Part of being a teacher: Watching students discover and embrace their Deaf identity.

Welcome to the DK-1st Grade ASL Immersion Classroom

My name is Abbey Moreland, and I'll be your teacher this year! In Deaf culture, teachers are typically called by their first name, so instead of "Miss Moreland," you can just call me Abbey.

Some of you may already know me, but for those who don't, I recently completed my first year of teaching and am heading into my second year. Before becoming a classroom teacher, I worked as an Instructional Support Specialist (ISS) in the DHH program at West Oakview for four years, and I have also been an ASL teacher for seven years.

I am truly excited to welcome your children into a language-rich, ASL-centered classroom where they can grow, communicate freely, and fully access learning. My goal is to help each student strengthen their ASL skills, build academic confidence, and begin to truly develop and embrace their Deaf identity.

I am passionate about creating an environment where students are not only learning, but also becoming confident, independent communicators who feel proud of who they are and how they connect with the world around them. I look forward to an amazing year of growth, connection, and learning together.
