For the safety of the swimmers and coaches, it is expected team participants can swim AT LEAST 50 yards of continuous freestyle with face in the water, 50 yards continuous backstroke, are comfortable swimming in the deep end of the pool and have a basic knowledge of all four competitive strokes (butterfly, backstroke, breaststroke, freestyle).

Additionally, due to lane capacity considerations, there is the possibility that registration will shut down early if we approach a number that is unsafe for practices
