Pursuant to Board Policy 0164, Roberts' Rules of Order shall govern the Board of Education in its deliberations and in the conduct of its meetings. As such, all comments from the public and from other members of the Board should be directed to the Board President, who is responsible for presiding over the meeting. Public comments can be made during the public session.

The President shall direct all inquiries or comments to the appropriate Administrator or Board member for response, as appropriate. The law requires a period of public comment at our meetings, not a question or answer session or debate. The board president, at his discretion, may or may not feel it is appropriate to answer questions raised during the public comment period. The board and administration do take all public comments seriously and consider them when conducting business.

The President may interrupt, warn, or terminate a participant's statement when the statement is too lengthy, abusive or obscene. In addition, Security Personnel may direct any individual to leave the meeting when that person does not observe reasonable decorum, whether the person is at the microphone or at any other place in the meeting room. NOW, THEREFORE, BE IT RESOLVED that the Lakewood Board of Education hereby approves the 2026–2027 School Arrival and Dismissal Times as presented above, effective for the 2026–2027 school year, and authorizes the Superintendent to implement the schedule accordingly.

2. **WHEREAS**, the New Jersey Office of the State Comptroller / Legislative Audit identified in its audit report that the Lakewood Board of Education made improper payments totaling approximately \$1,100,000 related to annual price increases on four multiyear contracts, which were implemented prior to the contractual renewal period; and

WHEREAS, the audit report specifically recommended that the District seek to recoup the \$1.1 million in improper payments made under the affected contracts; and

WHEREAS, the Lakewood Board of Education recognizes its responsibility to safeguard public funds and to ensure that all contractual payments comply with applicable statutes, regulations, and contractual terms; and

WHEREAS, the Board of Education acknowledges the importance of addressing all audit findings and recommendations in order to strengthen internal controls and ensure fiscal accountability; and

WHEREAS, the Board of Education desires to take appropriate action to recover funds to the extent permitted by law and contract;

NOW, THEREFORE, BE IT RESOLVED that the Lakewood Board of Education hereby directs the Superintendent of Schools, the School Business Administrator/Board Secretary, and District legal counsel to:

1. Conduct a comprehensive review of the four multiyear contracts identified in the audit report;
2. Determine the contractual basis, if any, for the annual price increases that were implemented prior to the renewal period;
3. Evaluate the legal and contractual options available to the District to seek reimbursement or recoupment of the improperly paid amounts totaling approximately \$1.1 million; and

4. Initiate appropriate actions, including written demand for repayment or negotiation with the vendors, where such recovery is determined to be legally feasible and in the best interest of the District.

BE IT FURTHER RESOLVED that District administration shall report back to the Board of Education regarding the findings of this review and any actions taken to recover the funds identified in the audit report.

3. **WHEREAS**, the New Jersey Legislative Audit report identified that the Lakewood School District did not consistently receive all B6T forms by the March 15 statutory deadline, and that the District was not requiring written explanations for late submissions; and

WHEREAS, the audit recommended that the District collaborate with nonpublic school administrators to ensure that all B6T forms are submitted by the required deadline and that explanations be required for any late submissions; and

WHEREAS, the Lakewood School District serves a uniquely large nonpublic school population, with approximately 165 eligible nonpublic schools and approximately 40,000 B6T forms processed annually, and utilizes the Lakewood Student Transportation Authority (LSTA) web-based system to facilitate the submission and coordination of these forms; and

WHEREAS, eligible nonpublic schools submit B6T forms directly to the LSTA system, which then coordinates the information with the District for purposes of transportation planning and verification; and

WHEREAS, the Board of Education recognizes the importance of ensuring compliance with all statutory timelines and audit recommendations while maintaining clear procedures for submission and documentation of B6T forms;

NOW, THEREFORE, BE IT RESOLVED that the Lakewood Board of Education directs the Superintendent of Schools and the School Business Administrator/Board Secretary to implement the following corrective actions effective immediately:

1. **Submission Deadline**

All B6T forms must be submitted to the Lakewood Student Transportation Authority (LSTA) no later than March 15 of each year.

