Prior to Spring Break, the district received bids from three vendors who specialize in playground design. Next week, the Capital Improvement Committee will meet with elementary principals to help define and prioritize the scope of work needed for playground improvements.

The district is also preparing to move forward with several projects as part of the next phase of our capital improvement plan. The bidding process will be released on Friday, April 3, for the following:

- Renovations to Campus locker rooms
- Roofing projects at Campus, Freeman, the Administration Building, and Oatville
- Cooperative purchasing for flooring at Campus
- Cooperative purchasing for HVAC (air conditioning) upgrades at Freeman, the Administration Building, Nelson, Oatville, and portions of Campus
- Construction of a storage building for the maintenance department

~ Jeff Hersh, Superintendent
