Student Expectations

The purpose of our school is to provide the best possible educational environment for the students in our community. A student's prime responsibility is to learn at high levels in a safe environment that is conducive to students maximizing their potential. Student behavior and discipline policies are in effect at all school-sponsored events on or off campus.

▼ Student Responsibilities

Disruption, disrespect, insubordination, or non-compliance with other Crown Point High School rules and/or school personnel will result in appropriate disciplinary action.

1. All students shall accept the responsibility for their own behavior.
2. All students shall show respect for self, others, and for the campus and building by keeping Crown Point High School free from vandalism, graffiti, and other personal trash.
3. All students shall comply with school board policies, rules, and standards designed to protect the rights of all.
4. All students shall be involved in their educational success to the fullest extent possible.
5. All students shall contribute to a positive classroom-learning environment by:
 - Being respectful and considerate of teachers and classmates in both words and actions.
 - Remaining awake and avoiding the impression of sleeping.
 - Coming prepared for class with required materials
 - Coming prepared for class with a charged Chromebook and charger.
 - Sitting in assigned seats.
 - Working only on assignments from the current class unless otherwise directed by a teacher.
 - Remaining seated and working until the bell rings. The teacher will dismiss class after the bell has rung.
 - Participating in class.
 - Respectful use of technology, including cell phones
6. All students are expected to be in class on time.

▼ Attendance Policy

Per Indiana Code IC 20-33-2.5-4 and IC 20-33-2-14

Promptness and dependability are important values in our society, and it is appropriate that they be stressed in school. All students are expected to attend school regularly and to be on time for classes in order to receive maximum benefit from the instructional program and to develop habits of punctuality, self-discipline, and responsibility.

- Regular school attendance is a valuable characteristic.
- There are legitimate reasons for students to miss school.
- When a student is not in attendance, school does go on.
- It is legitimate and proper for the school to set time limits of controllable absences from school beyond which students and their parents will be referred to an Attendance Review Committee.

Traditional day: Full time – marked present for more than 3 periods. Half day – marked present for 1 to 3 periods total.

Block Day: Full time – marked present for more than 2 periods. Half day – marked present for 1 to 2 periods total.

▼ Attendance Limits

If a student accumulates ten (10) unexcused absences from school during a semester, the student and a parent will be referred to the attendance office representative or administrator for appropriate action. Absences due to a disciplinary suspension will not count toward the ten-day limit.

Absences are classified into two classes: Excused and Unexcused

▼ Excused Absences

The following absences are excused and do not count toward the ten-day limit:

- Service as a page in the Indiana Legislature
- Serving as a poll worker on election day or helper to a political party or candidate
- Active duty with the Indiana National Guard, the United States Armed Forces, or their reserve components.
- Civil Air Patrol participation
- Exhibiting at or participating in the Indiana State Fair or member of the student's household (up to five days and if the student is in good academic standing)
- Court appearances with a subpoena
- Personal illness with a note from a doctor
- Personal illness with a note or call from a parent
- Death in the immediate family Absences due to a medical or dental appointment (with doctor's office documentation)
- School-sponsored field trips (student will be considered in attendance at school)

▼ Unexcused Absences

All absences not designated as Excused shall be considered as Unexcused absences. All Unexcused absences will count toward the ten-day limit.

▼ Excused Absences & Written Verification

After the 10th absence due to a doctor's appointment or illness, for which the student is under the care of a physician, the student must present a signed and dated note from the physician's office to verify this absence.

▼ Make Up Work

Students must make up all work missed due to an absence. It is the student's responsibility to arrange for making up the work. As a rule, the student will have the same number of days to make up the work missed as the length of the absence. In the case of a planned absence, the arrangements to determine when the work will be due should be made before the absence.

▼ Intervention Procedure

When a student has accumulated five (5), seven (7), and ten (10) **unverified** absences, the attendance representative or administrator will send a letter to the parent or guardian. A required meeting will be scheduled for 10+ unverified absences. After a student has reached the ten-day limit, a violation will occur upon the next unexcused absence. This violation will result in a mandatory meeting of the parent and student with the Attendance Office Representative or Administrator.

When a student has accumulated six (6) and ten (10) **excused** absences, the attendance office representative or administrator will send a letter to parent or guardian.

The Attendance Office Representative or Administrator may recommend the following:

1. Expulsion for the remainder of the semester.
2. Written contract as an individual intervention plan.

The recommendation of the Attendance Office Representative or Administrator will be presented to the principal for final determination

▼ Attendance/Instructional Time

In-Person Instruction:

Attendance shall mean to be physically present in a school or at another location where the school's educational program is being conducted during regular school hours on a day the educational program in which the student is enrolled is being offered.

E-Learning Instruction:

Student attendance for e-learning shall mean evidence of participation in the activities designed by the teacher for e-learning lessons. Participation in the virtual classroom shall be measured by daily log-ins and log times, completed daily work, completed weekly work, completed projects, communications with teachers on a daily or weekly basis, and any other requirements as determined by the e-learning instruction teacher.

All students are expected to attend school whether by in-person or e-learning. All provisions of this policy apply to all students enrolled and receiving instruction in-person or e-learning. Parents are strongly encouraged to regularly monitor their student's attendance record via Power School.

▼ Chronic Medical Condition

Parents or guardians of any student who is experiencing a "chronic medical condition," an illness which results in missing a considerable number of school days, will be required to contact the Asst. Principals' office and their student's guidance counselor to discuss options. A medical incapacity form can be obtained through a medical note from a doctor explaining the chronic illness. Please contact the Attendance Office for more information.

▼ Absenteeism

Chronic absenteeism could prevent a student from participating in extra-curricular activities, attending school dances, and attending field trips.

The following absences would exempt a student from expulsion or continued absence concerns:

- a. Service as a page in the Indiana General Assembly
- b. Service on a precinct election board on Election Day
- c. Subpoena to appear in court
- d. School-sanctioned field trips
- e. Required religious observances
- f. Death in immediate family
- g. College visits, two per year – Seniors and Juniors only (Juniors may seek additional visits with approval from Guidance Counselor)
- h. Military examinations
- i. Other emergencies and unusual circumstances as approved by administration.

*These absences are **exempt** and require appropriate documentation brought to school immediately following the absence.*

▼ Extra-curricular Attendance

Daily attendance at school and practice is expected of all students involved in extracurricular activities. Students must be in attendance in order to be considered eligible to participate in an event that day. Attendance at school the day following an evening event is always expected. Habitual school absences following an evening event will be subject to disciplinary action.

Exceptions are absences that have been excused by the school administration for such activities as field trips, attendance at funerals, school visitations, workshops, etc.

▼ Late Arrival

All students who arrive late to school must sign/scan in with the Main Office. Students are considered absent from a class if they are more than 10 minutes late. Parents are advised to call 663-4885 (Ext. 11900) or email: cphsattendance@cps.k12.in.us if their student will be late to school by 10 minutes or more.

▼ Legal Settlement

A student may be expelled if it is determined that the student's legal settlement is not in the attendance area of Crown Point High School.

▼ Permit to Leave School

Appointments, such as doctor, dentist, orthodontist, or counseling, should be made outside the school day. If a student must leave during the day, the student should present a written request from the parent or guardian to the Asst. Principal's office before the first bell in the morning. In order for a student to leave campus, they must receive a passport from the Attendance Office. Students who leave campus without a passport will be considered truant.