2. Annual Notification

Written notification shall be provided annually to all eligible nonpublic schools and the LSTA reminding them of the March 15 deadline for submission of B6T forms.

3. Late Submission Documentation

Any B6T form received by the LSTA after March 15 must be accompanied by a written rationale explaining the reason for the late submission.

4. Collaboration with Nonpublic Schools

District administration shall collaborate with nonpublic school administrators and the LSTA to reinforce the submission deadline and ensure that B6T forms are submitted in accordance with established procedures.

5. Administrative Oversight

The District's Transportation Department, in coordination with the LSTA, shall maintain documentation of all late submissions and the accompanying explanations.

6. Audit Compliance Documentation

The Superintendent and School Business Administrator shall maintain records of these procedures and communications to demonstrate compliance with the recommendations contained in the New Jersey Legislative Audit report.

BE IT FURTHER RESOLVED that the Lakewood Board of Education reaffirms its commitment to strengthening internal controls and administrative procedures to ensure compliance with all statutory requirements related to student transportation eligibility and documentation.

4. **WHEREAS**, the New Jersey Legislative Audit reviewed the Lakewood School District's contracts with vendors providing professional development workshops to teachers in nonpublic schools; and

WHEREAS, the audit recommended that the District review its procurement and pricing practices for nonpublic professional development services to ensure costs are reasonable and comparable to those paid by public school districts for similar services; and

WHEREAS, the current Nonpublic Professional Development Competitive Contract for 2022–2023 is scheduled to expire in June 2026; and

WHEREAS, the Lakewood Board of Education recognizes the importance of ensuring that all professional development services funded through public funds are procured through a competitive process and reflect reasonable and appropriate pricing; and

WHEREAS, the Board of Education desires to establish updated specifications that ensure professional development services are cost-effective, transparent, and aligned with market pricing within the Lakewood Public Schools and other New Jersey school districts;

NOW, THEREFORE, BE IT RESOLVED that the Lakewood Board of Education authorizes the Superintendent of Schools and the School Business Administrator/Board Secretary to develop and issue a Request for Proposals (RFP) for Nonpublic Professional Development Services prior to the expiration of the current contract in June 2026, reflecting such changes.

BE IT FURTHER RESOLVED that the specifications for the RFP shall include, but not be limited to, the following provisions:

1. Competitive Procurement

Professional development services for nonpublic schools shall be procured through a competitive Request for Proposals (RFP) process in accordance with applicable New Jersey procurement laws and regulations.

2. Cost Comparison Standards

Proposed pricing shall be evaluated for reasonableness and comparability with professional development costs incurred by the Lakewood Public Schools and other New Jersey school districts.

3. Pricing Caps and Cost Controls

The RFP specifications shall establish reasonable pricing caps or cost limitations where appropriate to ensure that professional development services are provided in a fiscally responsible manner.

4. Program Accountability

Vendors shall be required to provide clear descriptions of services, workshop duration, instructional objectives, and documentation of services provided.

5. Administrative Oversight

District administration shall review and monitor all professional development services provided under the contract to ensure compliance with contract terms and the appropriate use of funds.

BE IT FURTHER RESOLVED that this resolution reflects the Lakewood Board of Education's commitment to strengthening procurement practices, ensuring fiscal responsibility, and maintaining transparency in the use of public funds.

