1. Narrative description of the Prop 28 arts education program(s) funded. (2500 character limit).

During the 2025–2026 school year, our LEA used Prop 28 funds to expand arts education through professional development, instructional resources, and student programming. In partnership with the San Joaquin County Office of Education, teachers participated in 13 days of arts-focused professional learning through beginner and advanced cohorts, strengthening standards-aligned instruction across multiple art forms. Funds supported teacher stipends and the purchase of classroom art supplies to facilitate implementation of new instructional strategies. Additional support included arts program planning, curriculum consultation, and student showcase development. Through a partnership with NorCal Arts, students participated in a Theatre and Acting Residency Program that culminated in a public showcase. Prop 28 funds also continued support for the LEA's art therapy teacher, ensuring ongoing access to therapeutic arts programming. These efforts expanded student access to high-quality arts experiences and increased the LEA's capacity to provide engaging and inclusive arts instruction across grade levels.