▼ Prearranged Absences

The school discourages students from taking family trips/vacations during the school year. Be advised that negative academic consequences are likely to occur due to absences. Participation in classroom discussions and activities will be missed and the burden will be placed on the student to complete make up work. All absences due to vacations shall be counted toward the student's total number of absences.

If there is a need for a prearranged absence, parent/guardian should send a note or preferably an email to the Attendance Office and the student's teachers advising of the student's absence at least five to seven (5-7) days in advance of the proposed absence.

▼ Reporting Student Absence

The parent of any student has the duty and responsibility to notify the high school of each student's absence prior to 9:00 a.m. on the day of the absence. When an illness exceeds the initial time indicated, the parent shall again notify school officials.

Parents may call or email 24 hours a day to report an absence. Parents/Guardians should call: (219) 663-4885, ext. 11900 or email: cphsattendance@cps.k12.in.us.

When reporting an absence, the parent should give the following information:

1. **Name of caller and relationship to student**
2. **Student's name and grade in school**
3. **Reason for absence**

Students are expected to submit documentation for exempt absences the day they return to school. **ANY STUDENT ABSENCE THAT IS NOT VERIFIED BY A PARENT /GUARDIAN WITHIN 48 HOURS MAY BECOME A TRUANCY AND RESULT IN DISCIPLINARY ACTION.**

▼ Tardy Policy

Regular and prompt school attendance is necessary both in the development of students' responsibility and in the achievement of academic success. Students are expected to be in their assigned classroom when the bell sounds at the start of each class. Tardiness per semester/per class will be handled with a progressive disciplinary approach.

1. Tardies 1-4 will result in a verbal warning from the teacher and the tardy will be documented in the student's attendance record in PowerSchool.
2. Tardies 5-7 will result in a one-hour detention per offense being assigned by the administration office. Failure to serve a detention will result in suspension.
3. Tardies 8+ will be referred to an administrator for assignment of disciplinary action that may include: exclusion from participation in extra-curricular activities, driving to school, dances, removal from the course, alternative to expulsion options, suspension, and/or recommendation for expulsion.

▼ Transportation Delays

1. If a student is late for school due to delays caused by school bus transportation, the student will receive a pass from the Main Office.
2. If a student uses private transportation and is late to school, the tardy or absence is not excused. Refer to Attendance Policy for consequences.

▼ Truancy

A student will be considered truant when the absence from school is without the knowledge and approval of a school official or parent.

A student who leaves the building without prior permission, who remains in the school building but who misses class time without permission, or who refuses to attend school in defiance of parental/guardian authority will be considered truant. This includes the student and/or parent fraudulently (not) reporting an absence. Crown Point High School will cooperate with the Lake County Juvenile Court System to address students with truantries.

1. Upon the first referral for full day or single period truancy for the school year, the student and parent/guardian will be contacted by a CPHS administrator and student will be issued an in-school suspension.
2. Upon the second referral for full day or single period truancy for the school year, a required meeting will be convened with school personnel, student, and parent/guardian. The student will be assigned a suspension. Students may be excluded from participation in extra-curricular activities, driving to school, dances, and/or alternative to expulsion options.
3. Upon the third referral for full day or single period truancy for the school year, a required meeting will be convened with school personnel, student, and parent/guardian at which time student will be placed on an attendance contract or recommended for expulsion. Additionally, the student will be classified as a habitual truant and may have his/her name sent to the Indiana Bureau of Motor Vehicles and his/her driver's license will be revoked for 120 days. A student who is under sixteen (16) years of age will not be allowed to obtain a license until the age of eighteen (18) or until he/she is no longer classified as a habitual truant. A student identified as a habitual truant is entitled to a review of his/her attendance record at least once a year to determine if attendance has improved so that he/she may become eligible for a license or permit.

Student Conduct and Discipline

Students are subject to school rules:

- On school grounds before, during or after school hours and at any other time the school is used by a school group.
- Off grounds at a school activity, function, or event.
- While traveling to or from school or a school activity, function, or event.

In addition, students may be disciplined for engaging in unlawful activity on or off school grounds which may reasonably be considered an interference with school purposes or educational functions or which necessitates their removal to restore order or protect persons or school property. This includes any such unlawful activity that takes place during weekends, holidays, and other school breaks, and the summer period when a student may not be attending classes or other school functions. In the absence of student self-discipline, there are times when it is necessary for school officials to make a decision concerning the acceptability of a student's behavior when it interferes with school purposes or educational functions. Each administrator, teacher, or any other school personnel is responsible for enforcing the rules for student conduct adopted by the individual school and the Board of School Trustees.

Where a conflict in policy exists, School Board regulations or State/Federal statute supersedes this handbook. These decisions will be based on the welfare of the total school community and the behavior's effect of the learning environment. While some infractions will receive the maximum allowable punishment, other disciplinary consequences may be altered, based on the discretion of the principal.

▼ Conduct Topics / Issues

▼ Academic Integrity

Cheating is defined as seeking to obtain (or aiding another to obtain) credit or improved scores through the use of any unauthorized or deceptive means. Unauthorized and deceptive means of any kind with respect to examinations/assessments, course assignments, alteration of records, illegal possession of examinations (electronic or hard copy, photographs), and/or unauthorized use of and/or access to web-based resources shall be considered cheating. It is the responsibility of each student not only to abstain from cheating but to avoid the appearance of cheating and to guard against making it possible for others to cheat. The student should also maintain respect for honesty in the performance of assigned tasks in and out of the classroom and comply with all teacher specified guidelines for academic integrity. Plagiarizing (i.e. submission of term paper, reports, etc. that are not original works by the student) is a form of academic dishonesty and subject to disciplinary action.

Students who violate the academic integrity policy as a first offense will have their parent contacted by their teacher and the teacher will allow a student to complete a replacement assignment/assessment for credit with up to 50% reduction; students may be required to complete an academic dishonesty assignment in order to receive credit and may be subject to suspension or other disciplinary consequences to address the behavior. A second offense will result in loss of credit for the assignment/assessment. Should a second offense occur, it may result in failure for the grading period, removal from the course, and/or disciplinary action.

Cheating is a cumulative offense not contained within a single semester.

AI detection software may be utilized by CPCSC employees to promote academic integrity and verify compliance with expectations. Students are expected to follow guidance provided by their teacher and/or each department's policy regarding the use of AI in the classroom.

▼ Anti-Harassment

It is the policy of Crown Point Community School Corporation to maintain a learning environment that is free from unlawful harassment. Such conduct includes unwelcome physical, verbal, or nonverbal conduct which has the purpose or effect of interfering with one's educational performance; of creating an intimidating, hostile or offensive learning environment; or of interfering with one's ability to participate in or benefit from a class or educational activity, and is based on one's gender, race, or color (or customs), national origin (for example, negative comments regarding customs, manner of speaking, language, surnames, or ethnic slurs), religion (for instance, negative comments about religious traditions, clothing, surnames, or ethnic slurs), disability (for instance, negative comments about speech pattern, movement, physical impairments or appearances) or any other unlawful basis. This applies to all programs and activities occurring on school property or at another location if the conduct occurs during a school sponsored activity.

If you believe you have experienced harassing conduct of this nature or you have observed another student experience such conduct, you are encouraged to promptly report incidents of harassing conduct to your school administrator or to any teacher, school counselor, activity sponsor, or coach with whom you are comfortable. Making such a report in good faith will not affect your grades, class assignments, or status and will be investigated in a confidential manner, consistent with the School Corporation's legal obligations.

