

Facilities and Transportation Carpenter

Purpose Statement

The Carpenter provides essential carpentry services, including identifying repair and replacement needs, installing, repairing, and building various structures, and ensuring tools and materials are available at job sites.

Supervisory Relationship

Reports to: Director of Facilities and Transportation

Essential Functions

- **Construction and Installation:** Build and install items such as block walls, countertops, cabinets, shelving, moldings, classroom and office systems components, dropped ceilings, partitions, and door frames/hardware to meet specific needs.
- **Coordination and Communication:** Work with supervisors and other trades to complete projects and work orders efficiently. Inform relevant personnel about procedures and work order status to ensure compliance with building and safety regulations.
- **Tool and Equipment Maintenance:** Maintain tools and equipment to ensure they are available and in safe operating condition.
- **Material Management:** Monitor, order, and maintain records of materials used for projects to ensure the availability of necessary supplies.
- **Documentation and Reporting:** Prepare written materials such as repair status, drawings, and sketches of construction and repair projects for documentation and information conveyance.
- **Remodeling and Repairs:** Remodel office and workspaces, and repair furniture and fixtures to ensure safe and efficient utilization of space.
- **Safety and Compliance:** Respond to construction and repair needs to resolve immediate safety concerns and ensure a safe working environment.
- **Adhere to School Policies:** Follow school policies and procedures.
- **Attendance:** This position requires prompt and consistent attendance.
- **Perform Other Duties:** Undertake additional tasks as assigned to support the effective operation of the work unit.
