Welcome to the 2nd-4th Grade ASL Immersion Classroom

My name is Anna Trupiano, and I'll be your child's teacher this year! In Deaf culture teachers are typically referred to by their first name, so instead of "Mrs. Trupiano" you and the students can just call me Anna!

Many of you already know me, but here's a little background about me for those who might not! I have my M.S. Ed in Deaf Education and have taught at both schools for the Deaf and in this immersion program housed in a mainstream setting. This will be my eighth year teaching, but I also am a nationally certified interpreter and have been working as an ASL interpreter for fourteen years! I have been in grad school for the past few years and am ALMOST finished with my Special Education Administrator Certification!

We already have so many fun adventures planned for the year that will match beautifully with everything we learn in our academic time. Look for more information about what's to come on our SeeSaw page!