A student committing such conduct is subject to disciplinary action consistent with school policy. A student retaliating against a student who has made a good faith report of such conduct or against a student who participated in the investigation of such conduct is subject to disciplinary action consistent with school policy. A student who knowingly makes a false report of such conduct in an attempt to demean, harass, or embarrass that individual shall be subject to disciplinary action consistent with school policy.

▼ Bullying

1. Bullying committed by students toward other students is strictly prohibited. Engaging in bullying conduct described in this rule by use of data or computer software that is accessed through any computer, any computer system, any computer network; or cellular telephone or other wireless or cellular communications device is also prohibited.
2. For purposes of this rule, bullying is defined as overt, unwanted, repeated acts or gestures, including verbal or written communications or images transmitted in any matter including electronically or digitally, physical acts committed, aggression, or any similar behaviors that are committed by a student or group of students against another student with the intent to harass, ridicule, humiliate, intimidate, or harm the targeted student and create for the targeted student an objectively hostile school environment that:
 - places the targeted student in reasonable fear of harm to the targeted student's person or property;
 - has a substantially detrimental effect of the targeted student's physical or mental health;
 - has the effect of substantially interfering with the targeted student's academic performance;
 - or has the effect of substantially interfering with the targeted student's ability to participate in or benefit from the services, activities, and privileges provided by the school.
3. This rule may be applied regardless of the physical location of the bullying behavior when a student committing bullying behavior and the targeted students attend a school within the school corporation and disciplinary action is reasonably necessary to avoid substantial interference with school discipline or prevent any unreasonable threat to the rights of other students to a safe and peaceful learning environment.
4. Any student or parent who has knowledge of conduct in violation of this rule or any student who feels he/she has been bullied in violation of this rule should immediately report the conduct to a school administrator who has responsibility for all investigations of student misconduct including bullying. A student or parent may also report the conduct to a teacher or school counselor who will be responsible for notifying the school administrator. This report may be made anonymously.
5. A school administrator shall investigate all reports of bullying made pursuant to the provisions of this rule. Such investigation must include any action or appropriate responses that may be taken immediately to address the bullying conduct wherever it takes place. The parents of the bully and the targeted student(s) shall be notified of the progress and the findings of the investigation and of any remedial action that has been taken.
6. The school administrator will be responsible for working with the school counselors and other community resources to provide follow-up services to support the targeted student and to educate the student engaging in the bullying behavior on the effects of bullying and the prevention of bullying. In addition, the school administrator and/or school counselors will be responsible for determining if the bullying behavior is a violation of law required to be reported to law enforcement under Indiana law based upon their reasonable belief. Such determination should be made as soon as possible and once this determination is made, the report should be made immediately to law enforcement.
7. False reporting of bullying conduct as defined in this rule by a student shall be considered a violation of this rule and will result in any appropriate disciplinary action or sanctions if the investigation of the report finds it to be false.
8. A violation of this rule prohibiting bullying may result in any appropriate disciplinary action or sanction, including suspension and/or expulsion.
9. Counseling, corrective discipline, and/or referral to law enforcement will be used to change the behavior of the perpetrator. This includes appropriate intervention(s), restoration of a positive climate, and support for victims and others impacted by the bullying.
10. Educational outreach and training will be provided to school support personnel, parents, and student concerning the identification, prevention, and intervention in bullying.
11. All schools in the corporation are encouraged to engage students, staff, and parents in meaningful discussions about the negative aspects of bullying. The parent involvement may be through parent organizations already in place in each school.
12. The superintendent or designee will be responsible for developing detailed administrative procedures consistent with the Indiana Department of Education guidelines for the implementation of the provisions of this rule.

▼ Bus Conduct

Bus conduct and safety rules are designed to promote safety on the school bus, at the bus stop, and while entering or leaving the bus. All school conduct rules apply during these times. Because the safety of each student is one of our top priorities, all individuals are expected to cooperate fully by obeying bus rules and regulations.

The authority of the bus driver will be recognized and respected. For everyone's safety, the bus driver must be heard, be able to hear oncoming traffic sounds, and be obeyed by students.

School bus transportation is a privilege. School discipline, including the denial of bus transportation, suspension and expulsion, will be imposed on those who violate safety guidelines or directions of drivers. Buses are equipped with video cameras, and videos may be viewed by transportation personnel and administration to ensure the safety of all students. In the event transportation privileges are denied, parents or guardians will assume the responsibility of transporting their children to and from school.

▼ Closed Campus

- The CPHS campus is closed, which means that, unless excused as noted below, all students are to remain on school grounds from their scheduled arrival time until the time of scheduled departure. Those students who violate the closed campus policy may be disciplined.
- During lunch hours students are restricted to the cafeteria or Learning Commons (if no testing is taking place) unless they have a valid pass signed by a staff member.
- Students may leave the campus during the day (with a pass) for medical appointments or other legitimate reasons by presenting written permission from a parent or guardian to the appropriate office.
- Students who leave school grounds without permission between scheduled arrival and departure times may be disciplined for violation of other school rules while off campus, such as possessing, providing, or being under the influence of illegal substances.
- Students are not allowed to order or have food delivered from an outside venue. All outside deliveries of food will be denied unless specific approval has been given by administration.
- If a student needs to leave the building and go to their vehicle, they must receive a pass from the attendance office. In some cases, students may be accompanied to their vehicle by a CPHS staff member.

▼ Computer Use

These violations are subject to severe school penalty including restitution, suspension, and/or expulsion. Students may lose computer privileges or be removed from a class. These violations may be considered a crime under State and Federal law.

1. Students will not use the computer for illegal activities.
2. Students will not tamper with, harm or destroy computer hardware. Students will not access or send obscene, profane, violent, or pornographic materials. Students will not abuse or harass another user through electronic means.
3. Students will not access any unauthorized area of the computer network.
4. Students will not alter any system software or another's personal work, either locally or remotely.
5. Students will not download, copy, or install hardware.
6. Students will not download, copy, or install software.
7. Students will not tamper with, degrade, disrupt, or destroy computer data and information at any computer terminal.
8. Students will not access the Internet during class time except when directed by a faculty member.
9. Students will not access personal email accounts during class time except when directed by a faculty member.
10. Students will not lend their network or email passwords or privileges to others.
11. Students must maintain a school-appropriate student profile icon/image on their school-issued device.

Students who violate these policies are subject to school penalties including after-school detention, restricted Internet use, suspension and/or recommendation for expulsion.

System administrators, teachers, or media specialists reserve the right to monitor and inspect all activity on the network system, flash drives, other portable devices, CD's, files, emails, and access to the network system.

▼ Computer Use - Vandalism

Vandalism is defined as any malicious attempt to harm or destroy data of another member of the high school's computer network. Deliberate attempts to degrade or disrupt system performance of the computer network or workstation or any computer system or network in the Internet by spreading computer viruses is considered criminal activity under State and Federal law.

▼ Computer Use - Harassment, Profanity, Obsenity

Do not abuse or harass another student through electronic means. Profanity or obscenity is not permitted at any time. Avoid offensive or inflammatory speech. Be courteous and polite.

▼ Computer Acceptable Use Policy

Students that have on file a signed AUP form have agreed to abide by the School Board Policy on the use of the Internet. Student's not having signed AUP's on file will not be allowed access to the Internet.

