FY24 Student Success and Wellness and Disadvantaged Pupil Impact Funds Plan

Centerville Funds	Student Success and Wellness/Disadvantage Pupil Impact Aid (DIPA) Funds \$117,746.43 for DPIA \$316,652.14 Student Success and Wellness
Purpose of Funds	Centerville City Schools uses our Student Success and Wellness and Disadvantaged Pupil Impact Funds to support our students' social emotional needs by removing barriers which adversely affect their learning and preparing for a successful future.
Use of Funds	Centerville City Schools (CCS) completes the One Plan triannually which is reviewed annually to determine areas of priority for students. CCS also works closely with ADAMHS. The district's SEL data and the input from stakeholders indicate a need for mental health and social emotional support. CCS uses the total amount of our allocated funds to provide school based mental health therapists.
Partnerships	South Community Montgomery County ESC Dayton Children's Hospital - Youth and Family Resource Connection ADAMHS
