RE: Frozen and Refrigerated Food for Nutrition Services 26-07-3500

---

The purpose of this memo is to explain the evaluation scoring for the Frozen and Refrigerated Food for Nutrition Services 26-07-3500 bid. The vendor awarded has the highest scores per line based on the weighted criteria included in the solicitation. The weighted criteria were developed to maintain compliance with the United States Department of Agriculture regulations for federal programs.

Weighted criteria include purchase price, quality of the vendor's goods or services, extent to which the goods or services meet the needs of the District, and any other relevant factors specifically listed in the request for bid or proposal. The evaluating committee was comprised of our own internal procurement professionals and other relevant Nutrition Services staff.

The estimated expenditure for this bid is significantly higher compared to the estimated spend. A major factor contributing to this increase is the number and type of items that were moved to the Frozen and Refrigerated Food bid that were previously on the Fruit and Vegetable bid.

If you have any questions, please contact the Nutrition Services Department.

Sincerely,

A handwritten signature in black ink that reads "Suzy Hunter". The signature is written in a cursive, flowing style.