▼ Computer Use - Discipline & Consequences

Any person(s) found to be in violation of computer policies at Crown Point High School will be subject to any of the following consequences:

1. Repayment or replacement for damage;
2. Revocation of computer privileges (including Internet access);
3. Assignment to detention(s) or suspension; and/or
4. Withdrawal from class;
5. Recommendation for expulsion

▼ Basic Computer Use Policies/Procedures

The high school computers and information resources are made available to individuals to assist in the pursuit of educational goals. In order to promote the most effective use of these, it is expected that the users will cooperate with each other and respect the ownership of work and information, although it is in electronic form rather than printed form. Individuals and organizations will be held accountable for their actions in situations involving computers and information resources. Though some of them are intangible, these computing resources are the property of Crown Point High School. Rules prohibiting theft or vandalism apply to software and data as well as to physical equipment.

The use of the computer lab is a privilege. When using a computer, whether in a lab environment or as a stand-alone workstation, students are to adhere to the following rules:

- Log out/Quit and remove storage device before leaving your workstation.
- Keep work area neat and free of litter.
- No liquids or food (including candy or gum) in the lab. No game playing on corporation computer devices.

▼ Computer Accessibility & Use

Some of the high school computers require that each user have a unique identity, protected by a password to gain access to the system. The computer identity is used to represent a user in various system activities to provide access to certain software and data and to associate his own software and data with his identity. Never share your password or account with anyone. You have full responsibility for the use of your account and will be held responsible for any policy violations that are traced to your account.

Do not use another individual's computer identity, even if the individual has neglected to safeguard that identity or has given you permission to use said identity. Do not invade the privacy of an individual. Individuals may only use accounts, files, software, and computer resources as authorized by their teacher or computer system administration.

Use of the network for illegal activities is prohibited. Such activity is considered a crime under State and Federal law. Illegal activities include but are not limited to, tampering with computer hardware or software, unauthorized entry into computers, vandalism or destruction of computer files or attempting to disrupt operation of computing equipment, data communications equipment, or data communication lines.

Students are to report to a faculty member or the computer lab supervisor, violations, flaws or other deficiencies in the security of any and all high school computer resources. Data storage may consist of one of two types, USB flash drives and space on a file server's hard disk. The system administrators will determine the appropriate allocation and assignment of such disk space.

Student workstations will not be used for storing email and other records of individual users. The system administrators reserve the right to monitor all activity on the system and on any storage device and to inspect any files, including email stored on the system. Students should not expect that information is secure and private. No expectation of privacy is affirmed when using the computers.

▼ Dress Code

While the school climate at Crown Point High School encourages individual creativity and student empowerment, the school also recognizes the need to guide students toward appropriate attire for different settings, e.g. school, work, etc. Students' dress and grooming must not disrupt the educational process, interfere with the maintenance of a positive teaching/learning climate, or compromise reasonable standards of health, safety, and decency.

- The maintenance of common decency and classroom order requires adequate coverage of the person. Any clothing which reveals undergarments, the lack of undergarments, and/or excessive skin will be considered inappropriate.
- Garments which reveal bare midriffs, backs, or excessive amounts of skin are not allowed.
- Hats, hoods, and bandanas must be removed upon entering the building and may not be worn during the school day unless required by a teacher for safety purposes in a classroom.
- Other head coverings must be approved by administration.
- Students cannot bring blankets to school.

This basic dress code does not infringe on students' rights of freedom of expression, but rather encourages students to "dress for success" and come to school properly prepared to participate in the educational process. Refer to the CPHS Discipline chart for consequences for violations of the dress code policy.

In accordance with Board Policy governing student conduct with regard to bullying, weapons, gangs, drugs, and alcohol: clothing shall be free of inflammatory, suggestive, racial, or other inappropriate writing, advertising, or artwork.

The administration reserves the right to use its discretion in determining the type of clothing appropriate for the school setting. Wearing inappropriate apparel will result in the student's removal from class until the problem is corrected and /or possible further disciplinary action.

A student may use such a device if a teacher requires use of a school-supplied device or a school-sanctioned device for instructional purposes only.

During the school day (including lunch, passing periods, study hall) the wireless devices must be stored away in a backpack, purse, or locker, powered off, and inaccessible to students.

A recording made by such a device will not be used for a disciplinary, evaluative, or supervisory purpose against a student or employee.

When a principal or his/her designee recommends to the superintendent (or designee) that a student be expelled from school, the following procedures will be followed:

1. The superintendent (or designee) may conduct an expulsion meeting or may appoint an expulsion examiner to conduct an expulsion meeting.
2. An expulsion will not take place until the student and the student's parent/guardian are given written notice of their right to appear at an expulsion meeting. Failure to request and/or to appear at this meeting will be deemed a waiver of rights administratively to contest the expulsion.
3. If an expulsion meeting is timely requested, the principal (or designee) will present evidence to support the charges against the student. The student/parent will have the opportunity to answer the charges against the student and to present evidence to support the student's position. An attorney may not represent the student at the expulsion meeting, but the attorney may be available for consultation outside the meeting room during the course of the expulsion meeting.
4. If an expulsion meeting is held, the expulsion examiner will make a written summary of the evidence heard at the meeting, take any action found to be appropriate, and give notice of the action taken to the student/parent.
5. The student/parent has no right to appeal an expulsion decision to the school board as the school board has voted not to hear student expulsion appeals.

▼ Drug Testing Program

Crown Point Community School Corporation is committed to providing a safe and orderly learning environment. A concerted effort has been taken to secure the facilities and manage the behavior of the student population. In an effort to address this growing concern, a program of deterrence will be instituted as a proactive approach to the maintenance of a drug-free school. Because substance abuse poses such an immediate threat to the safety of student drivers, students involved in extracurricular activities, and students involved in athletics, a program of deterrence will be instituted as a proactive approach to maintaining a drug-free school environment.

You will be asked to accept/decline the program outlined below before completing the registration process. This program applies to extra-curricular activities (performance / competition based), athletics, and student drivers. It is mandatory that each student / parent in grades 9-12, prior to being issued a parking permit or participating in extra-curricular activities or athletics, agree to enter the random drug testing pool. In doing so, the student is consenting to participate in the drug-testing program at Crown Point High School through the completion of the Student's enrollment at CPHS.

▼ Scope

This policy applies to all Crown Point Community Corporation students in grades 9-12 who are issued student parking permits and/or who participate in school sponsored extracurricular activities and/or athletics. These programs are privileges afforded our students.

▼ Consent

It is mandatory that the parent/guardian of each student in grades 9-12 sign the online consent prior to the student being issued a parking permit or allowed to participate in extracurricular activities or athletics. Failure to comply will result in non-participation.

For first-year CPHS students and students who have not been in the testing pool, parents will be asked to consent or decline to random drug testing as part of the registration process. Students who were enrolled in the CPHS Random Drug Testing (RDT) program will remain in the testing pool for the remainder of their high school careers (graduation) unless a request is made to have them removed. Once that consent/decline is given, it cannot be changed unless contact is made with Assistant Principal Zac Wells.

The parent/guardian is consenting for the student to participate in the drug-testing program at Crown Point Community School Corporation for the remainder of their high school career. If a parent/guardian has not submitted a consent form at the beginning of a school year they may submit the online form prior to the student electing to complete or perform athletics or an extracurricular activity. Students who apply for a parking permit after the school year has begun must have their parent/guardian complete the online form prior to being issued a parking permit.

Parents who wish to remove their student from the pool must contact Assistant Principal Zac Wells. **Removal from the testing pool will exclude that student from driving to school as well as participating in extra-curricular activities and athletics for one calendar year.**

▼ Banned Substances

For the purpose of this policy, the following substances or their metabolites that can be tested for are considered illicit or banned for Crown Point Community School Corporation students:

- Alcohol

**Students committing violations "out of season" will be subject to progressive discipline outlined in the extracurricular/athletics Code of Conduct.

