**Upper Adams School District
Annual Technology Device Protection Plan**

Student Name: _____ **Grade:** _____

The Upper Adams School District (UASD) recognizes that with an educational instructional device, there is a need to protect the investment by both the District, the student, and the parent/guardian. The parent/guardian has the option to purchase a protection plan or to waive the protection plan when the device is issued to their student. As the parent/guardian, you will need to make your choice on the attached form, sign the form, attach payment (if coverage is chosen) and return the form to your student's school office. The protection plan covers the district-issued device only. The loss or damage to the cord, charger, or Logitech Crayon are the responsibility of the parent/guardian.

The device, which is the property of UASD, will remain in possession of the student throughout the designated school year. In the event of termination of enrollment for any reason, the device must be returned in the same condition that it was received. Failure to return the device may result in charging the parent/guardian full price for replacement.

Technology Device Protection Plan:

The Technology Device Protection plan is available for students and parents/guardians to cover the device's replacement in the event of damage, loss, or theft. The annual, non-refundable protection plan cost is as follows:

- Grades 4-6 \$20.00 per school year
- Grades 7-12 \$30.00 per school year

Waived Coverage:

If parents/guardians waive the Technology Device Protection Plan, they accept full responsibility for any loss, theft, or damage to the device and accessories while issued to their student. Applicable fees/payment must be made prior to repairs or replacement being completed to the originally issued device. The replacement cost must be provided before a loaner device is assigned to your student. If a loaner device is returned damaged, all applicable fees will be the responsibility of the parent/guardian.

Please see the reverse side for more information on the Protection Plan.

Upper Adams School District Technology Device Protection Plan - Program Information

What is the Device Protection Plan?

Upper Adams School District (UASD) offers a device protection program to families of UASD students. It provides peace of mind that their student's device may be covered for damages if they occur. This plan is the best way to protect your student's district-issued device from accidental damage repair charges. The plan is made available at the beginning of each school year.

What is Covered with a Device Protection Plan?

Your student's device will be fully covered for any accidental damage that occurs. The protection plan is strictly for **accidental damage**. Any direct, purposeful damage will not be covered and the parent/ guardian will be responsible for any repair or replacement costs associated with the incident. The protection plan covers the main device only. Accessories such as those listed below **are not covered** with plan protection and parents/guardians will be charged the following estimated costs:

- Logitech Rugged Combo Case - \$129.00
- 1m Cable - \$20.00
- 20w Charging Block - \$20.00
- Logitech Crayon - \$50.00

Plan Pricing:

Device protection plan pricing for district-issued Apple iPads for students in grades 4-6 is \$20.00 per school year. For students in grades 7-12, the cost is \$30 per school year. We believe this cost to be minor when compared with the estimated cost of repair or replacement that parents/guardians will incur without plan coverage:

- Cracked glass only service - \$199.00
- Charger port service - \$159.00

To purchase the protection plan, please complete the attached form and return it to your student's school with payment. Payment can be made by check (payable to UASD), cash, or by paying online at MySchoolBucks.

Returning the Device:

Students will be required to return the device and its charger at the end of each school year in the same condition as it was received. If applicable, an exception may be made for the return of the device. If a student withdraws from UASD, they must return the district-issued device prior to the last day of attendance. Failure to return a device may result in charging the parent/guardian full replacement cost.
