

**MARIN COUNTY
EFFICIENCY AND EFFECTIVENESS (E2)
COLLABORATIVE**

Notes from March 11, 2026 meeting via Zoom
7:30 am - 8:30 am

SELPA/Special Education Updates

- E2 members were provided with an overview of Special Education Local Plan Area (SELPA) and their continued use of demonstration sites within Marin County. These sites provide districts with a model for the implementation of evidence-based instruction, services, and systems to directly observe, learn from, and replicate within their districts. Additionally, the SELPA continues to offer inclusion academies that are designed to strengthen inclusive practices and support meaningful inclusion throughout Marin. All presentation materials and resources were made available on the Slack E2 page in the “E2 Meetings” channel.

E-Bikes Safety Updates

- E2 members were provided with an update on E-Bike Safety throughout Marin County. The Marin Electric Bicycle Safety Pilot Program went into effect in July 2025 and runs until January 1, 2029. Under the program, you must be 16 years or older to operate a Class 2 (throttle assist) e-bike and all school age e-bike riders must wear a helmet. The County of Marin has created an information hub (E-Bikers Club) to support the sharing of resources and information related to e-bike safety. All schools in Marin have e-bike parking policies consistent with the program's rules.

NEXT MEETING:
