

SSPPS Elementary School Supply Lists SY26-27

As we gear up for the new academic year, let's embark on a journey to streamline the back-to-school process for our families. We're excited to introduce a common school supply list initiative that aims to provide consistency and ease for both teachers and parents across all grade levels and schools.

Here's your to-do list to kickstart this initiative:

1. **Create a Unified Supply List:** Work collaboratively with your fellow teachers to develop a common supply list for each grade level. Ensure that the list is comprehensive yet reasonable, covering the essential materials needed for a successful start to the school year. Consider prioritizing and creating one list for September, and another list to be shared later in the year. Also invite families to donate extra materials if they are able.
 2. **Equity for Families:** Regardless of which school their child attends, the required supplies will remain the same, fostering a sense of unity and simplicity.
 3. **Be Mindful of Cost Burdens:** Keep in mind that some families may have multiple children enrolled in our schools, and purchasing school supplies can pose a financial strain.
 4. **Embrace Inclusivity and Unity:** By adopting a common supply list, we're not only simplifying the back-to-school process but also fostering common commitments among students, families, and educators.
