WHAT MAKES US GREAT!

Bellevue Elementary School is founded on a child-centered education approach and is dedicated to providing a positive school environment that recognizes all students for their personal achievements. We strive to provide all students with the knowledge and skills to succeed in an evolving global society.

Bellevue Elementary School is home to Preschool—5th grade students and utilizes a standards-based curriculum along with opportunities to enjoy art, physical education, music, and our media center! We are also a fully embedded award-winning PBIS, Positive Behavior Intervention and Support, School. Starting in the 2022-2023 school year the building implemented a highly structured phonics program under the direction of a Literacy Specialist. We are the **BEST!**

Preschool

The Bellevue Schools Preschool is a public preschool that has received a state-recognized Gold Award for the Step Up to Quality program. Its educational programming is aligned with the Early Learning & Development Standards. The preschool features two classrooms and serves children ages 3 to 5, including those with special needs. Both morning and afternoon sessions are available five days a week. Please note that income eligibility requirements may apply.

Social Worker and Counselor

The Elementary Guidance/Social Work Program provides a variety of services to children, staff and parents both on an individual, group, and classroom basis. They provide staff and parents with additional resources regarding students' social-emotional needs. We also have a partnership with Family Life Counseling which allows us to provide a space at BES for ongoing personalized counseling services.

Community Connection

Community members and parents are welcome at school. You can get involved through:

- Watch D.O.G.S. (Dads of Great Students)
- One School, One Book
- Family Fun Nights
- Volunteer opportunities in the classroom
- Fundraising
