses to 75%	
Family Survey	The programs and resources at this school are adequate to support students with special needs or disabilities	Curriculum alignment and implementation	18% strongly agree; 37% agree	Increase strongly agree/agree responses to 65%	
	This school sees me as a partner in my child's education	Curriculum alignment and implementation	30% strongly	Increase strongly agree

Non-Instructional Key Strategies for Improvement

Key Strategies

(What are we doing? Why are we doing this?)

In column 1, list the Non-Instructional Key Strategies that the school has identified as likely to improve student outcomes. The total number of Instructional and Non-Instructional Key Strategies should not exceed five, and the number of Non-Instructional Key Strategies should not exceed the number of Instructional Key Strategies. Unlike the Instructional Key Strategies, schools **are not required to identify Non-Instructional Key Strategies**.

Any strategy selected should reflect something **new** the school is introducing or something currently in existence that the school is **expanding** or **refining** for the upcoming school year. In column 2, specify whether the strategy is something new, something being expanded, or something being refined. In column 3, identify the data that indicates these strategies will be beneficial for our school. For any Key Strategy that is not something new, provide a 1-2 sentence summary of how the key strategy will be expanded or refined next year.

Use evidence. <i>Consider both data trends observed and student interview responses.</i> <i>Additionally, for any Key Strategy that does not represent something new, provide 1-2 sentences describing how the school will expand or refine the Key Strategy next year.</i>
Family Communication and Outreach	<input type="checkbox"/> NEW <input checked="" type="checkbox"/> EXPAND <input type="checkbox"/> REFINE	Family communication and outreach, especially as it relates to the value of participating in the NYS Assessments, has been identified as an area in need of improvement at West Middle School. Based on the 2025 Parent Survey Results, 18% of parents Strongly Agreed and 71% Agreed that “The school sees me as a partner in my child’s education.” Furthermore, 11% of parents Strongly Agreed and 75% Agreed that “This school encourages me to be an active partner in educating my child.” On the 2026 Parent Survey Results, 30% of parents Strongly Agreed and 57% Agreed that “This school encourages me to be an active partner in educating my child.” In 2025, 100% of Parent respondents Agreed or Strongly Agreed that “Attending school every day is important for my child to do well in his/her classes.” Yet, rates of chronic absenteeism do not reflect the agreement with this value statement. In the 2023-2024 school year, West Middle School had a chronic absenteeism rate of 23%. In the 2024-2025 school year, West Middle School had a chronic absenteeism rate of 24%.

Non-Instructional Key Strategies for Improvement

		<p>Participation rates for NYS Assessments are also not as high as desired and part of this is due to parents and families not understanding the value and importance of having their children take these assessments.</p> <p>In 2024, the participation rate for the NYS ELA Assessment at West Middle School was 78% (82% in 6th grade, 82% in 7th grade, and 68% in 8th grade). Civic Empowerment Project (schools in CSI only)

Background

As part of the New York State Every Student Succeeds Act Plan (ESSA) and Commissioner's Regulation 100.21, all schools identified for Comprehensive Support and Improvement (CSI) Support Model are required to annually implement a Participatory Budgeting Process or provide opportunities for parent and student engagement in a manner prescribed by the Commissioner.

Options for Schools

The Department has outlined six ways in which schools may address the requirement for schools in the CSI Support Model to implement Participatory Budgeting or an Approved Alternative:

1. Participatory Budgeting
2. Monthly School Focus Groups
3. Climate Survey Inquiry Team
4. Schoolwide Voting
5. Students Reimagining School
6. Design Your Own

These options were identified because they build on essential components of Participatory Budgeting: **expanding stakeholder voice**, **providing opportunities to practice democracy**, and **promoting civic engagement**.

The available options are described in more detail in the guidebooks available on the NYSED [Civic Empowerment Projects](#) website. Schools should consider how to incorporate their selection into their proposed Key Strategies.

Directions (Schools in CSI only)

Place an "X" in the box next to the Civic Empowerment Project the SCEP Development Team has selected for the 2025-26 school year.

- Participatory Budgeting
- Monthly School Focus Groups
- Climate Survey Inquiry Team
- Schoolwide Voting
- Students Reimagining School
- Design Your Own (proposals should be sent to FieldSupport@nysed.gov)

Our Team's Process

Background

NYSED requires that the SCEP is developed in consultation with parents and school staff, and in accordance with §100.11 of Commissioner's Regulations. All schools are expected to follow the guidelines outlined in the document "[Assembling Your Improvement Planning Team](#)" This section outlines how we worked together to develop our plan.

Our Team's Steps

Our plan is the result of collaborating to complete several distinct steps:

1. [Activity 1: Analyze: Data Variation Identification](#)
2. [Activity 2: Analyze: Data Variation Share and Explore](#)
3. [Activity 3: Analyze: Survey Data](#)
4. [Activity 4: Listen: Student Interviews](#)
5. [Activity 5: Envision: Reflect and Synthesize](#)
6. Writing the Plan

Team Collaboration

In the first two columns, identify the members of the SCEP team and their role (e.g., teacher, assistant principal, parent). In the rest of columns, indicate that team member's participation in each of the activities by identifying the date that person participated in that activity OR leaving the space blank if the person did not participate in that activity.

