

Dear Redlands USD Families,

In compliance with the Department of Justice (DOJ) and the Office for Civil Rights (OCR) directives, Redlands Unified School District has developed student lessons to educate students on the importance of understanding and preventing sex-based harassment. These lessons aim to foster a safe and equitable learning environment by increasing awareness, promoting respectful interactions, and ensuring that all students feel comfortable at school and can succeed.

The lessons will be administered to students in grades TK to 12th grades in their classrooms during the week of **September 8-19, 2025**. Counselors will be present during the video lesson delivery and available for student support as needed following the delivery of the lessons.

A survey will be administered to students in grades 3-12 following the video lessons. Students in grades TK-2 will not participate in the survey.

To opt your child out of the video lesson and/or the survey, please fill out the Aeries Authorization forms titled the following:

- Title IX Educational Videos for Grades TK-12-Fall 2025
- Title IX School Climate Survey for Grades 3-12-Fall 2025

Changes must be made in Parent Portal by Monday, September 1, 2025 at 11:59PM. See attachment for instructions to log into your account.

*****Please note: If you do not choose to OPT OUT your student, they will automatically participate in the video lessons on the date chosen by the school site. If you choose to opt your child out of taking the survey, please inform him/her of your decision.*****

Parents/guardians may review the videos and surveys in by visiting: [RUSD Title IX Educational Videos & Surveys](#)

If you have any questions or need further information regarding the Title IX Educational Videos for Grades TK-12-Spring 2025, please feel free to contact:

Dr. Rudy Wilson, Assistant Superintendent of Compliance