5. LAKEWOOD BOARD OF EDUCATION RESOLUTION AUTHORIZING THE ISSUANCE OF A REQUEST FOR PROPOSALS (RFP) FOR LEASED FACILITIES TO SUPPORT THE EXPANSION OF IN-DISTRICT SPECIAL EDUCATION PROGRAMS, IF NEEDED

WHEREAS, the Lakewood Board of Education is committed to providing all students with disabilities a Free Appropriate Public Education (FAPE) in the Least Restrictive Environment (LRE) as required under the Individuals with Disabilities Education Act (IDEA) and N.J.A.C. 6A:14; and

WHEREAS, the Lakewood School District serves a growing population of students requiring specialized instructional and related services, including students with complex learning, behavioral, and developmental needs; and

WHEREAS, the Board of Education recognizes that out-of-district special education placements represent one of the District's largest mandated expenditures, currently exceeding \$86,000,000 annually in tuition costs; and

WHEREAS, expanding in-district special education programming will allow the District to appropriately serve more students within their community while maintaining full educational oversight and ensuring that services are delivered in accordance with each student's Individualized Education Program (IEP); and

WHEREAS, the development of additional in-district programs may require the leasing of suitable facilities in order to provide appropriate classroom space, therapy areas, and specialized instructional environments necessary to support high-needs programs; and

WHEREAS, the establishment of additional in-district programs will allow the District to:

- Reduce reliance on high-cost out-of-district placements when appropriate;
- Maintain district employees, district instructional programs, and district administrative oversight of all special education services;
- Provide programs that are culturally responsive and accessible to families within the Lakewood community;
- Increase opportunities for students to remain educated within their local community alongside their peers;
- Improve continuity of services and coordination between special education and general education programs; and

WHEREAS, the Lakewood Board of Education's Five-Year Strategic Plan, "Lakewood Forward: A Five-Year Plan for Fiscal Sustainability, Responsible Governance, and Student Success, 2026-2031" identifies the expansion of in-district special education programming and cost containment related to out-of-district tuition as a key fiscal and instructional priority; and

WHEREAS, leasing appropriate educational space may provide a cost-effective and flexible solution to expand program capacity; and

WHEREAS, any such leased facilities shall be utilized solely for Lakewood School District operated programs staffed by District personnel, and all educational services, supervision, and program oversight shall remain under the authority of the Lakewood Board of Education and its administration; and

WHEREAS, the use of leased facilities for educational programming shall be subject to all applicable New Jersey Department of Education (NJDOE) approvals, including compliance with facility, health, safety, and occupancy requirements as applicable; and

WHEREAS, the procurement of leased facilities shall be conducted in accordance with the Public School Contracts Law, N.J.S.A. 18A:18A-1 et seq., and all other applicable procurement regulations and requirements.

NOW, THEREFORE, BE IT RESOLVED that the Lakewood Board of Education hereby authorizes the Superintendent of Schools and the Business Administrator/Board Secretary to develop and issue a Request for Proposals (RFP) seeking qualified proposals for the lease of facilities

suitable for the operation of Lakewood School District special education programs; and

BE IT FURTHER RESOLVED that the RFP shall include, but not be limited to, the following considerations:

1. Facility suitability for educational programming, including classroom space, therapy areas, accessibility, and appropriate instructional environments for specialized programs;
2. Compliance with all applicable health, safety, fire, zoning, and occupancy requirements necessary for use as an educational facility;
3. Location within reasonable proximity to the Lakewood community in order to support family accessibility and transportation efficiency;
4. The ability to support district-operated special education programs staffed by Lakewood School District employees;
5. Flexibility to accommodate multiple program types, including but not limited to autism, multiple disabilities, learning and language disabilities, behavioral support programs, and related services;
6. Cost considerations that support the District's efforts to reduce reliance on out-of-district placements and improve long-term fiscal sustainability; and

BE IT FURTHER RESOLVED that the Superintendent and Business Administrator shall review all proposals received and present recommendations to the Board of Education for consideration and approval consistent with all applicable procurement laws and regulations; and

BE IT FURTHER RESOLVED that the Board of Education affirms that the purpose of this initiative is to expand the District's capacity to educate students with disabilities within Lakewood School District programs, strengthen instructional oversight, improve student outcomes, and reduce long-term costs associated with out-of-district placements.