**Students involved in multiple activities (in-season at the time of a positive test) will serve suspensions for each activity.

▼ Testing Procedure

The selection of the participants to be tested will be done randomly by the principal or principal designee or the testing company, and the selections will be made from time to time during the school year. Names will be drawn from one large pool of those agreeing to be tested.

The testing company is responsible for seeing that proper drug testing custody and control forms are used. A student number will be used for identification with the student's name only appearing on the copies that go to the donor, Medical Review Officer (MRO), and principal/principal's designee.

Testing may occur on a different day, Monday through Friday. This variable schedule will keep students conscious of the possibility of being tested at any time during the year. The testing year begins with the date of the first activity for the upcoming school year and continues for 365 days thereafter.

No student will be given advance notice or early warning of the testing. In addition, the chain of custody procedure will be observed to eliminate invalid tests or outside influences. Upon being selected for a urinalysis test under this policy, a student will be required to provide a sample of fresh urine according to the quality control standards and policy of the laboratory conducting the urinalysis.

Students will not be allowed to take backpacks or purses into the testing area. Students will remain in the area designated for testing until they have produced an adequate urine specimen. If unable to produce a specimen, the student will be given up to 24 ounces of fluid. If still unable to produce a specimen within two hours, the student will be considered to have committed a 1st violation. In addition, the parent/guardian will be telephoned and informed that the student is unable to produce a sample for the testing procedure and that he/she may be tested at a later date to be reinstated for eligibility.

All specimens registering below 90.5 degrees or above 99.8 degrees Fahrenheit will be invalid.

▼ Chain of Custody

Chain of custody is the responsibility of the drug testing vendor. The school administration is solely responsible for providing the vendor with a randomly drawn number.

▼ Test Results

This program seeks to provide needed help for students who have a certified positive test. A medical professional, contracted by the drug testing company, will be notified of a student testing positive. The medical professional will notify the student and his/her parent/guardian about the test results. The principal or principal designee will request a follow up test after such an interval of time that the substance previously found would normally have been eliminated from the body. The Crown Point Community School Corporation reserves the right to continue testing at any time during the remaining school year any participating student who tested positive and did not make satisfactory explanation with the corporation drug testing agency. The Crown Point Community School Corporation reserves the right to conduct follow-up testing, at any time, during the school year of any participating student that was in violation of the CPHS handbook for possession or use of illegal substances.

▼ Confidentiality

Information on a certified positive test result will be shared on need to know basis with the principal, athletic director, coach or sponsor of the student. The results of negative tests will be kept confidential to protect the identity of all students being tested. MRO reports will be returned to the principal or principal designee and be kept separate from the regular file of the student. The results of the test or the disposition of the student involved in testing shall only be disclosed as otherwise pursuant to the School Corporation FERPA policy. The testing laboratory may not release any statistics on the rate of positive drug tests to any person, organization, or media without the written consent of the Crown Point Community School Corporation. However, the lab will provide the building Principal with an annual report indicating the number of tests performed, rate of positive and negative tests, and what substances were found in the positive urine specimens.

▼ Financial Responsibility

Financial terms will be outlined once a vendor is secured through a CPCSC RFP. Under this policy, the Crown Point Community School Corporation will pay for all initial random drug testing and all initial "follow up" drug testing. A request on appeal for another test of a "positive" urine specimen is the financial responsibility of the parent/student, including a "follow up" test that falls outside of the normal testing cycle in an attempt to reduce the amount of time a student would be unable to drive, compete or perform. Counseling and subsequent treatment by non-school agencies is the financial responsibility of the parent/student.

Student Services

Secondary school counselors are integral to the total education program, working closely with parents and teachers in a proactive manner that engages all stakeholders in the delivery of programs and services to help students achieve success in school. As professionals, counselors align and work with the school's mission to support the academic achievement of all students as they prepare for the ever-changing world of the 21st century.

▼ Core Sequencing

Students are assigned classes in the five academic core areas (English, World Language, Math, Science, and Social Studies) based on their ability level until completion of their Diploma track. It is the belief of Crown Point High School that all students should be challenged academically while in attendance at CPHS to help promote lifelong learning as well as provide the needed curriculum and instruction to best prepare all students for future successes. Students can receive further information from their counselor.

▼ Directory Information

Except as provided below, the school corporation may release without parental consent certain "student information" including the student's name, address, telephone number, photograph, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, dates of graduation, awards received, listing on an honor roll, receipt of scholarship, and similar information as set for in Board Policy 8330, as amended from time to time, to newspapers, magazines, radio and television, colleges, civic organizations or similar groups, or publish such information in its own publications, programs, or yearbooks. Student information may be displayed on the school website, video production, or by any other means.

Such disclosures will be made unless, in response to the School Corporation's annual notification, the parent in a timely manner notifies the school corporation in writing that he/she does not want directory information disclosed without his/her expressed prior written consent. The parental notification must be received each year that the parent does not want the directory information disclosed.

In addition, in accordance with Federal and State law, student names, addresses, and telephone listings will be released to recruiting officers for the United States Armed Forces, or an institution of higher education upon request unless, in the case of requests by a branch of the Armed Forces, the parent or student has notified the School Corporation in writing prior to the end of the student's sophomore year that the student or the parent does not want the student's name released.

▼ Coursework Policy

CPHS Policies to Assess Learning are designed to promote learning in a personalized environment. Students are encouraged to take ownership of their learning and will be asked to demonstrate proficiency of essential skills in each individual course.

Learning in the personalized environment is informed when accomplished independently...

- By assessments administered to students when instruction and learning pauses
 - examples include a test, quiz, writing task, projects, or interview;
- While learning occurs during instruction when the teacher intentionally
 - observes a student performing or demonstrating skill or knowledge
 - listens to or reads a student explanation of a skill, a process, or thinking
 - interacts with a student while in whole group, small group, or one-to-one settings;
- By performance tasks when a student is using knowledge, skills, and processes in application, synthesis, evaluation or creation when instruction pauses or is occurring; and/or
 - when the student determines a means of explaining, demonstrating, or proving their learning
 - to inform individual learning in a cooperative work product, the teacher creates a means for each student in the group to explain, demonstrate, or prove learning.
- Student work designed for practice, preparation or review, done independently, and demonstrating proficiency, the score can be counted.
 - When there is evidence the student is not demonstrating proficiency on an assignment designed for practice, preparation, or review it is discouraged to count the score.

▼ Absent Work

When missing school, students should check for assignments/information in BUZZ and/or request assignments from teachers. All class work should be completed within the number of school days equal to the class period absences. Extended illnesses will be handled on an individual basis. Some classroom assignments and activities such as group discussions and labs may not be replicated and a natural loss of learning will occur due to absence(s).

Students/parents may contact teacher(s) via email at www.cps.k12.in.us (<https://www.cps.k12.in.us/>), by selecting "Crown Point High School" and choosing the tab "Our School." Under the school tab, select "Faculty & Staff Directory." When requesting homework, please give teachers a 24- hour notice to gather assignments. Assignments that cannot be emailed will be dropped off in the Guidance Office by the teacher and should be picked up in the Guidance Office. It is the responsibility of the person picking up homework to also pick up any books or materials needed from the locker. Please do not give locker combinations to other students.

