Step into the role of a detective in this exciting hands-on mystery-solving experience! Students will transform their classroom into a crime investigation unit and become Lead Investigators tasked with solving a challenging cold case. Working collaboratively, participants will analyze witness statements, examine forensic evidence, review lab reports, investigate digital footprints, and conduct interrogations to uncover the truth. Along the way, they will encounter red herrings, conflicting testimonies, and complex motives that will test their critical thinking and problem-solving skills. This engaging camp helps students strengthen their reading comprehension, writing, communication, teamwork, and analytical reasoning while having fun unraveling a mystery from start to finish. Please Note: This camp is taught by district staff. No transportation is provided.
