

Educational Grant Application 2026-2027

Name _____ Date _____

Position _____ Building _____ Amount Requested \$ _____
(maximum \$500)

Description of Grant Proposal:

What does this project do to benefit classroom, building and/or district and how will you integrate/enrich the rest of the district and community with the results?

Please keep responses to this and one additional page. Pictures, brochures, or other supporting information is helpful. Grant requests should be limited to those projects that are not typically funded through normal classroom supply budgets, club or PTO requests. We encourage projects that take positive results out of the classroom to benefit other students and buildings, and engage our parents, friends and communities. Refer questions to kahenderson@tvschools.org. Please use the attached response form to report on your successes when the project is complete or by 1 year after the award was given.