▼ Early Graduation

Students wishing to graduate in January of their senior year or June of their junior year must have COMPLETED all classes for their diploma requirements per grade cohort and must have met a Graduation Pathway. The Early Graduation Application must be submitted by the 5th day of the school year to the assigned guidance counselor for the student. Students are required to meet with their guidance counselor in the spring of their junior year to ensure all coursework/credits have been satisfied.

▼ Parent/Student Rights In Identification, Evaluation And Special Education Placement

In compliance with the procedural requirements of Section 504 of the Rehabilitation Act of 1973 and Public Law 94-142, the school is compelled to keep parents/guardians fully informed of the law and the rights afforded under this provision. Complete information regarding these provisions as well as procedures outlining identification, evaluation, and placement can be obtained from CPHS administration and/or guidance.

▼ Scheduling Process - Add/Drop a Course

Designing your schedule is a serious decision. The high school budget is prepared, staff is hired and the master schedule is developed based on the student's course requests. Crown Point High School students are encouraged to invest quality time in planning their schedules.

Such planning should consist of consultations with parents, school personnel, college personnel, and anyone who might provide insight to help students make wise decisions. The Crown Point High School philosophy is to prepare students for their futures by teaching them to make good decisions and accept the consequences for not doing so.

- After May 1st changes in a student's schedule will be made for either semester for the following reasons only:
 - Errors made by the school in developing the schedule.
 - The school's need to balance class sizes.
 - Medical reasons with documentation.
 - To correct inappropriate placement – a student has failed a class and needs to repeat the course or when a student is placed at an inappropriate level.
 - To increase the academic content of the schedule – changes may be considered to change to a more academically challenging course – subject to availability.
 - Scheduling conflicts – lack of enrollment to offer a course or too large of a course enrollment.
- Crown Point High School DOES NOT accept requests for teacher changes.
- Withdrawing from a class after the 9th week of the semester may result in a W/F.
- For complete details regarding scheduling please visit the "Guidance" page on the CPHS website.

OCCASIONALLY, INDIVIDUAL SITUATIONS ARISE THAT WILL BE REVIEWED BY THE SCHOOL COUNSELOR TO DETERMINE WHETHER OR NOT A SCHEDULE CHANGE IS NEEDED. THESE SITUATIONS WILL BE CONSIDERED BY THE STUDENT'S TEACHER, PARENTS OR GUARDIANS AND COUNSELORS AND A RECOMMENDATION WILL BE MADE TO THE STUDENT'S ASSISTANT PRINCIPAL WHO WILL MAKE THE FINAL DECISION. FORMS ARE AVAILABLE ONLINE.

▼ Student Records

The Family Educational Rights and Privacy Act (FERPA) afford parents and students over eighteen (18) years of age ("eligible students") certain rights with respect to the student's education records. These rights are:

- (1) The right to inspect and review the student's education records within 45 days of the day the school receives a request for access.
- (2) The right to request the amendment of the student's education records that the parent or eligible student believes is inaccurate.

Parents or eligible students may ask the School to amend a record that they believe is inaccurate. They should write the school principal (or appropriate school official), clearly identifying the part of the record they want changed, and specify why it is inaccurate. If the School decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

- (3) The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the school as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the school has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the school discloses education records without consent to officials of another school district in which a student seeks or intends to enroll.

- (4) The right to file a complaint with the U.S. Department of Education concerning alleged failure by the School District to comply with the requirements of FERPA. The name and address of the office that administers FERPA are: Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue, SW, Washington, DC 20202-4605

Academics

▼ College Applications, Transcripts - Naviance

Crown Point High School has partnered with Naviance to provide a safe, paperless way to send transcripts directly to colleges and universities you choose. Students should log into their Naviance account via their RDS student account to make transcript requests. The transcript administrator in the office will upload your transcripts after they have been checked and approved to those colleges which you have indicated. Transcript requests for scholarship purposes should be made in person in the Guidance Office or via e-mail to the secretary. Letter of recommendation requests should be made in person directly to the teacher/faculty member from whom you are requesting a letter. If you are a current student who needs a transcript for other purposes, you may contact the office directly to place your request. Step-by-step instructions for utilizing Naviance to request transcripts are on the CPHS website.

Students can verify when their transcripts have been sent online by logging into their individual Naviance accounts and looking at the "office status" column. **Students must allow 10 school days for processing transcripts and counselor recommendations. Students must request teacher recommendations directly from their teacher, which their teacher will then upload to Naviance. Requests for transcripts to be sent to colleges having a November 1 deadline must be placed in Naviance at least ten (10) days before Fall Break and for those with a January deadline, at least ten (10) days before winter break.**

▼ Fully-Online Courses

This section is designed as an addendum to the Student Handbook. Policies and procedures presented in this section apply to students engaged in fully-online courses through the CPHS 2.0 program. Policies presented in this section are in addition to those offered in previous sections.

▼ 1. Crown Point High School 2.0 – Next Generation Learning

Fully-online courses at CPHS are part of the larger corporation-wide effort to offer increased personalization, flexibility and challenges to students. The CP 2.0 guiding principles

- Prepare all students for college, careers, and life-long learning in ways that support the Crown Point Community School Corporation Mission.
- Respond to the needs of all students through personalized learning opportunities
- Expand course offerings to include more options for students.
- Use technology to enhance critical thinking, problem solving, communication, collaboration, creativity and innovation.
- Promote students' responsibility for their own learning (choices).
- Address student challenges, including skill deficiencies, retention, enrichment, and opportunities for accelerated students.
- Generate data that serves all stakeholder groups – teachers, students, parents, administrators and community.
- Creates flexible scheduling by allowing online course requirements to be taken outside of the school day to enable students to fill their schedules with other necessary/desired course(s).

▼ 2. Description of CPHS 2.0 Fully-online Courses

IMPORTANT NOTE: CPHS 2.0 fully-online courses are designed as cohort-based learning experiences where the depth of content, rigor, and assessments match traditional CPHS classrooms. These courses offer students increased control over their learning, but are NOT offered as self-paced courses. Weekly engagement, assignment, and assessment deadlines apply, just as they do in a traditional classroom.

- CPHS 2.0 fully-online courses are web-based and accessible from anywhere there is Internet access.
- All course content is provided online through a learning management system (Buzz). All students will access this system by going to this link, <https://cps-cphs.agilixbuzz.com/> (<https://cps-cphs.agilixbuzz.com/>), in their school Chrome account and clicking login to sign on via Google. The majority of instruction and assignments will be submitted electronically.
- Final exams and other key assessments may occur in a proctored environment at CPHS.
- Each course has a CPHS highly qualified teacher that works directly with students and evaluates course assignments and assessments.
- Teachers are available to respond to student questions through email, discussion boards, phone calls, and occasional web conferencing. Students should expect a response from the teacher within 24 hours on weekdays.
- Students do not meet on a regular basis with their teacher, but they can request assistance during Zero Period, Resource Period, or other scheduled meetings.
- To engage in a fully-online course, students need to have a school-provided computer with Internet access.
- Students and parents must agree with the conditions of the participation agreement. This form does not need to be returned to the school.

▼ 3. Is Online Learning Right for Me?

Online learning is an additional opportunity for students to pursue their education. However, even if a student is comfortable with texting, chat rooms, social networking, and building relationships online, using Internet tools for rigorous academic work comes with new challenges for many students.

Students should examine the following statements when determining if a fully-online course is appropriate for their style of learning. Students with these skills and characteristics have a better chance for success in a fully-online course.

