IN CASE YOU MISSED IT

COMING 2025-26 SCHOOL YEAR NEW ACCOUNTABILITY SYSTEM

In June 2024, the Louisiana Board of Education and Secondary Education approved a new accountability system for schools and districts across the state. The Louisiana Department of Education defines this new system, which will go into effect this upcoming school year, by its three core student expectations.

GROW

Schools should be measured by the number of students growing in math and English, with special attention paid to the lowest achieving students

ACHIEVE

Schools should be measured by the number of students who are proficient in math, English, science, and social studies

THRIVE

High schools should be measured on the number of students graduating on time, showing readiness on a nationally recognized exam, and prepared to accelerate

Louisiana's revised accountability system will raise the bar for academic success, enhance the value of career education, and make it easier for the public to understand how schools are performing. Louisiana expects all students to grow academically year-over-year, achieve proficiency on key content, and thrive beyond high school.

COMING 2025-26 SCHOOL YEAR

DID YOU KNOW?

"Achieve" is one of three main categories of the new accountability system. Schools will be evaluated based on the percentage of students scoring at the proficient level (Advanced or Mastery) on ELA, Math, Science, and Social Studies LEAP assessments in grades 3-10.

CORE HIGHLIGHT: ACHIEVE

Strategies for Supporting Your Child

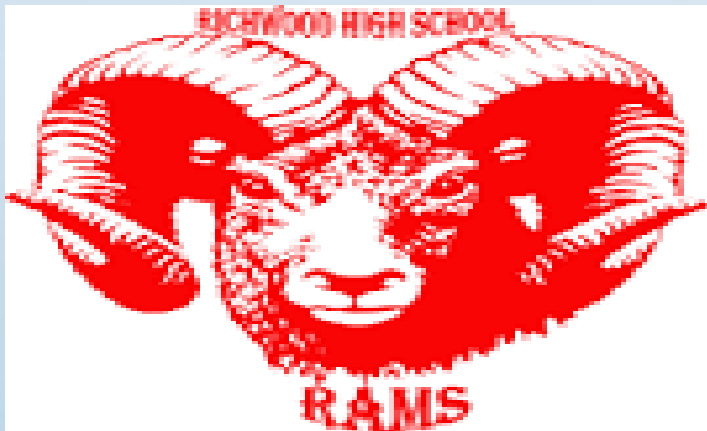

1. Create a supportive study environment at home.
2. Ensure and encourage regular attendance and punctuality.
3. Communicate with teachers about concerns.
4. Hold conversations about what is going on in class, ask for specifics.
5. Assist with Google Classroom or encourage study groups/tools. Ex: *IXL.com* via CLEVER

Encouraging Test Preparation & Healthy Habits

- Express and reiterate the importance of passing this standardized test.
- Show interest by having the student review test prep materials provided by classroom teachers.
- Help them manage testing anxiety and stress via regular exercise and physical activities.
- Try limiting screen time and encourage leisure reading or listening to classical “study” or “focus” music. Ex: **Mozart**, **Chopin**, etc...

Available School Resources

- **In-School Tutoring Sessions with certified and highly qualified educators**
- **Counseling services with campus counselor(s)**
- **Staying physically active by being involved in P.E. or extracurricular activities.**

“There is NO SUCH THING as a dumb question.”
