Aeries Data Confirmation Parent Guide

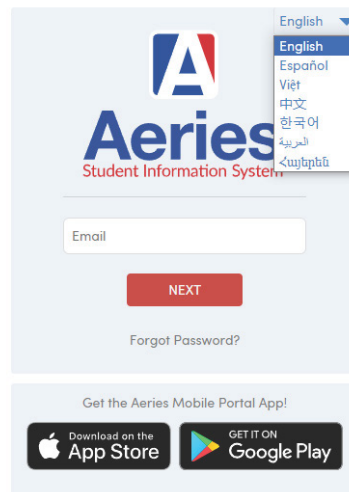

Student Data Confirmation is the process that Parents of enrolled Students use to update important Student Data at the beginning of each School Year

You must have already [established an Aeries parent portal account](#) in order to complete Data Confirmation. To verify this, check with your student's school to make sure they have your most recent email address listed in Aeries.

Click on or copy and paste the following URL into your browser or open your Aeries Parent Portal App (must have an active account) to login to your parent portal account:

<https://redlands.asp.aeries.net/student/LoginParent.aspx>

Redlands Unified School District

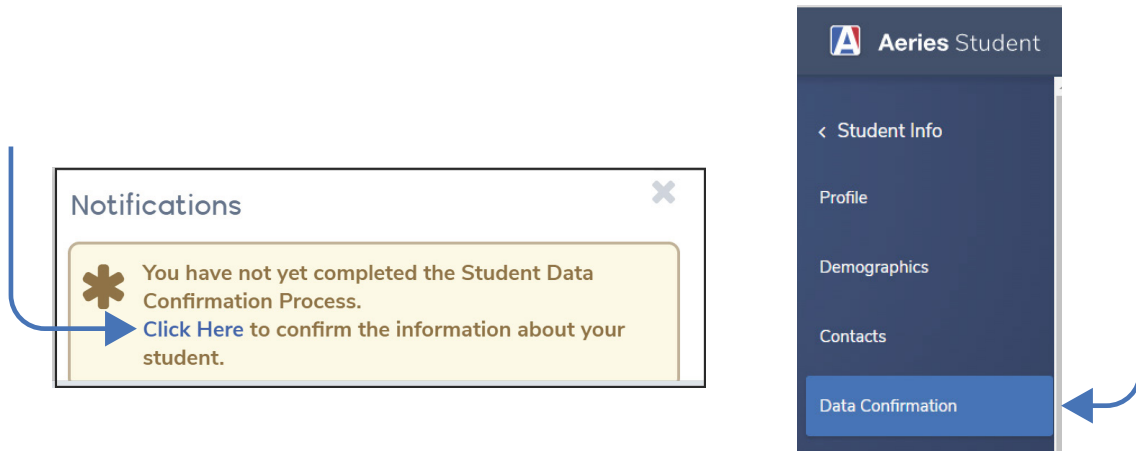

You can change the language displayed in the portal here

- Enter the email address that you provided when you enrolled your student for school.
- Enter the password that was emailed to you during the initial setup of your Aeries Parent Portal account. If the password has changed since the original setup, enter the most recent password used.
- Once the email address and password have been entered correctly, click **SIGN IN** to log in to Aeries Parent Portal.
- If you forgot your password, click on **Forgot Password?** This will initiate the process to reset your password. You must have access to the email address that was used to initially set up the Aeries Parent Portal account in order to reset your password.

If you need help accessing your portal account or finalizing Data Confirmation, reach out to your student's school office.

Once you're logged into Aeries Parent Portal, you should see a yellow banner stating, **"You have not yet completed the Student Data Confirmation Process."** Click on the [Click Here](#) link to go directly into Data Confirmation. If there is no yellow banner at the top (as shown below), you can find **Data Confirmation** under the **Student Info** menu tab.

To complete Data Confirmation, you will need to carefully review and update all seven tabs. You must click the green **"Confirm and Continue"** button in order to save the information and proceed to the next tab.