- I will share my thoughts and experiences in an online environment as part of the learning process.
- I express my ideas effectively through formal and informal writing.
- I routinely engage in critical thinking, including synthesizing and analyzing ideas.
- I am self-disciplined and well-motivated to complete the online course.
- I will seek help when needed with academic and technology issues.
- I will commit 4-8 hours per week on the course. (Summer school hours amounts differ due to the compressed nature of summer school – each day = 1 week).
- I think through issues carefully before responding to questions or discussion points.
- I believe that high quality learning can take place without going to a traditional classroom.
- I understand that online education may be a more convenient way to pursue learning, but it is not without challenges.

- I have consistent access to a computer and reliable Internet.

▼ 4. Parent/Guardian Responsibilities

Students that enroll in a CPHS 2.0 fully-online course are required to have an identified parent or guardian to help ensure success in the course. Parents/Guardians will be asked to fulfill the following roles:

- Monitor progress throughout the course to ensure the student is fully engaged and effectively participating in the course. Support is particularly important early in the semester to ensure a successful start.
- Provide support and encouragement to the student and report any problems to the online teacher or CPHS administrator. Early identification of any problems is a key to success.
- Parents/Guardians uncomfortable with the level of technological sophistication required may also designate a course mentor for their child to help with the above tasks. Individuals fulfilling this role must be at least 18 years of age.

▼ 5. Fully online courses available

The following courses will be available for enrollment:

- Online American Government (also available in summer school)
- Online Economics (also available in summer school)
- Online English 12
- Online Health (also available in summer school)
- Online US History

▼ 6. Guidance, Enrollment and Scheduling

Guidance service and scheduling processes for CPHS 2.0 fully-online courses will follow the same procedures that are outlined in previous sections.

- CPHS 2.0 courses will operate on the same semester schedule as traditional CPHS courses. These courses are NOT designed as self-paced courses, and students will begin and end courses on the standard semester schedule.
- Students may not enroll in a CPHS 2.0 course after the tenth day of the semester.
- CPHS school counselors will approve student participation in fully-online courses.
- Students may drop an online course per school policy.
- Students should only be enrolled in one fully-online course at a time; they can only enroll in two fully-online courses simultaneously with special permission from CPHS administration.
- If a student fails a fully-online course, they will need special permission from a CPHS counselor or administrator to enroll in another fully-online course.

▼ 7. Attendance Policy

The attendance policy for CPHS 2.0 fully-online courses will follow the same procedures that are outlined in earlier sections with the following exceptions:

- CPHS 2.0 fully-online courses are NOT self-paced. Students are expected to meet weekly deadlines within the course.
- Students are expected to login consistently throughout each week of the course.
- Students who do not submit work in a course for two consecutive weeks will be referred to their guidance counselor by the teacher. These students may then be withdrawn from the course.
- Students with special circumstances that prevent them from submitting work should contact their teacher as soon as possible.

Students who have an online class appearing on their schedule as a 1st period class are able to stay home during that period and arrive at CPHS on time for their next scheduled class. They will need to sign in with the main office staff.

Students who have an online class appearing on their schedule as a 7th period class are able to leave CPHS after their last regularly scheduled class for the day (5th or 6th period). They will need to sign out with the main office staff.

Students who chose to be present at CPHS during their online class periods must report to the Learning Commons (previously known as the Media Center) at the beginning of those periods and sign in. Those students will need to be working on coursework during that time. Official attendance will not be taken at CPHS, but the main entrance logs and Learning Commons logs will serve as verification of when a student was in the building. Students who abuse these privileges will be subject to disciplinary action.

▼ 8. Computer Specifications

Students in all grades are required to use a school-owned Chromebook. Students and parents will be given a copy of the Acceptable Use Policy and Agreement Form to sign.

▼ 9. Who to Contact with Problems

<u>Problem or Question</u>	<u>Who will help</u>
Hardware or Technical	Students experiencing difficulties with their Chromebook should bring their device to the Learning Commons. During Summer, students should reach out to their instructor for assistance.
Chromebook Updates	tudents should completely power down their Chromebooks at least once a week. This will allow it to update when restored. Please email CPHSTech@cps.k12.in.us (mailto:CPHSTech@cps.k12.in.us) for assistance.
Charging Chromebook	It is the responsibility of the student to bring the device to school fully charged. If time and electrical resources are available, teachers may allow students to charge their devices in the classroom when they are not being used.
Access to the Online Course	Students should log into BUZZ using their school Google accounts via the link in their CPHS bookmarks folder in Chrome. They will see the online course in their BUZZ tiles.
PowerSchool Parent Access Accounts and Buzz Parent Observer Accounts	Parents are able to view "read only" versions of their child's online course by logging into the web version of PowerSchool and clicking on the BUZZ link (note that this link is not visible in the phone app.) Parents who have issues with their BUZZ parent observer account should email cphsparenthelp@cps.k12.in.us (mailto:cp2_0parenthelp@cps.k12.in.us) for assistance. Replies will be sent during regular school hours.
Course Issues	Student assistance for course navigation, links that don't work, email, downloading and uploading assignments, discussion boards, etc. will be provided by the teacher of the course. If the problem is with the Buzz Learning Management System, the teacher will submit a tech ticket.

<u>Problem or Question</u>	<u>Who will help</u>
Academic Help	<p>Once enrolled in a course, students and/or parents should contact their respective teacher with all academic questions such as:</p> <ul style="list-style-type: none"> • Accommodations for testing (e.g. students with 504's, ILP's, or IEP's) • Questions about assignments/content/directions • Tutoring options <p>The teachers will forward questions to additional personnel as needed. Teacher contact information will be included in each course.</p>

▼ 10. Participation Agreement

Only through continuous communication and effective time management can students be successful in a fully-online course. The purpose of this documentation and agreement is to increase student and parent/guardian understanding of the participation requirements for a CPHS 2.0 fully-online course so both can better prepare to maintain a regular schedule of participation and assignment completion.

Student – Within each course, the teacher outlines the weekly minimum work requirements. It is essential that you submit work on time and that you and your teacher maintain regular contact with each other. You should be prepared to take proctored examinations at CPHS during the semester.

Parent/Guardian – Students in fully-online courses need consistent organization and encouragement to succeed. You pledge to monitor and support your student to ensure that they engage in the course on a regular basis and complete weekly assignments in a timely manner.

Please note that this form no longer needs to be returned to the school. Remaining enrolled in an online course indicated that you and your parent/guardian are accepting all of the commitments outlined in this document. Otherwise, please work with your guidance counselor to drop this course.

▼ Commencement (Graduation) Participation

Participation in commencement exercises is a privilege that seniors earn by completing necessary academic requirements. Students who have earned a minimum of 40 credits and are in good standing may participate in commencement ceremonies. Students with unusual circumstances and/or less than the required number of credits must seek permission from the Principal. Students may only participate in one commencement ceremony during their high school career.