Next Steps

Sharing the Plan

Schools in the CSI Model

As you develop your plan, please feel free to share the plan with your NYSED liaison for input when it would be helpful. When the SCEP team is satisfied with the plan, **use the [SCEP Rubric](#) to consider where there may be opportunities to strengthen the plan.** After the team has analyzed the completed plan using the [SCEP Rubric](#) and made any necessary revisions, the principal should email the NYSED liaison and:

1. Confirm that the team has reviewed the plan using the SCEP rubric, ensured the plan [met minimum expectations](#), and made any necessary changes;
2. Identify the areas of the plan where the team feels most confident;
3. If applicable, specify any areas of the plan where the team feels less confident. The principal may also request a follow-up meeting to further explore these areas prior to meeting with the NYSED liaison.
4. Indicate to your liaison that the school is ready to share its full plan for verification that it meets NYSED's minimum expectations. Plans should be shared by **July 1, 2026**.
5. Once the plan is finalized, representatives from the school and district should meet to complete the [SIG Expenditure Plan](#).
6. Ensure that the district (Superintendent or designee) and local Board of Education have approved the plan and the plan is posted on the district website.

Schools in the ATSI model and TSI Model

1. When the SCEP team is satisfied with the plan, **use the [SCEP Rubric](#) to consider where there may be opportunities to strengthen the plan.** After the team has analyzed the completed plan using the SCEP rubric and made any necessary revisions, please share the plan with your District, who will verify that the plan meets [NYSED's minimum expectations](#). Once your plan is finalized, representatives from the school and district should meet to complete the [SIG Expenditure Plan](#). Plans will need to be approved by the District before the first day of the 2026-27 school year.
2. The final plan will need to be approved by the local Board of Education and posted on the district website.

Implementing the Plan (All Schools)

1. Ensure the plan is implemented no later than the first day of school.
2. Monitor implementation closely and adjust as needed.
3. Plan to have the SCEP team reconvene during the year to discuss implementation and review progress in relation to the Early Progress Milestones and Mid-Year benchmarks identified.
4. Ensure that there is professional development provided to support the strategic efforts described within this plan.

School Comprehensive Education Plan

School Improvement Grant Expenditure Plan 2026-27

District	School Name	Grades Served

School-Level SIG Expenditure Plan

Instructions

After the School Comprehensive Education Plan (SCEP) has been finalized, representatives from the school should work with representatives of the district to determine how best to leverage Title I, 1003 School Improvement Grant (SIG) funding to implement the Key Strategies outlined.

This template will need to be attached to the SCEP and submitted as one document in the Business Portal as part of the SIG application process.

There are four different types of expenses that can be included:

1. Instructional Key Strategies identified through the SCEP
2. Non-Instructional Key Strategies identified through the SCEP
3. Plan Monitoring
4. Plan Development expenses for 2027-28

Evidence-Based Intervention Category

All expenses must adhere to the Every Student Succeeds Act definition of an [evidence-based intervention](#). To assist with this, the Department has identified 16 [State-Supported Evidence-Based Interventions](#), that if implemented in accordance to the parameters provided, fulfill this criteria.

1. Align High School and College Courses to Increase Post-Secondary Transition Outcomes	9. Incoming Student Induction Programs and Summer Bridge Programs
2. Community Schools	10. Instructional Coaching
3. Elementary School Looping	11. Middle School Flexible Scheduling
4. Establish an Early Warning Intervention and Monitoring System	12. Multi-Tiered System of Supports – Integrated (MTSS-I)
5. Evidence-Based Instructional Methods	13. Ongoing Job-Embedded Professional Development
6. Expanding access to high-quality Out-of-School-Time programs	14. Principal Leadership Development
7. High-Quality Instructional Materials	15. Professional Learning Communities
8. High-Quality Tutoring	16. Restorative Practices

In the Column labeled “Evidence-Based Intervention Category” enter the category for that specific expense. If the expense does not fit within the State-Supported Evidence-Based Interventions (e.g. survey and feedback tools, HS internship coordinator) enter “Other.”

Plan Monitoring and Development

The team that drafted the plan should anticipate reconvening at least twice during the 2026-27 school year to discuss implementation and review Early Progress Milestone and Mid-Year Benchmark data.

SIG Expenditure Plan

The school should also anticipate having a team come together in Spring 2027 to conduct a five-part needs assessment in conjunction with the development of its 2027-28 school plan.

Budget Code

In the "Budget Code" category, enter the FS-10 budget code. The following are Budget Codes used for this grant. Any Code 80 (Employee Benefits) and Code 90 (Indirect Cost) expenses do not need to be referenced here but will need to be included on the FS-10.

- Code 15: Professional Salaries
- Code 16: Support Staff Salaries
- Code 20: Equipment
- Code 40: Purchased Services
- Code 45: Supplies and Materials
- Code 46: Travel
- Code 49: BOCES Services

Expenses That Go Across Key Strategies

A school may have a single expense that covers multiple key strategies. For those situations, the expense can be referenced in multiple categories, but the amount of the expense should only be inserted into the "Full Cost" column the first time the expense appears.