▼ Dual Credit

- Dual credit classes in Business, English, Industrial Technology, Family and Consumer Science, Science, Math, Social Studies, and World Languages are offered as an option for CPHS students to take courses that satisfy requirements for earning both a high school diploma and college credits.
- Students who earn dual credits in these courses will have a separate Indiana University, Purdue University, University of Southern Indiana, Vincennes and/or Ivy Tech Community College transcript showing the course name, grade earned and credit hours established.
- If enrolling in another college or university, students may present their college transcript for evaluation and possible transfer credit.
- **It is the responsibility of the student and his/her family to check with the college or university to be sure dual credits will be accepted. It is important to remember that a student enrolled in dual credit opportunities is building both a high school and a collegiate transcript. Earning exceptional grades is very important as future college enrollment and financial aid dollars are impacted by GPA.**

▼ Enrollment In Secondary Courses Off-Site/Online Classes

Students who are attending Crown Point High School and wish to expand their education by taking additional secondary classes must adhere to the following:

1. Discuss and review classes with counselor.
2. Secure approval *from Associate Principal prior to registering for courses.*
3. School must be accredited by the State of Indiana and/or NCA.
4. Upon completion of the course a transcript is to be sent to Crown Point High School. *All Grades received will be counted in student's G.P.A.*

▼ Graduation Information

Credit may be earned beyond the minimum of credits required for graduation. The State of Indiana defines a credit as time spent with a certified teacher. Students wishing to graduate early must meet the diploma requirements per grade cohort and report their intentions to their counselor for approval by the 5th day of the school year of their senior year. When a student fails a required course, the failed class should be repeated as soon as possible. College entrance requirements and the requirements for NCAA/NAIA academic eligibility often exceed the minimum requirements established for graduation. Therefore, each student is responsible for learning as early as possible the requirements for admission and/or athletic academic eligibility necessary to achieve post-secondary goals. Preplanning is critical as admission to these programs varies at each institution and is often based on academic performance, college entrance examination scores, and the rigor of coursework pursued in high school.

▼ Grade Replacement

Grade replacement allows a student to retake a course to demonstrate improved proficiency in the subject. When a course is retaken, the new grade appears on the transcript with the corresponding semester and year. The original course grade will remain, with its GPA points being removed from the calculation - there is no negative impact. The original course title remains on the transcript to reflect that the student initially completed the class during that school year. Retaking a course signifies the student has gained a deeper understanding of the material and is prepared to advance. Grade replacement is only permitted for courses with identical titles.

▼ Honor Roll

The Honor Roll has two classifications:

- (1) High Honors ...GPA 4.0 and higher
- (2) Honors ...GPA 3.0 to 3.99

▼ Incomplete Grades

Students who have had an extended illness may receive an incomplete for a grading period or semester. Incomplete grades are given for other reasons such as projects not finished or reports not turned in. All work must be completed within ten (10) school days following the end of the grading period or semester. Incomplete grades not converted to passing grades within the allotted time will automatically be changed to an F.

▼ National Honor Society

National Honor Society evaluates on four (4) criteria: scholarship, leadership, service and character. Sophomore and Junior students with a 3.60 GPA or higher are sent a letter home explaining eligibility. Students will be given an activity form to fill out highlighting their activities and leadership positions. Faculty and staff are sent out forms in which they evaluate eligible members on their character.

The student and faculty forms are both collected and given to the Faculty Council. This council consists of five (5) volunteer faculty members approved by the principal. The Faculty Council then uses the forms to evaluate each eligible member on their scholarship, leadership, service and character. A majority vote among them determines acceptance or rejection. Sophomores not accepted into NHS are eligible to go through the process again as Juniors, provided their GPA is still 3.60 or higher.

Upon acceptance into NHS students are expected to maintain their GPA, attend monthly meetings, and be involved with the service projects. Failure to do this will result in participation consequences and could ultimately lead to the student's removal from NHS. Students interested in becoming members of NHS should seek community service opportunities outside of school and leadership roles within their extracurricular activities.

All students must have a minimum of five community service hours per semester enrolled at CPHS. The selection process is subject to change at any time. If this occurs, students will be notified at an informational meeting.

▼ Postsecondary & Dual Enrollment

Crown Point High School will permit students to enroll in college courses, not offered at CPHS, that grant credit toward both high school and/or college attendance. ▼ Policy Statement

It should be recognized by both the student and the Crown Point Community School Corporation that the enjoyment of and the participation in high school athletics and student groups is a privilege, which carries with it varying degrees of responsibility, recognition, and reward. Participating students represent their school and other members of the student body, so it is their duty to conduct themselves in a matter that is positive for themselves, their families, their school, and their community.

Penalty Level 4: The athlete/group member will be denied the privilege of participating in sports/student groups at CPHS for the remainder of their high school career.

▼ **Enforcement Procedures and Clarification**

A. The athlete/group member and his/her parents and/or his/her coach/sponsor will be informed of the violation and the penalty by the Athletic Director/Administrator at an informal hearing to be held in the Athletic Office/Assistant Principal's Office.

B. The athlete/group member must complete the season with the athletic team/student group under which he/she is serving suspension. If the athlete/group member quits the team before the season is completed, the entire suspension will be served on the next team on which he/she plays/participates.

C. At the head coach's/sponsor's discretion, the athlete/group member may be allowed to practice with the team and accompany the team to contests during a Level 2 suspension.

D. Although practice during the suspension period is up to the individual coach, an athlete/group member may begin practice up to 10 days before the end of a Level 3 suspension, in order to get the ten (10) days of practice in to be able to participate when the Level 3 suspension has been completed.

E. Any "jamboree" or "controlled scrimmage" will constitute an athletic contest.

F. In regular season tournaments, the minimum number of contests will be counted in the suspension. Example: in a double elimination tournament, the participating team, regardless of the number of actual contests played, will count the tournament as two (2) contests for the purpose of suspension. 43

G. If a suspension period includes a fraction of a contest, all fractions greater than or equal to .5 will be rounded up. Example: 5.75 = 6 games, 8.33 = 8 games.

H. All suspension periods will be calculated based on the length of the varsity schedule of that sport/student group calendar dates. Example: a freshman basketball player with a 16 game schedule would serve a Level 2 suspension of 5 games based on the varsity's 20 game schedule.

I. If an athlete has not completed his/her suspension before IHSAA tournament competition begins, then she/she will not be eligible for any part of the tournament. For suspension purposes, the entire IHSAA tournament will count as one regular season contest.

J. Cause of suspensions will be established by charges of law enforcement officials or agencies, by investigations by members of the CPHS administration, faculty, paid or volunteer members of the athletic staff, or by the admission of the athlete.

▼ Parental Assistance

Any parent seeking help or assistance involving his/her child's use of drugs, alcohol or tobacco, prior to a report or investigation by the school or any involvement with law enforcement, should contact school administration. As a result, the athlete/group member will receive a lesser consequence than what is outlined above. This consequence may include an athletic/participation suspension, or drug/alcohol counseling. The Athletic Director and Principal will determine the severity of the consequence.

▼ Self-reporting

Athletes/group members are encouraged to seek help and to self-report. An athlete/group member can eliminate the penalty for a first offense under Category B (alcohol and Drugs) if 1) he/she reports the conduct to the Athletic Director, Head Coach or school counselor prior to the school's investigation of the conduct and 2) the student will be referred to their school counselor to determine if counseling services are needed. The school counselor will make recommendations on services available in the community. By self-reporting this will still count as a Level 2 Penalty and, if there is a repeat offense, the athlete/group member will receive a Level 3 Penalty which is suspension from athletics/school group for one (1) calendar year. Agencies and counseling resources are attainable from the high school counselors. Any counseling services will be at the expense of the parent or guardian.

▼ Counseling

An athlete/group member who did not self-report and who is found to have violated the Code under Category B for the first time will be offered the opportunity to reduce his/her penalty by 50% by the successful completion of a substance abuse program. Agencies and counseling resources are attainable from our school counselors. Any counseling or services will be at the expense of the parent or guardian. Reduction of penalty through counseling can only be implemented on a first offense.
